Mr. Dale Krajniak
City Manager
Grosse Pointe Park, MI 48230

Dear Mr. Krajniak

On behalf of the members of the Grosse Pointe Park Department of Public Safety, I am pleased to present to you, the Mayor and the members of the City Council the Annual Report for the year 2005. The report will detail the events, activities and responsibilities of the Department. I am extremely proud of the continued dedication and commitment displayed by all the members of the Department over the last year.

As you will see in the following pages, overall crime, which includes both index and non-index crimes, was 16% less in 2005 as compared to 2004. Index crime in Grosse Pointe Park, considered to be the most serious crimes we deal with, continues to remain down as compared to previous years. Last year we recorded 358 index crimes, slightly higher than the 346 reported in 2004.

The main reason for the increase in index crimes can be associated to a change in the procedures by our Department and the Wayne County Prosecutors Office. Any index crime investigated by the department that results in an arrest must be presented to the Prosecutors Office for formal charges. The difference this year, as compared to other years, is that due to changes in the law we are taking a more aggressive approach to charging the defendant.

For instance, one area where we showed an increase was the area of robbery armed and robbery unarmed. In that category we went from 8 in 2004 to 12 in 2005. That increase is a direct result of the new policy. In a number of cases we investigated, the perpetrator assaulted the victim in some fashion. We believe that the additional charge of robbery, which can carry a prison sentence of up to life, is better than a single charge of larceny or UDAA which carry a penalty of only five years. Likewise, with the more serious charge it allows our YSU to immediately place a juvenile in the Youth Home.

An example of this new policy became evident in October of 2005 when two subjects attempted to steal personal property from a garage on Wayburn. The homeowner observed the men and went out to confront them. She tried to remove the stolen items from the car they were in and she was knocked to the ground by one of the subjects. They immediately fled the area but she was able to provide the police with a detailed description of the car and subjects.

Within minutes the occupied car was spotted a few blocks from the scene. The subjects refused to stop and a chase developed. The chase ended in the area of Chalmers and I-94 and one of the occupants and the vehicle were taken into custody. Additional information resulted in the arrest of the other occupant. Because the victim was assaulted during the commission of the larceny, robbery charges were added to both defendants.

We experienced a slight increase in stolen cars from last year but again the Department participated in the *Joint Operation Investigation Effort (JOIE)* which is a multi-jurisdictional task force comprised of agencies in the immediate area. The officers target areas where the cars are being dropped or stolen. This task force remains a valuable tool in apprehending and reducing the number of stolen cars. What is impressive is how the participating agencies respond when problems develop. In one instance last year the task force was put in place and over 30 officers were out on the street working with only two days notice.

It is that type of effort, and the diligence of our uniform officers on patrol and the detective bureau in follow-up investigations, that resulted in 91 adult arrests and 45 juveniles detained for

index crimes for the year 2005. These arrests are part of the 548 adults arrested and 104 juveniles detained in 2005.

These arrests also result in the Department having an overall crime clearance rate of 60%. I am extremely proud of this statistic. We continue year after year to average approximately 60% while the overall state clearance rate averages somewhere in the 33% range. Even more impressive are the figures provided on page 17 *Clearance Rate for Index Offenses*. As you will see, this Department is no less than double the rate for clearances for these serious crimes. In some cases, home invasion for example, we are six times the average. That clearance rate is indicative of the ongoing commitment we continue to demonstrate year after year. It is also important to remember that we do not close the books on something at the end of the year simply because we have not solved it.

From 1998 to 2001 we had four home invasions in the 1400 block of Balfour. Extensive crime scene follow-up resulted in evidence being collected. Although every source was investigated, no suspect could be developed. DNA, in the form of blood, was collected. This past year the Michigan State Police notified us that they had received a federal grant to pursue cold cases involving DNA. We submitted the evidence we had and it was linked to a subject currently serving a prison sentence. The subject was interviewed and made an admission to these cases. Due to other circumstances, including his current prison sentence, he will not be charged with these crimes. The victims have been advised of the findings and they expressed their gratitude to the Department for the hard work.

In 2005 we had 31 home invasions, slightly more than the 25 in 2004. We experienced the majority of these incidents in the latter part of the year and they continued into the new year. The Department contacted neighboring communities to determine if they were also experiencing problems. As it turned out a number of them, including East Pointe, were also realizing an increase. Detectives began to share information and it was soon realized that a group of perpetrators from the east-side of Detroit were responsible. Surveillance and arrests resulted in the identification of the subjects involved. The list at one point showed as many as 12 named subjects. This type of loose, mobile organization is difficult to work on but the investigators

identified three potential leaders. These leaders were ultimately arrested and charged with home invasion.

There were still a number of incidents in our City that we could not consider these subjects responsible for. In processing the scenes, detectives collected evidence which included potential DNA. This was sent to the Michigan State Police for processing. Last month we were notified by MSP that a suspect had been identified through DNA. Further investigation of the named suspect by the Detective Bureau resulted in a Department advisory being issued to the uniform division. The advisory provided the subjects name and a probable vehicle he may be using.

One half hour after the first roll call briefing a patrol officer spotted the vehicle and subject in the area of Kercheval and Wayburn. After a vehicle and foot pursuit the subject was apprehended. Officers located jewelry and coins on his person that they later determined came from a home invasion on Harvard. The subsequent investigation and further DNA comparisons showed this subject, a 47 year old career criminal from Detroit, responsible for 10 home invasions in Grosse Pointe Park and two in Grosse Pointe City.

I indicated earlier, we have increased the number of juveniles detained for various crimes. The Department Youth Services Unit continues to do an outstanding job in processing these subjects for various crimes. These officers were selected due to their commitment to the job. As an example, PSO Ryan Milroth, one of the YSU officers, was on his way home after work and observed a subject attempting to steal a car from a parking lot on Charlevoix. PSO Milroth detained the youth and it was later learned that this 14 year old subject was also responsible for other auto thefts and attempted thefts.

The officers assigned to that unit also assist in the Forensic Interviewing of children that are the victims of sexual assault or other serious crimes. This process is part of the *KIDS-Talk* program that we provide. Grosse Pointe Park provides the eastern Forensic Interview Site for Wayne County. On any given day or night our facility may be used by other police agencies to interview the victim. This program however is provided mainly due to grants and donations. In an attempt to bring community awareness and law enforcement support to *KIDS-Talk* it was decided that a DVD should be produced. Lt. James Smith, who is the Vice-President of the program,

approached the War Memorial TV 5 to assist with the production of the DVD. The DVD produced was outstanding. In fact, the DVD was submitted by the War Memorial to the 27th Annual Telly Awards. The Telly Award is similar to an Oscar Award in the area of DVD production. I am proud to announce that the DVD submitted, in a contest with entries from such prestigious companies as Walt Disney, FEDEX and so on, was awarded both a Silver and a Bronze award. I have included a copy of the DVD for you to review.

Our fire runs for 2005 were the same as 2004 with 94 responses to a variety of calls. One of those calls occurred on May 4th at 2:50 in the afternoon. We responded to a reported dwelling fire at 1000 Balfour. All available officers, including detectives and administrative personal responded. The first floor rear room was fully involved and the fire had vented out the windows. An aggressive interior attack by responding personnel resulted in a quick and efficient knock down of the fire. Although smoke damage was through out the house, the fire was contained to the rear room. It was evident to me, as I watched the personal at the scene extinguish this fire, that the training the members of this Department continue to do on a daily basis certainly has rewards.

I also am happy to report that the Department was awarded a FEMA grant in 2005 to provide the fire facility with a Vehicle Exhaust Extraction System. This \$44,000 system removes 100% of all apparatus diesel exhaust fumes from the building. The awarding of this grant is the direct result of an outstanding job by Deputy Chief John Schulte. Anytime you deal with a federal grant application there is a tremendous amount of work and detail that must be completed both accurately and timely.

Part of John's proposal to FEMA indicated that the new system would also provide exhaust capabilities to the Wayne County Emergency Management Incident Command Post. Earlier this year Grosse Pointe Park was approached by the Director of Homeland Security who asked if we could house a Mobile Command Post. We agreed to the request and it was further agreed that in the near future members of this Department would be trained to operate the vehicle in emergency situations that may occur in eastern Wayne County. This type of working relationship with other agencies is what we in law enforcement believe is necessary if we are to be able to continue to provide our community with the services needed.

Our Emergency Medical services increased this year with 583 runs compared to 509 in 2004. We treated 588 patients on those runs. The nature of the runs varies and we can never be sure of what we may be called upon to assist with. An example of that occurred on August 10th when we responded to the foot of Whittier on a report of a man in the water. Responding officers soon realized that the subject had entered the water but was no longer visible. Additional officers, the U.S. Coast Guard and the Grosse Pointe Farms dive team were requested. In less than an hour, the body of an unidentified male was located about 30' from shore. He was turned over to the Wayne County Medical Examiners office for an autopsy. Latent prints of the subject were obtained and he was identified on August 12th. When his family was contacted they had indicated they had not heard from the man in over a week. The drowning was ruled accidental.

Another area that I want to bring to your attention is the area of motor vehicle accidents. I reported to you a few years ago that, with only nine injury accidents, we had the lowest number as far back as we could recall. This year we recorded an even lower number. In 2005 we responded to only six injury accidents. In addition to the low number of injury accidents we responded to 136 property damage accidents which is also a very low number.

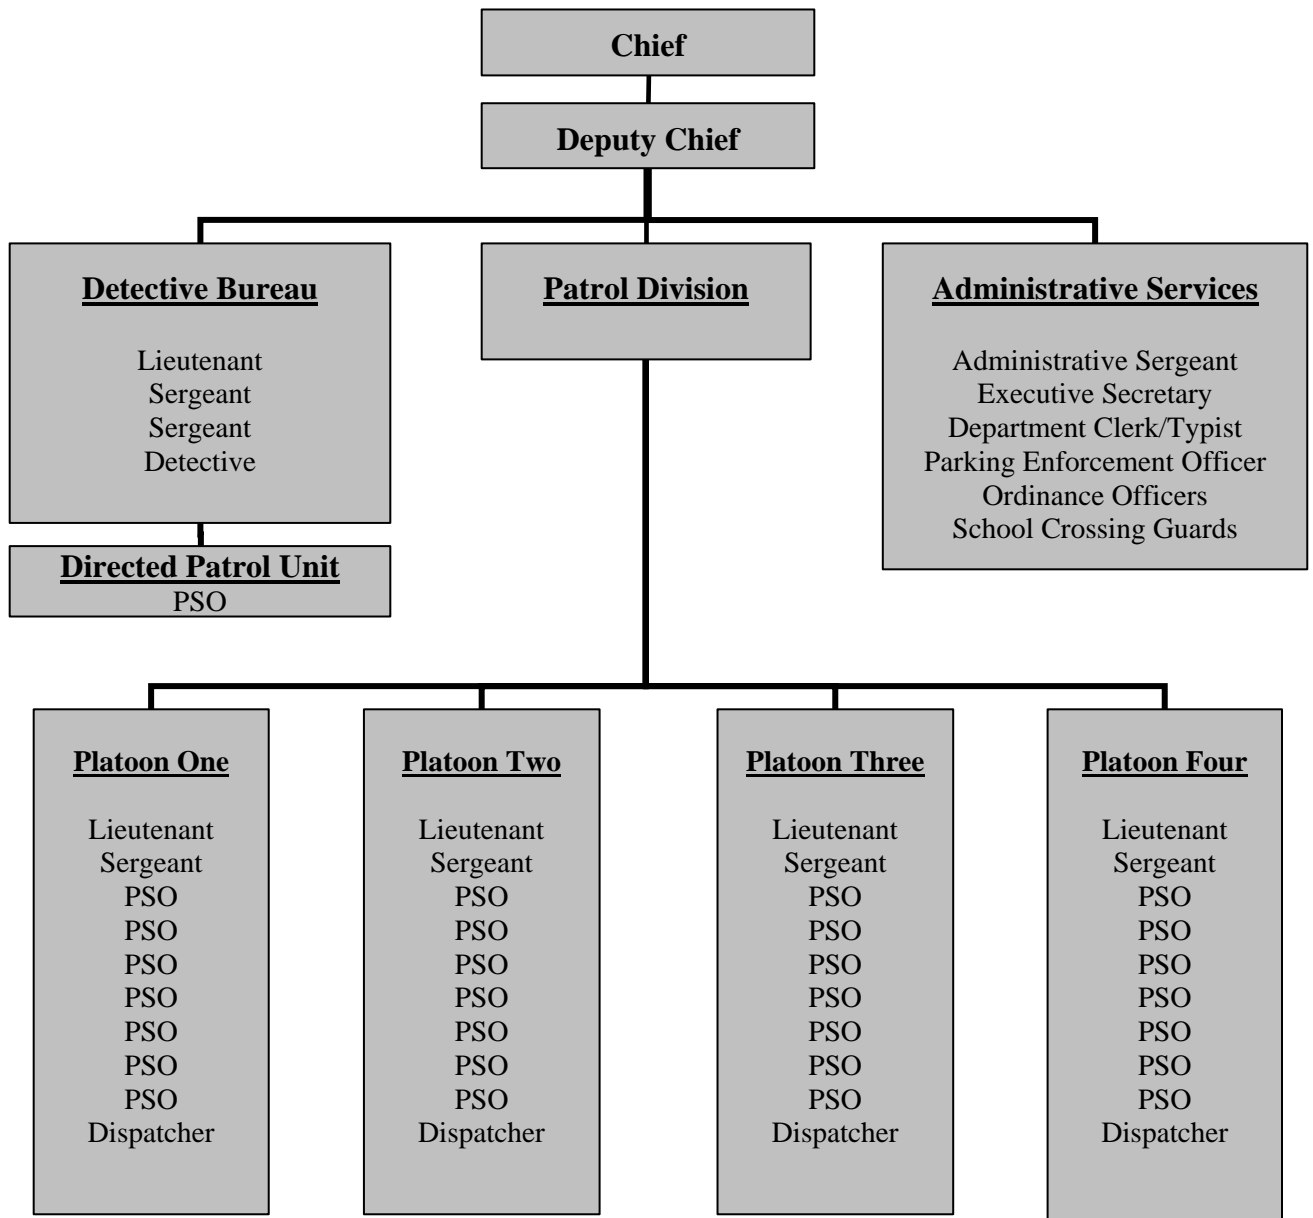

I also reported to you last year that one of our officers, PSO Ron Loosvelt had been activated by his Michigan National Guard unit and was being sent to Iraq. Ron's unit was responsible for the training of new police officers in Iraq. On September 15, 2005 his convoy was hit with an explosive device. Several members of the convoy were burned, however Ron fortunately was not injured. He served in Iraq until December of this year and was home by Christmas to be with his family. The Department is extremely proud of Ron's service to our country and we are very happy to have him back home and safe.

In closing I want to thank you, the Mayor and the members of the Council for your continued support. I also want to thank the members of the Department for the outstanding work they do. Time after time I receive calls and letters from citizens who have had a contact with our Department. They contacted me to express their thanks for the service provided by the members of this Department. I am fortunate to have such dedicated employees. We as a Department

continue to strive to maintain our goal, that of providing quality and professional services to the community we serve.

David A. Hiller
Chief of Police
Director of Public Safety

AWARDS

Each year members representing every level of the Department meet in January to form the Honors Board which reviews all recommendations for awards submitted for the previous calendar year. The Public Safety Department's awards for are:

DIRECTOR'S AWARD

For contributions by an employee who consistently gives outstanding service and contributes time, interest, and effort far beyond that is required.

VALOR

For personal heroism above and beyond the call of duty.

CITATION

For exceptional performance of the highest order.

LIFE SAVING

A form of Citation for performance of an exceptional act to preserve life.

WOUND

Any wound requiring medical treatment suffered by a member of the Department during the course of a public safety action that is the result of a felonious assault.

COMMENDATION

For outstanding performance well above the norm.

DIRECTOR'S LETTER

For performance that requires official recognition

COMMENDATION

*Sergeant Joseph Srebernak
Public Safety Officer Thomas Gamicchia
Public Safety Officer Ryan Willmer*

DIRECTOR'S LETTER

*Lieutenant Mark Maple Public Safety Officer Stephen Thiel
Public Safety Officer Michael Najm Public Safety Officer Thomas Taylor
Public Safety Officer Brent Merlington (2) Public Safety Officer James Bostock (2)
Public Safety Officer Keith Andersen*

CLEARANCE RATE FOR INDEX OFFENSES

INDEX OFFENSES, formerly known as Part I Offenses, are traditionally used for comparison purposes. These crimes are the ones reported on both a Federal and State level. Over the years this Department has prided itself on an exceptionally high clearance rate for index offenses. This clearance rate is a result of dedicated work by the officers assigned to both the Uniform and the Detective Divisions of the Department. The clearance rate for the last four years is detailed below.

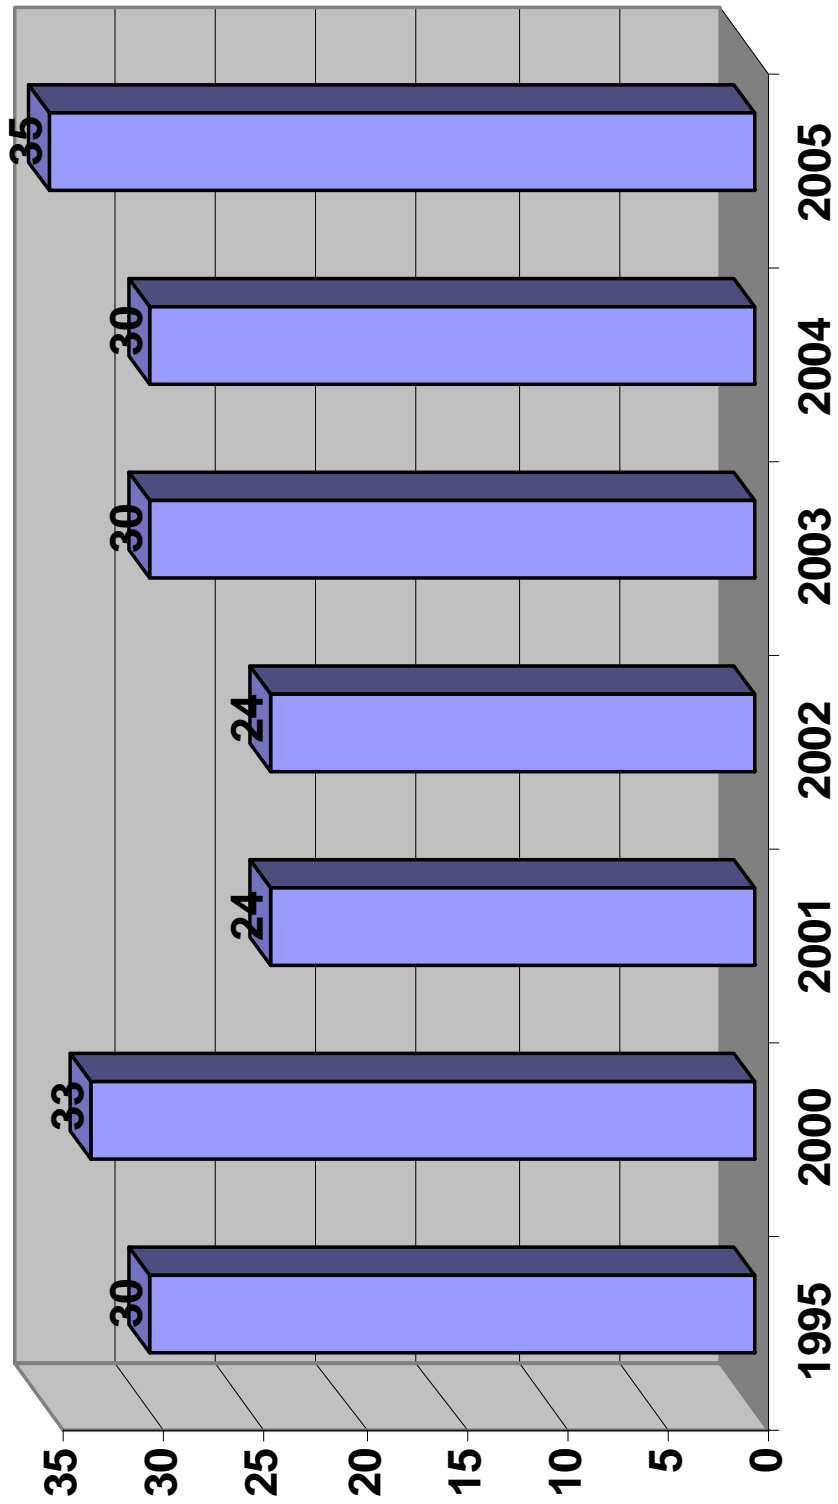

<i>CRIME</i>	<i>STATE*</i>	<i>GROSSE POINTE PARK</i>			
		<u>2005</u>	<u>2004</u>	<u>2003</u>	<u>2002</u>
Murder	39%	-----	-----	-----	-----
C.S.C.	31%	100%	100%	-----	-----
Robbery Armed/ Not Armed	13%	50%	63%	50%	50%
Aggravated Assault	41%	83%	100%	100%	100%
Burglary	8%	48%	52%	31%	50%
Larceny	14%	20%	16%	27%	15%
Motor Vehicle Theft	8%	16%	16%	15%	19%
Arson	8%	-----	0%	100%	0%

CRIME TRENDS – BURGLARY

CRIME TRENDS – ROBBERY

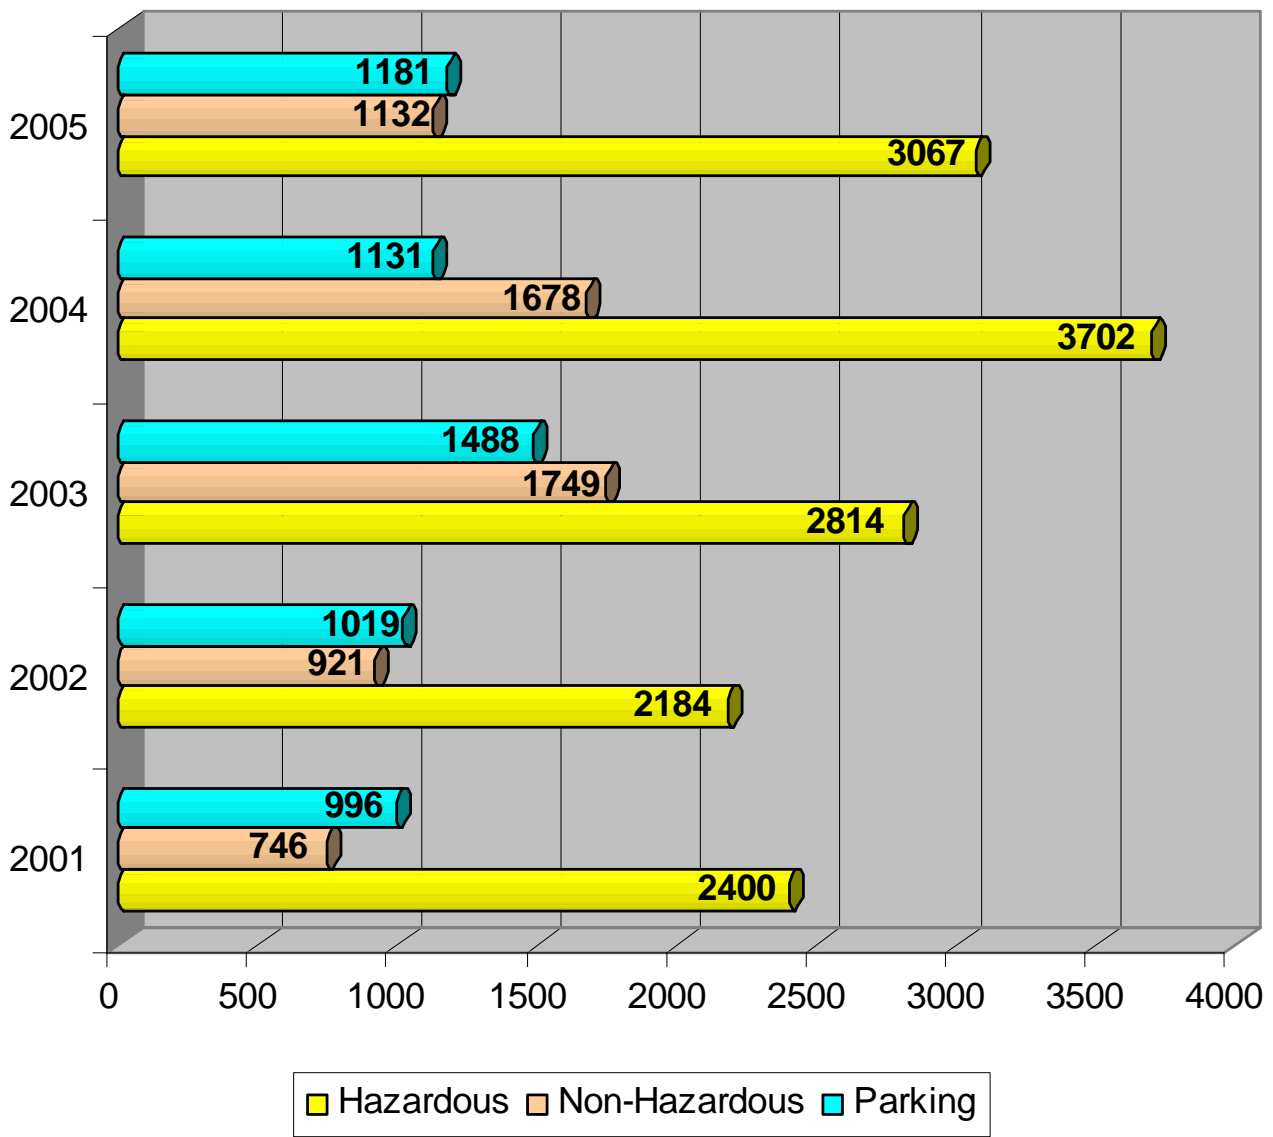

CRIME TRENDS – MOTOR VEHICLE THEFT

TRAFFIC ENFORCEMENT

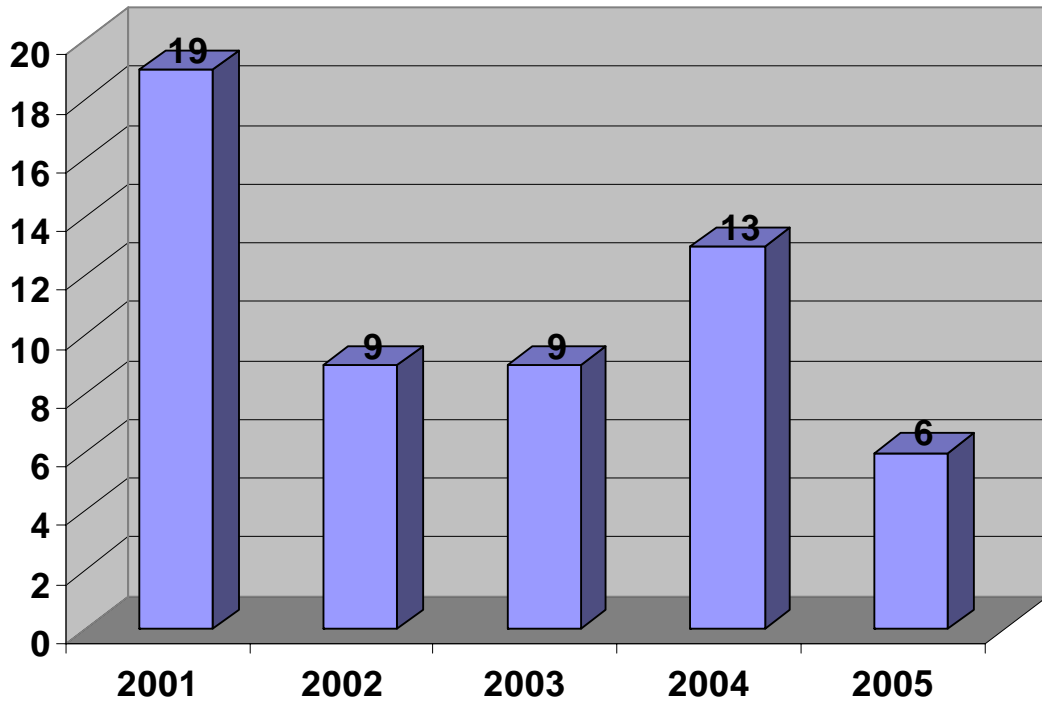

The enforcement of the *Michigan Uniform Traffic Code* is the responsibility of the Uniform Division of the Public Safety Department. By enforcing the Traffic Code it is the goal of the Department to reduce personal injury accidents, property damage accidents and pedestrian accidents. Grosse Pointe Park has the remarkable record of not having a pedestrian fatality for 30 years. The violations issued by the officers are broken into three basic groups: hazardous, non-hazardous, and parking.

The department assigns a semi-marked radar equipped patrol unit on a daily basis. The primary violations issued are for speeding. Hazardous violations are issued for such things as, operating under the influence of liquor, signal lights, stop signs and other moving violations. Non-hazardous violations include violations such as operating with a suspended operator's license, no proof of insurance and improper license plates.

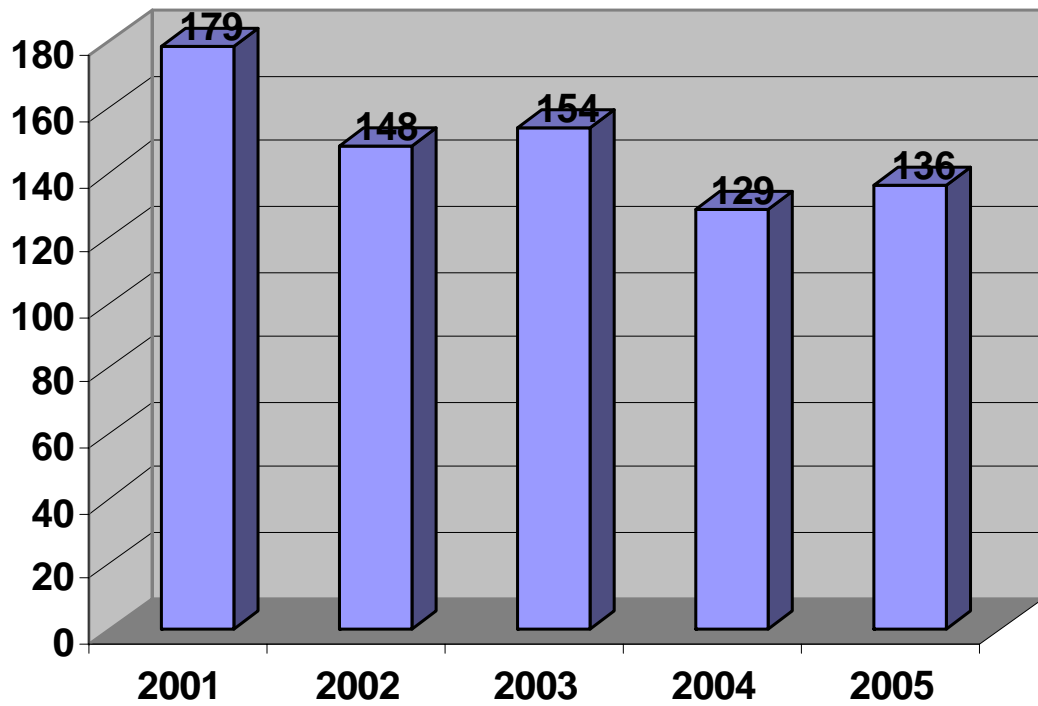

MOTOR VEHICLE ACCIDENTS –FIVE YEAR PERIOD

INJURY ACCIDENTS

PROPERTY DAMAGE ACCIDENTS

PATROL DIVISION ACTIVITIES

The Patrol Division of the Grosse Pointe Park Department of Public Safety, consisting of four platoons with nine officers assigned to each, is responsible for the continuous protection of the community. The Patrol Division responds to a variety of requests for services on a daily basis. The officers also conduct traffic stops and field investigations while on routine patrol. The Computer Aided Dispatch (CAD) system records all of the details performed by the officers. The chart below is a two year breakdown of the calls for service recorded by the Department.

CLASSIFICATION OF POLICE RESPONSE	2005	2004
Index/Non-Index Crimes	827	963
Accidents	142	142
Alarms	648	568

Miscellaneous	2456	2,514
TOTALS.....	9,339	9,207

FIRE ACTIVITIES

The FIRE ACTIVITIES listed below reflects the number of fire responses by the Public Safety Department in 2004 compared to the last three years. The Department prides itself on its quick response to any reported fire emergency. By training and equipping officers on the road to immediately assess and evaluate situations upon their arrival, we are able to keep the vast majority of our fires to a minimum.

CLASSIFICATION OF FIRE RESPONSE	2005	2004	2003	2002
Dwelling - Single.	16	11	17	20
Dwelling - Multi Unit.	2	4	6	5

TOTALS.....	94	94	117	101

EMERGENCY MEDICAL SERVICES

The Department has two basic EMS units to provide primary ambulance response to Grosse Pointe Park and Grosse Pointe City. The Department has 35 PSO/EMTs with a patrol PSO/EMT also responding on every call. In 2005 the total number of ambulance runs was 583 and the total number of patients seen was 588.

ADMINISTRATIVE SERVICES

The Administrative Service Section of the Grosse Pointe Park Department of Public Safety consists of the Chief, Deputy Chief, Administrative Sergeant, Executive Secretary, Department Clerk, Parking Enforcement Officer, and the Ordinance Officer. It is the responsibility of the Administrative Service Section to see that the Department operates in a professional manner at all times.

Administrative Sergeant The Administrative Sergeant for the Department has numerous duties. He is responsible, among others, for the training and re-certification of the Department EMT's, programming and maintaining the Department computers, hiring and training school crossing guards, and the Fire Prevention Bureau. In this capacity he is responsible for inspecting all commercial buildings and multiple-family dwellings in the city. While the main purpose of an inspection is to locate fire code violations, the desired goal is to correct them.

<u>2005</u>	
INSPECTIONS	53
VIOLATIONS	33
CORRECTIONS	15

This results in having a safe environment to both live and work.

**Executive Secretary/
Department Clerk**

The Executive Secretary and the Department Clerk conduct the daily business of the Department. The payroll, vouchers, purchase orders, Department records, personnel files, new employment applications, and all *Freedom of Information Act (FOIA)* requests received by the Department and the City Attorney are just some of the duties of the Executive Secretary. The Department Clerk is responsible for the daily computer entry of all Computer Aided Dispatch (CAD) reports, all traffic violations and arrest records. The Clerk also provides clerical support to the Detective Bureau.

**Parking Enforcement
Ordinance Officers**

The Parking Enforcement Officer assists the Uniform Division with various parking restrictions throughout the city other duties as needed throughout the day. The Ordinance Officers, a part-time position with the Department, are assigned numerous duties, primarily those pertaining to animal complaints. Last year the Parking Enforcement Officer and Ordinance Officers issued **3571** parking violations. The Ordinance Officers also handled **180** animal complaints.

DETECTIVE BUREAU

The Grosse Pointe Park Department of Public Safety Detective Bureau consisting of a Lieutenant, two Sergeants, one Detective and the Directed Patrol Unit, is the investigative division of the Department. As such, its members perform various duties on a daily basis. The following list is just a part of the many duties performed by the Bureau:

<i>Investigation of criminal acts such as:</i>	Crime scenes, Evidence, Arrest, Interviews, and Interrogations Suspected or Actual cases of Child Abuse Suspected or Actual Exploitation of the Elderly Cause and Origin Investigation of Fires Michigan Incident Crime Reporting System (MICR) Narcotic Related Investigations Liquor Licensing and Enforcement Handgun Licensing and Registration Keeper of the Records
---	---

When the Detective Bureau successfully completes the investigation of a criminal matter, whether by arrests or other clearance measures, the case is considered closed or cleared. The ***Clearance Rate*** is based on the closure of these cases. In 2004 (latest data available) the average clearance rate for Michigan law enforcement agencies was 32% overall. Below is the four-year ***Clearance Rate*** percentage for all crimes as reported by the Michigan State Police for Grosse Pointe Park Department of Public Safety.

OVERALL CRIME CLEARANCE RATE				
STATE	GROSSE POINTE PARK			
	2005	2004	2003	2002
32%*	60%	61%	58%	59%

The Department continues to participate in *Crime Stoppers Inc.* This program encourages citizens to report information on crimes and suspects. A panel reviews and authorizes the payment of rewards for information leading to the arrest of criminals.

YOUTH SERVICE UNIT

The unit provides a great service to the Department by having a Youth Officer on duty 24 hours a day seven days a week. As situations arise involving our young people, a Youth Officer is immediately available to begin accessing and directing a proper response.

Under the direction of *Detective David Loch*, the officers of the Youth Service Unit are as follows:

PSO Eric Davis

PSO Terry Hays

PSO Brent Merlington

PSO Ryan Milroth

PSO Michael Narduzzi

PSO Thomas Lazarski

PSO Jeffrey Longo

PSO Stephen Thiel

Training continues to play an important part in the success of the Unit. Youth Officers have received extensive training in the following areas:

- Forensic Child Interviewing
- The Investigation of Child Abuse / Neglect Cases
- Preliminary Assessments for Mental Health and Drug Referrals
- Criminal Case Investigation and Preparation
- Incurigibility
- Emancipation
- Juvenile Diversions Programs

As in past years, the Unit continues to support our Elementary schools with safety talks, station tours and support of safety patrol students.

EDUCATION/TRAINING COURSES/SEMINARS

Whenever feasible, personnel are assigned to attend classes that meet the Department's needs.

There is an enormous wealth of educational and training courses available through professional organizations, specialized training consultants, and local colleges and universities. There are also several employees who are certified in different skills and they participate in regular updates to maintain certification. The following is a list of the courses and seminars attended as well as the number trained and total hours involved:

MONTH	TRAINING/ UNIT	OFFICERS TRAINED	TOTAL HOURS
