February 14, 2005

Mr. Dale Krajniak
City Manager
Grosse Pointe Park, MI 48230

Dear Mr. Krajniak,

On behalf of the members of the Department of Public Safety, I am pleased to present to you and the members of the Council the Annual Report for the year 2004. The report details the events, activities and responsibilities of the Department. I am extremely proud of the continued dedication and commitment displayed by all of the members of the Department in the last year.

Index crime, considered to be the most serious crimes, decreased in the year 2004 by 16%. Index offenses for the year 2004 totaled 346 as compared to 414 last year. This outstanding reduction was the result mainly of a reduction in motor vehicle theft and larceny from motor vehicles. These two crimes were targeted by both the Uniform Division and the Detective Bureau because of the increase in the previous year.

As I indicated to you in last years Report, the Department had just begun to participate in *Joint Operation Investigation Effort (JOIE)* which is a multi-jurisdictional task force comprised of officers from Detroit Police Fifth and Ninth Precincts, all of the Grosse Pointe Departments, Harper Woods, Macomb County Sheriff, Eastpointe and Roseville Police Departments. The officers targeted areas

that they had identified as drop-offs for stolen cars. Each night the officers would check hundreds of cars, sometimes as many as three hundred. This operation was conducted in early 2004 and again in August of 2004. As a result of the efforts of this task force, over 100 arrests were made and 96 stolen cars were recovered. This type of cooperative effort is quickly becoming recognized as one of the newest ways to address specific crimes. The Grosse Pointe Park Department served as the host agency and our dispatchers handled the tremendous amount of work on the radio. I received numerous compliments regarding the outstanding work done by the dispatchers.

Our total non-index crime, those considered not as serious as the index offenses, increased last year by 15%. This increase however is a positive one since this is the direct result of an aggressive and a continual presence of the Uniform Division on the street. Officers on patrol conduct investigations on subjects acting in a suspicious manner or stopped for traffic violations. In doing so, they also check to see if the person is wanted by other agencies. Last year this resulted in 268 arrests, an increase of 18% from the year 2003. It is not uncommon for a department to generate an increase in citizen complaints when officers increase their patrol activity such as this. We strive however to maintain a professional demeanor when we have contact with citizens.

This Department has a specific policy to address citizen complaints and last year we received only thirteen. The Office of the Deputy Chief is responsible for the investigation and resolution of these complaints. Of the thirteen we received, eleven were unfounded, one resulted in the supervisor counseling an officer and one was undetermined. Obviously when there is no independent witness to an incident it can be difficult to determine the truth. The main reason we are so successful in resolving them is the continual use of the in-car video systems by the officers on the road. The members of the Department are to be complimented for their professional demeanor and use of the system.

Other notable increases included arrests for OUIL, always considered a serious offense, which increased over 14% with a total of 72 arrests made. We did have an increase in the area of malicious destruction of property, increasing 21% last year. This was the result of a series of vandalism to parked automobiles. Over a period of two weekends, 45 cars had windows broken out by some form of projectile. Although no arrests were made, after an extensive investigation by the Detective Bureau and contacts with South High School, the incidents stopped as quickly as they started.

Home Invasions remained basically the same in 2004 as in 2003 with 26 reported cases. Our clearance rate for this crime however was exceptionally high with the Department clearing 52% due to arrests. This is an outstanding rate, over five times the State rate of 9%. This is a direct reflection of the dedication of the members of the Detective Bureau. Examples of that surfaced early in the year.

On January 2, 2004 a home on Bishop was entered and items were stolen. Detectives processed the scene as they regularly do. They obtained a partial latent print from the scene but it was not of sufficient quality to identify through the *Automatic Fingerprint Identification System* (AFIS). The Detectives monitored other agencies and shortly after this incident learned that the Troy Police Department arrested a subject for Home Invasion that we had arrested in 2000. Based on this information Detectives had the Michigan State Police Crime Lab analyze the partial latent print obtained and the suspect's prints. A positive match was made and he was arrested. The 24 year old Detroit resident confessed not only to this crime but to three other Grosse Pointe Park home invasions.

In 2004 we had eight armed robberies, the same number we have had for quite a few years. This year however, as a result of outstanding work by both the Uniform Division and the Detective Bureau, we cleared 61% of the cases. Again this is an outstanding percentage, far above the state average, and best described by two incidents that occurred in 2004.

On May 24, 2004 a party store on Charlevoix was robbed by two armed perpetrators. The subjects escaped and a witness described a possible vehicle involved. An officer on patrol noted that just prior to the incident she had observed a vehicle on Charlevoix similar to the one described. A review of her video system produced a picture of the vehicle which was later distributed to the road patrol. Ten days later the same officer observed a vehicle that she believed matched the described auto. Additional units were summoned and the occupants were arrested. As a result of the arrest and the subsequent follow-up, three adults and one juvenile were arrested and charged with the armed robbery. The attention to detail by the officers on patrol and the continual perseverance by investigating officers resulted in removing these dangerous felons from the street.

In another case, a resident arrived home on a Sunday afternoon and, as she walked into her house, she was suddenly confronted by an armed intruder who had followed her home. Other family members were also confronted and all complied with the requests of the perpetrator. After obtaining money and jewelry from the residents he escaped. There was not much physical evidence available at the scene when processed by Detectives. The description of the wanted subject was put out to other departments in the area. Later that night, Harper Woods notified us that they had a similar incident that matched our description. The following morning another incident in Harper Woods occurred, this time with the resident firing a shot at the perpetrator. Investigators realized that the subject was still active in the area and dangerous.

Two days later the Detroit Police Department arrested a subject in the early morning hours and that case was similar to the others. The Grosse Pointe Park Detective assigned to the case went to interview the suspect and, although he did not match the original description, he sensed that he may be involved. An extensive investigation was conducted which included numerous interviews with the reluctant suspect. The Detective was able to establish some rapport with this subject and

obtained permission to conduct a line-up. The subject, possibly realizing the seriousness of the matter, later refused to stand in the line-up. As a result a photo line-up was conducted. The victims immediately identified him as the person that had robbed them. Once identified, the other Departments intensified their investigations and he was found to be responsible for the other incidents. Ultimately he was charged in four different jurisdictions with a total of five counts of armed robbery, four counts of home invasion and one count of car jacking. This again demonstrates the commitment and dedication of the officers of this Department and the cooperative efforts with neighboring communities.

Our emergency medical services continue to be busy. Last year we responded to 509 calls for service compared to 482 the year before. We saw 513 patients on those runs. In the area of fire incidents we were relatively low for the year with 94 reported fire responses. Although the number was lower than usual, a fire reported on January 8, 2004 at 7:08 AM shows how devastating a fire can be. The Department received a call reporting a fire at 15008 Mack that would ultimately result in a major loss to the community. The caller reported a fire in an apartment over Grumpy's Bar and Grill. The first officers on the scene reported a working fire in one of the apartments and that it had vented in the rear. After determining all of the residents were out of the structure they fought the fire on the second floor. It became obvious that additional units were needed and a second and third alarm was ordered which brought officers and equipment from Grosse Pointe City and Farms. The Detroit Fire Department also had responded due to the fire being on the border of the two cities. Their aerial truck stayed and assisted.

The fire quickly found its way into the ceiling of the structure and traveled the length of the building. The interior attack became too dangerous for personnel due to the ceiling starting to collapse and officers were pulled out. The bitter cold caused considerable problems, not only tactical ones for the officers fighting the fire but problems with the water supply and the apparatus at the scene. The fire

burned out of control and was not brought under control until almost noon. Ultimately the entire block of buildings was destroyed. The cause of the fire was determined to be from a candle left burning. Extinguishment of the fire was also compromised due to the resident first calling a relative, then calling 911 on cell phones which do not go directly to our dispatch. Although once notified units arrived quickly, the fire had been burning for a considerable amount of time.

This past year the Department continued in our efforts to reduce the narcotics available to our youths. We worked in conjunction with the Wayne County Sheriff's Office to close down suspected narcotic houses that we determined area youths were using to purchase narcotics. Detectives and uniform personnel, on two different occasions, conducted surveillance on these locations and would then make arrests after the youths purchased narcotics. Civil forfeiture proceedings, commonly called *PUSH OFF*, resulted in 8 arrests and 7 vehicles seized. The owners of the vehicles were allowed to recover their vehicles after paying a civil forfeiture fee. This type of procedure allows the Department to continue our commitment to doing all we can to eliminate the narcotics our youth obtain. Likewise it allows us the opportunity to purchase equipment that can be used in narcotic type investigations. This year we were able to use part of the seizure money to purchase *TASERS* for use by the officers on the road. These valuable pieces of equipment have already proven to be extremely effective.

There were a few personnel changes last year that I would like to bring to your attention.

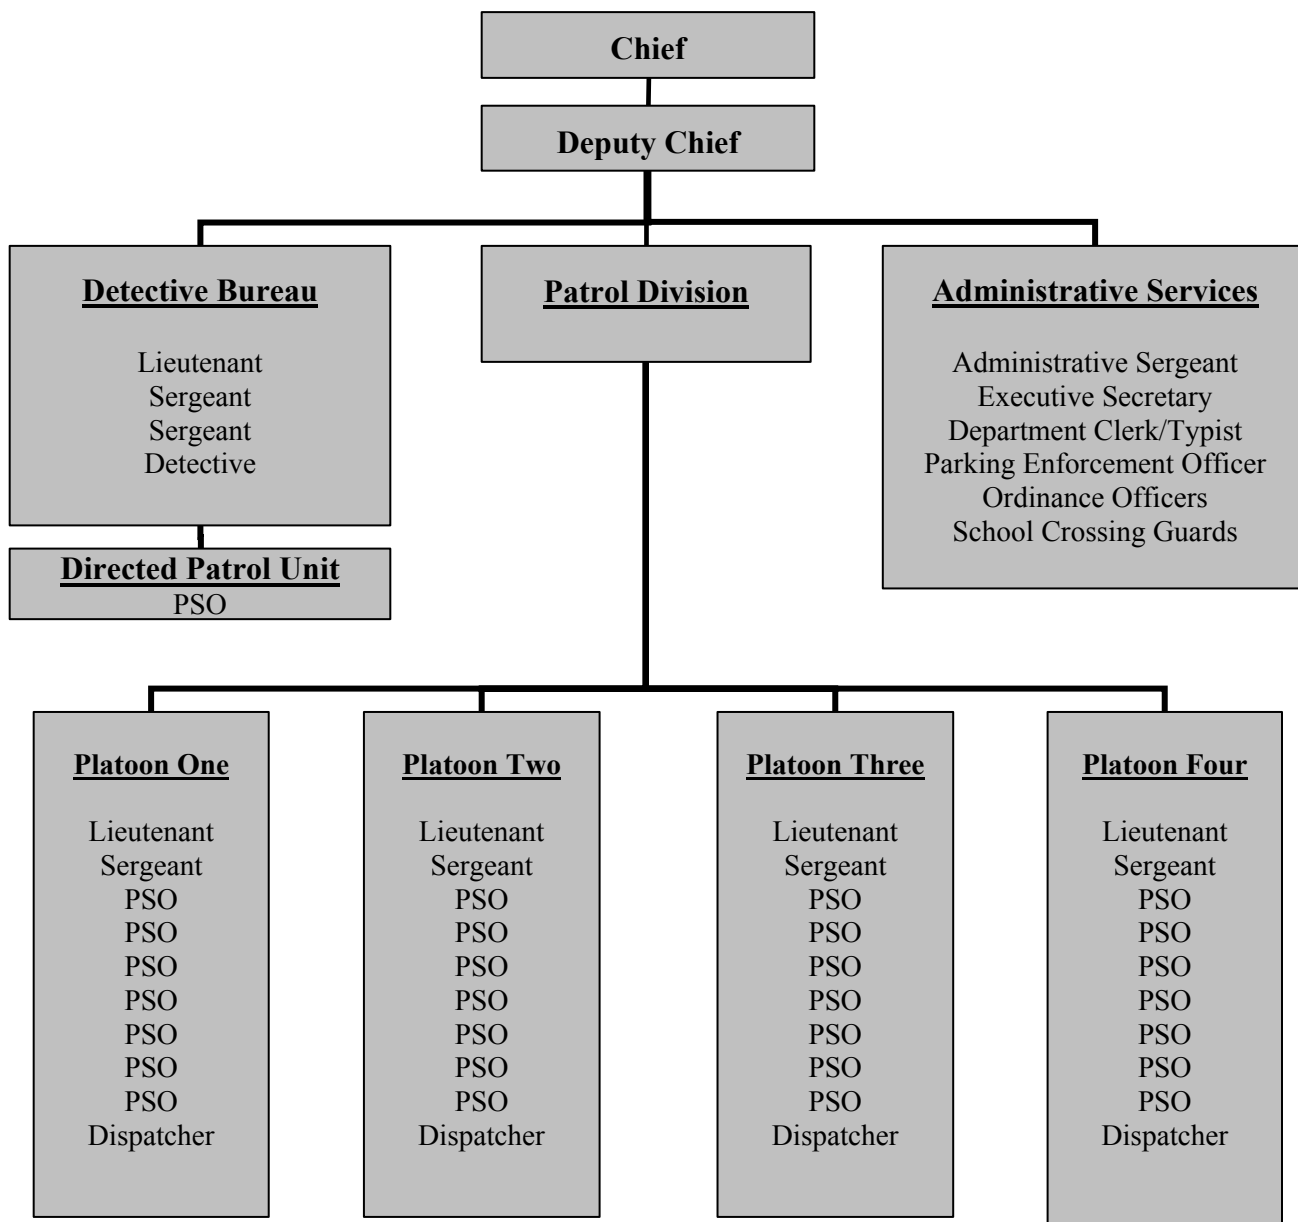

On January 7, 2004 the Department hired Jessica Worrall. PSO Worrall is the first female officer to be hired by the Department in over seventeen years. She is a graduate of the Oakland Police Academy and Schoolcraft Fire Academy. PSO Worrall has done an outstanding job in her first year. Another one of our officers, PSO Ron Loosvelt was notified that his Michigan National Guard unit, Security Force Company, was being activated for duty. On October 7th PSO Loosvelt left for

duty in Iraq for an estimated two years. The prayers of the Department and the City go with him and his family.

On behalf of the members of the Department I want to thank you, the Mayor and the members of the Council for your continued support. I also would like to thank the members of the Department for their continual display of professionalism. I am fortunate and proud that Grosse Pointe Park has the service of so many dedicated employees. We as a Department continue to strive to maintain our goal, that of providing quality and professional services to the community we are proud to work in.

David A. Hiller
Chief of Police
Director of Public Safety

AWARDS

Each year members representing every level of the Department meet in January to form the Honors Board which reviews all recommendations for awards submitted for the previous calendar year. The Public Safety Department's awards for are:

DIRECTOR'S AWARD

For contributions by an employee who consistently gives outstanding service and contributes time, interest, and effort far beyond that is required.

VALOR

For personal heroism above and beyond the call of duty.

CITATION

For exceptional performance of the highest order.

LIFE SAVING

A form of Citation for performance of an exceptional act to preserve life.

WOUND

Any wound requiring medical treatment suffered by a member of the Department during the course of a public safety action that is the result of a felonious assault.

COMMENDATION

For outstanding performance well above the norm.

DIRECTOR'S LETTER

For performance that requires official recognition.

COMMENDATION

*Detective David Loch
Public Safety Officer Jeffrey Longo
Dispatcher Jodi Kurko*

*Public Safety Officer Jessica Worrall
Public Safety Officer Keith Andersen
Public Safety Officer Brent Merlington*

DIRECTOR'S LETTER

*Lieutenant James Smith
Dispatcher Jodi Kurko
Dispatcher Robin Fiset
Lieutenant James Chopp
Sergeant James Vogler
Public Safety Officer Christopher Flanagan
Public Safety Officer Ronald Loosvelt*

*Public Safety Officer Ryan Milroth
Public Safety Officer Jessica Worrall
Student Intern Joseph Deleeuw
Public Safety Officer Terry Hays
Public Safety Officer Anthony Blain
Public Safety Officer Christopher Jones*

CLEARANCE RATE FOR INDEX OFFENSES

INDEX OFFENSES, formerly known as Part I Offenses, are traditionally used for comparison purposes. These crimes are the ones reported on both a Federal and State level. Over the years this Department has prided itself on an exceptionally high clearance rate for index offenses. This clearance rate is a result of dedicated work by the officers assigned to both the Uniform and the Detective Divisions of the Department. The clearance rate for the last four years is detailed below.

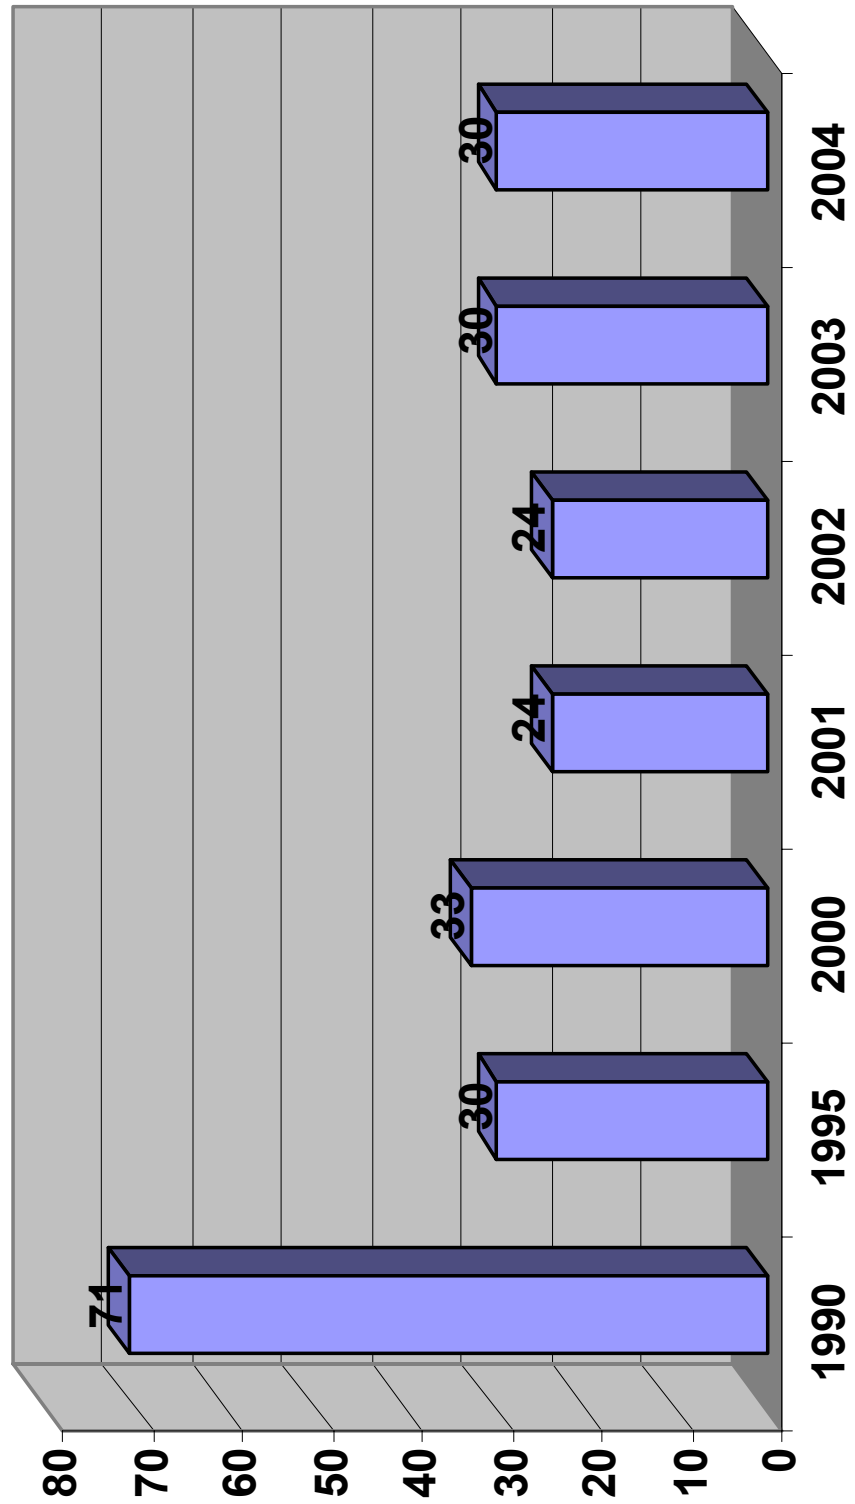

<i>CRIME</i>	<i>STATE*</i>	<i>GROSSE POINTE PARK</i>			
		<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>
Murder	59%	-----	-----	-----	-----
C.S.C.	19%	100%	-----	-----	100%
Robbery Armed/ Not Armed	21%	63%	50%	50%	62%
Aggravated Assault	35%	100%	100%	100%	67%
Burglary	9%	52%	31%	50%	21%
Larceny	13%	16%	27%	15%	16%
Motor Vehicle Theft	4%	16%	15%	19%	10%
Arson	11%	0%	100%	0%	-----

CRIME TRENDS - INDEX OFFENSES

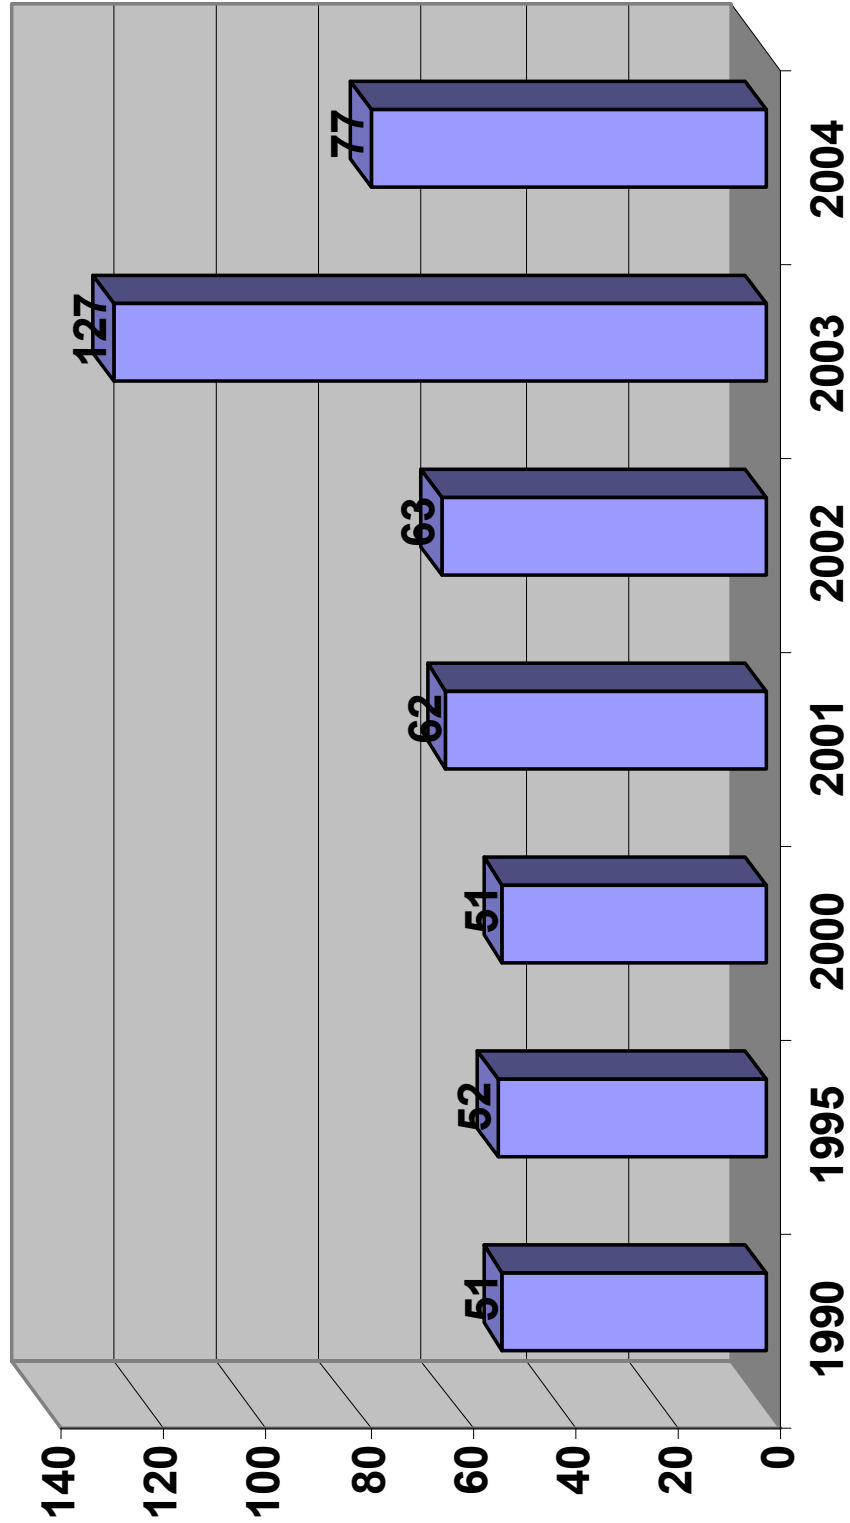

CRIME TRENDS – BURGLARY

CRIME TRENDS – ROBBERY

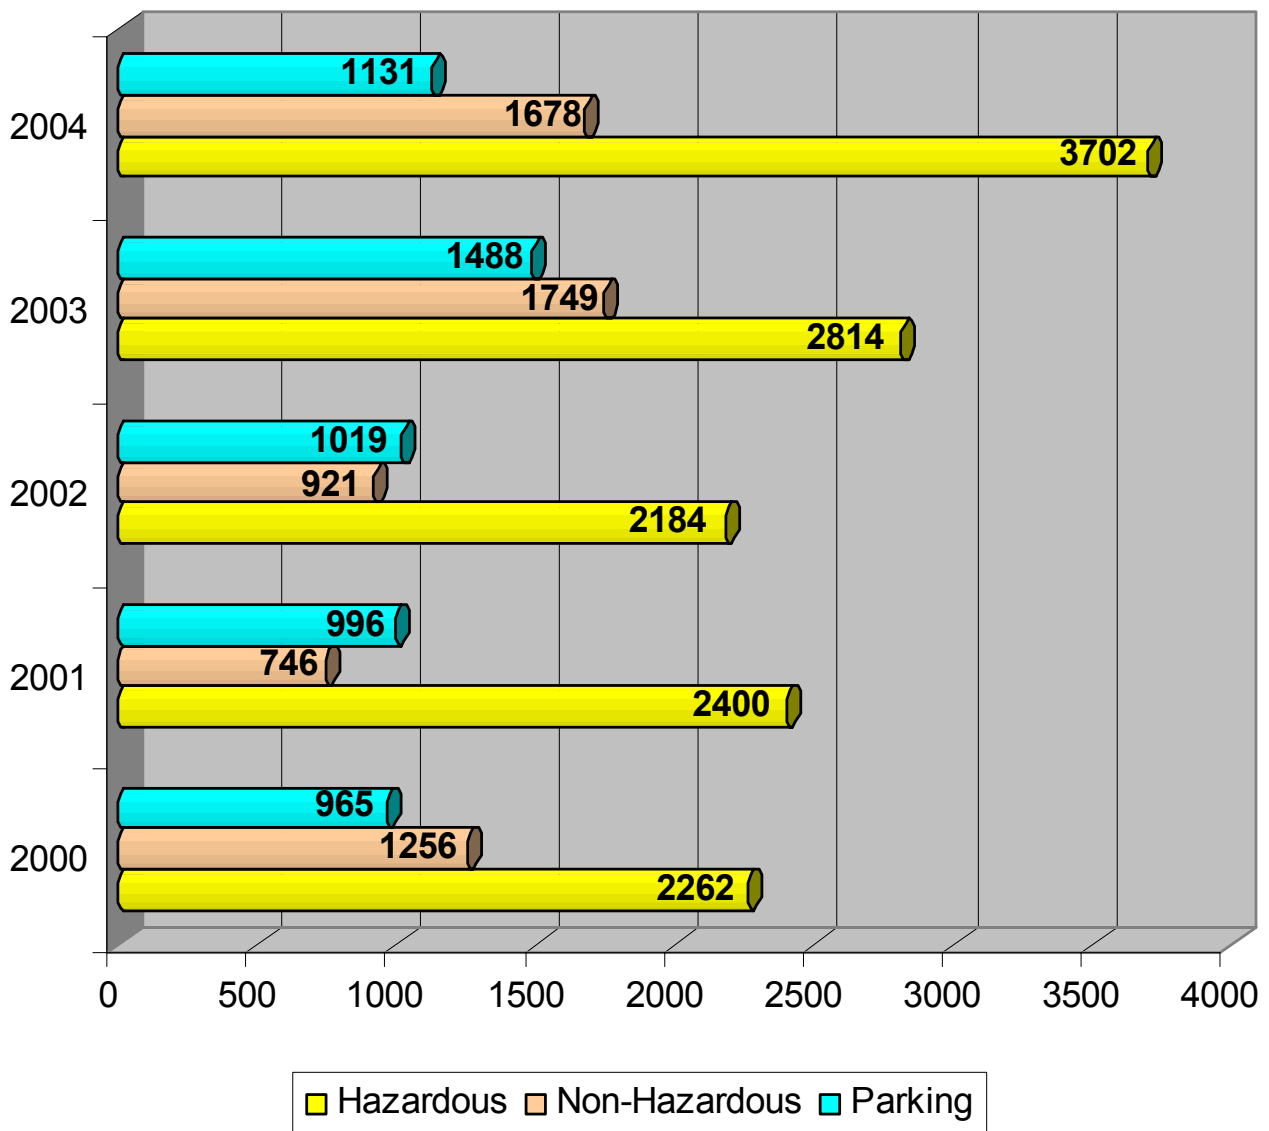

CRIME TRENDS – MOTOR VEHICLE THEFT

TRAFFIC ENFORCEMENT

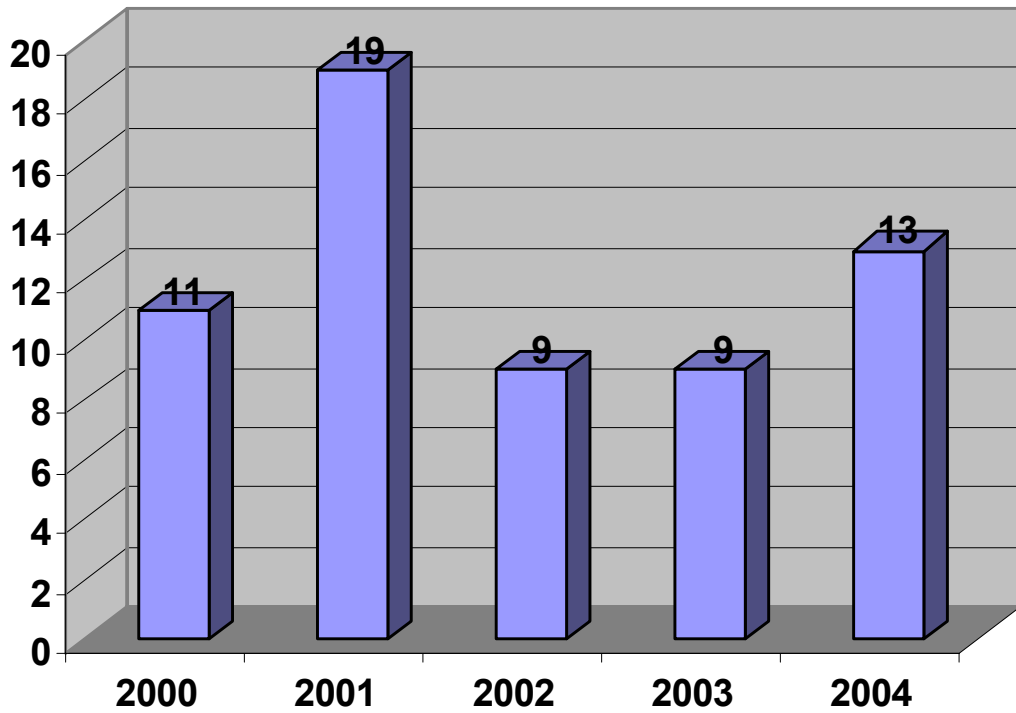

The enforcement of the *Michigan Uniform Traffic Code* is the responsibility of the Uniform Division of the Public Safety Department. By enforcing the Traffic Code it is the goal of the Department to reduce personal injury accidents, property damage accidents and pedestrian accidents. Grosse Pointe Park has the remarkable record of not having a pedestrian fatality for 30 years. The violations issued by the officers are broken into three basic groups: hazardous, non-hazardous, and parking.

The department assigns a semi-marked radar equipped patrol unit on a daily basis. The primary violations issued are for speeding. Hazardous violations are issued for such things as, operating under the influence of liquor, signal lights, stop signs and other moving violations. Non-hazardous violations include violations such as operating with a suspended operator's license, no proof of insurance and improper license plates.

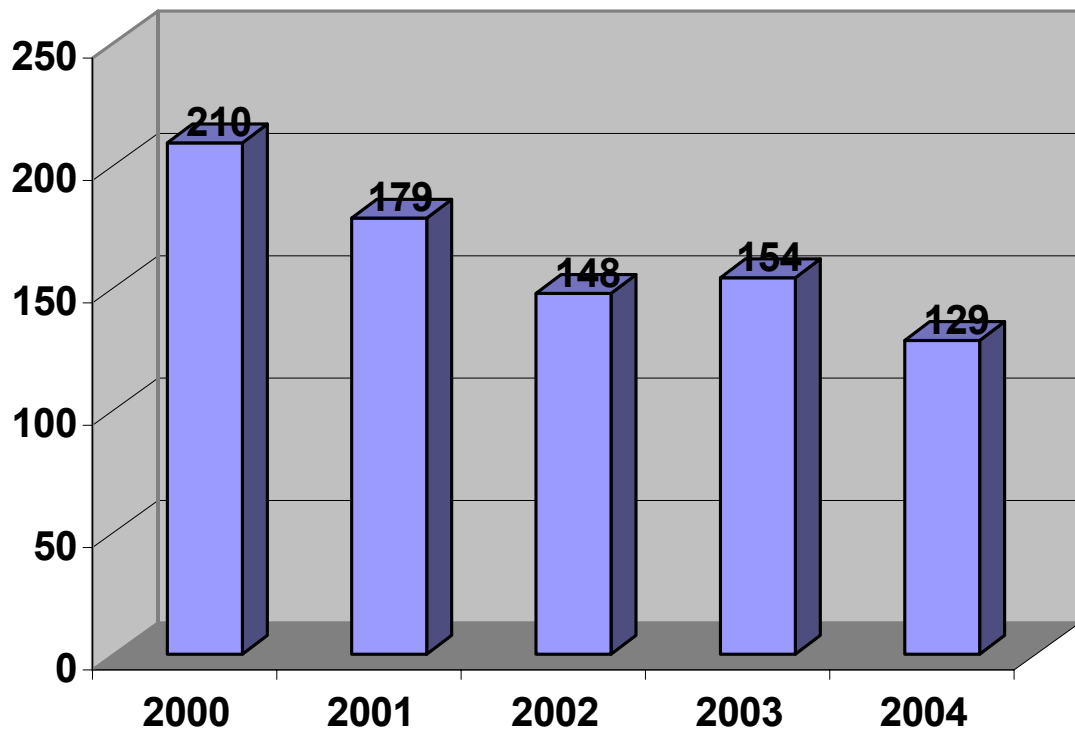

MOTOR VEHICLE ACCIDENTS –FIVE YEAR PERIOD

INJURY ACCIDENTS

PROPERTY DAMAGE ACCIDENTS

PATROL DIVISION ACTIVITIES

The Patrol Division of the Grosse Pointe Park Department of Public Safety, consisting of four platoons with nine officers assigned to each, is responsible for the continuous protection of the community. The Patrol Division responds to a variety of requests for services on a daily basis. The officers also conduct traffic stops and field investigations while on routine patrol. The Computer Aided Dispatch (CAD) system records all of the details performed by the officers. The chart below is a two year breakdown of the calls for service recorded by the Department.

CLASSIFICATION OF POLICE RESPONSE	2004	2003
Index/Non-Index Crimes	963	946
Accidents	142	160

TOTALS.....	9,207	10,142

FIRE ACTIVITIES

The FIRE ACTIVITIES listed below reflects the number of fire responses by the Public Safety Department in 2004 compared to the last three years. The Department prides itself on its quick response to any reported fire emergency. By training and equipping officers on the road to immediately assess and evaluate situations upon their arrival, we are able to keep the vast majority of our fires to a minimum.

CLASSIFICATION OF FIRE RESPONSE	2004	2003	2002	2001
Dwelling - Single.	11	17	20	19
Dwelling - Multi Unit.	4	6	5	8

TOTALS.....	94	117	101	95

EMERGENCY MEDICAL SERVICES

The Department has two basic EMS units to provide primary ambulance response to Grosse Pointe Park and Grosse Pointe City. The Department has 35 PSO/EMTs with a patrol PSO/EMT also responding on every call. In 2004 the total number of ambulance runs was 509 and the total number of patients seen was 513.

ADMINISTRATIVE SERVICES

The Administrative Service Section of the Grosse Pointe Park Department of Public Safety consists of the Chief, Deputy Chief, Administrative Sergeant, Executive Secretary, Department Clerk, Parking Enforcement Officer, and the Ordinance Officer. It is the responsibility of the Administrative Service Section to see that the Department operates in a professional manner at all times.

Administrative Sergeant The Administrative Sergeant for the Department has numerous duties. He is responsible, among others, for the training and re-certification of the Department EMT's, programming and maintaining the Department computers, hiring and training school crossing guards, and the Fire Prevention Bureau. In this capacity he is responsible for inspecting all commercial buildings and multiple-family dwellings in the city. While the main purpose of an inspection is to locate fire code violations, the desired goal is to correct them.

<u>2004</u>	
INSPECTIONS	36
VIOLATIONS	56
CORRECTIONS	41

This results in having a safe environment to both live and work.

**Executive Secretary/
Department Clerk** The Executive Secretary and the Department Clerk conduct the daily business of the Department. The payroll, vouchers, purchase orders, Department records, personnel files, new employment applications, and all *Freedom of Information Act (FOIA)* requests received by the Department and the City Attorney are just some of the duties of the Executive Secretary. The Department Clerk is responsible for the daily computer entry of all Computer Aided Dispatch (CAD) reports, all traffic violations and arrest records. The Clerk also provides clerical support to the Detective Bureau.

**Parking Enforcement
Ordinance Officers** The Parking Enforcement Officer assists the Uniform Division with various parking restrictions throughout the city other duties as needed throughout the day. The Ordinance Officers, a part-time position with the Department, are assigned numerous duties, primarily those pertaining to animal complaints. Last year the Parking Enforcement Officer and Ordinance Officers issued **4531** parking violations. The Ordinance Officers also handled **184** animal complaints.

DETECTIVE BUREAU

The Grosse Pointe Park Department of Public Safety Detective Bureau consisting of a Lieutenant, two Sergeants, one Detective and the Directed Patrol Unit, is the investigative division of the Department. As such, its members perform various duties on a daily basis. The following list is just a part of the many duties performed by the Bureau:

<i>Investigation of criminal acts such as:</i>	Crime scenes, Evidence, Arrest, Interviews, and Interrogations Suspected or Actual cases of Child Abuse Suspected or Actual Exploitation of the Elderly Cause and Origin Investigation of Fires Michigan Incident Crime Reporting System (MICR) Narcotic Related Investigations Liquor Licensing and Enforcement Handgun Licensing and Registration Keeper of the Records
---	---

When the Detective Bureau successfully completes the investigation of a criminal matter, whether by arrests or other clearance measures, the case is considered closed or cleared. The ***Clearance Rate*** is based on the closure of these cases. In 2004 (latest data available) the average clearance rate for Michigan law enforcement agencies was 32% overall. Below is the four-year ***Clearance Rate*** percentage for all crimes as reported by the Michigan State Police for Grosse Pointe Park Department of Public Safety.

OVERALL CRIME CLEARANCE RATE				
STATE	GROSSE POINTE PARK			
	<u>2004</u>	<u>2003</u>	<u>2002</u>	<u>2001</u>
*32%	61%	58%	59%	53%

The Department continues to participate in *Crime Stoppers Inc.* This program encourages citizens to report information on crimes and suspects. A panel reviews and authorizes the payment of rewards for information leading to the arrest of criminals.

*2004 Michigan statewide clearance rate average

YOUTH SERVICE UNIT

The unit provides a great service to the Department by having a Youth Officer on duty 24 hours a day seven days a week. As situations arise involving our young people, a Youth Officer is immediately available to begin accessing and directing a proper response.

Under the direction of *Detective David Loch*, the officers of the Youth Service Unit are as follows:

PSO Eric Davis

PSO Terry Hays

PSO Brent Merlington

PSO Ryan Milroth

PSO Michael Narduzzi

PSO Thomas Lazarski

PSO Jeffrey Longo

PSO Stephen Thiel

Training continues to play an important part in the success of the Unit. Youth Officers have received extensive training in the following areas:

- Forensic Child Interviewing
- The Investigation of Child Abuse / Neglect Cases
- Preliminary Assessments for Mental Health and Drug Referrals
- Criminal Case Investigation and Preparation
- Incurrigibility
- Emancipation
- Juvenile Diversions Programs

In 2004 officers received 8 hours of updated training on the State of Michigan Protocol surrounding Forensic Child Interviewing. The revisions were developed by the Governor's Task Force on Children's Justice. Lt. James Smith, a Task Force member, conducted the update training.

As in past years, the Unit continues to support our Elementary schools with safety talks, station tours and support of safety patrol students.

EDUCATION/TRAINING COURSES/SEMINARS

Whenever feasible, personnel are assigned to attend classes that meet the Department's needs.

There is an enormous wealth of educational and training courses available through professional organizations, specialized training consultants, and local colleges and universities. There are also several employees who are certified in different skills and they participate in regular updates to maintain certification. The following is a list of the courses and seminars attended as well as the number trained and total hours involved:

MONTH	TRAINING/ UNIT	OFFICERS TRAINED	TOTAL HOURS

AUXILIARY SUPPORT UNIT

Since 1989, several members of the community have volunteered their time and talents to augment the Public Safety Department operations by serving the Uniformed Auxiliary Support Unit.

The Auxiliary continues to provide excellent support services during emergency situations and special events. With each passing year, the number of calls for the Auxiliary's assistance increases. Following is a partial list of the many events in which the Auxiliary took part in 2004:

Station Tours	Halloween in the Park
Thanksgiving Day Parade	Devil's Night/ Halloween Patrol
Mack Avenue Fireworks Display	

While each Auxiliary member has his/her own vocations apart from public safety, they all have a strong desire to learn the various facets of the public safety field. The auxiliary training program now includes support services which are applicable to a fire situation. Members are versed in refilling air bottles and other activities, which frees regular officers for actual fire fighting functions. The Auxiliary members have already been put to the test in actual fire situations and have performed admirably in the support functions.

Under the direction of Public Safety *Lieutenant James Chopp*, the members of the Auxiliary Support Unit are as follows:

<i>James Krausmann</i>	<i>Norma Housey</i>
<i>Robert Lindquist</i>	<i>Joseph Miquel</i>
<i>Lawrence Herzog</i>	

It is with much gratitude that we thank the members of the Auxiliary for their selfless contributions to our community.
