March 12, 2007

Mr. Dale Krajniak  
City Manager  
Grosse Pointe Park, MI 48230

Dear Mr. Krajniak,

On behalf of the members of the Department of Public Safety, I am pleased to present to you and the members of the Council the Annual Report for the year 2006. The report details the events, activities and responsibilities of the Department. I am extremely proud of the continued dedication and commitment displayed by all of the members of the Department in the last year.

This annual report shows index crimes, considered the most serious crimes, rose only 1% in the last year. The actual number of Part I Index Crimes reported to the Department was 362, compared to 358 for the year 2005. Overall crime, which includes both index, and non-index offenses, decreased 3.1%. These figures continue to follow the low crime rate we have experienced over the last number of years.

There are increases in some areas that can be attributed to unusual circumstances. One area to note is burglary. We had 38 burglaries this year compared to 31 in 2005. Although the circumstances are unusual as I indicated, the end result is that these additional burglaries have been solved and arrests have been made.

In September a resident came to the Department and reported that over the last week or so she thought someone had entered her flat when she was not home. She indicated to the officers that it had occurred at least twice, however there was no sign of forced entry

and very little loss. She went out that day and purchased a video unit that she installed in her living room. That same night, after returning home from another engagement, she saw evidence of another entry. This time there was evidence of the subject using her computer to order items on line as well as taking various items from the home. She notified us and officers responded. They reviewed the video and identified a possible suspect. Later that night the 17 year old neighbor was arrested, still wearing the same clothing he had on in the video. As a result this subject was charged with three separate counts of burglary.

Another example of one subject being responsible for multiple counts involves a family that has been victimized by their older son who has a narcotic habit. He has broken into the family home numerous times and is currently serving time in jail for the crimes. This again is an example of one individual being responsible with multiple counts.

What is important to remember in these cases, as well as many other similar ones, we have a 63% clearance rate for the crime of burglary. We consistently average well over 55% clearance rate each year on all crimes. With a state over all average of less than 35%, this is an outstanding rate and one we take great pride in.

Another area that we continue to address is the theft of automobiles. In 2006 we reported 96 stolen cars, compared to 84 in 2005. This is still far below the higher numbers we experienced in 2003 when we had 127 cars taken. Again this crime is not unique to Grosse Pointe Park. All of the Pointes and Harper Woods also had increased numbers. The **Joint Operation Investigation Effort (JOIE)** was again deployed for five days. That resulted in 26 arrests and 19 recovered stolen autos. We realized however that additional work was needed. We have joined forces with the Wayne County Sheriffs Office in **Arresting Car Thieves in Our Neighborhood (ACTION)**. This unit will concentrate its efforts on Wayne County's east side. The sheriff will provide five officers and the Pointes and Harper Woods will rotate officers in the unit as well to assist. Our goal is to develop long term solutions to the problems we all experience.

The statistic on larceny of vehicle parts and thefts from automobiles also increased slightly but again this was the result of a specific individual being responsible. A 24 year old subject from Detroit was found to be the individual involved. In December officers responded to such a call and chased a subject from the scene. After a short foot chase he was arrested. He had property from the automobiles on his person. He also admitted to his involvement in four other thefts.

The Officers working the street on a daily basis are also responsible for a tremendous amount of our clearance rate. This Department prides itself on a quick response time to priority runs. I can't even tell you how many residents have contacted me and told me how fast the response was. "I just hung up the phone and they were there. They must have been right outside the house," one resident stated. That type of response time has resulted in numerous arrests.

In March a citizen was robbed at knife point when she exited the bus at Maryland and Kercheval. The subject involved escaped west into Detroit. Responding officers obtained a description and checked the area. Officers located the 36 year old female at Jefferson and Alter. They made the arrest and recovered the victim's property as well as the weapon.

At Whittier and Charlevoix on July 20<sup>th</sup> a mother was walking a child and was suddenly confronted by a subject who took her purse from the stroller. Again responding officers fanned out in the area and located the 26 year old subject on Audubon, north of Mack. They also recovered the purse and the contents.

Some of our success is also attributed to the assistance we receive from the community. Residents often call to report suspicious activities. Often it is just their keen sense of observation that is helpful. Our Dispatchers are trained to solicit additional information from the witness and relay it to the responding officers. This is extremely valuable to our success rate. In November we responded to a report of a home invasion on Lakeview Ct. at 3:30 in the afternoon. A description of the wanted vehicle was given and a search of the area began. At Westchester and Jefferson an Ordinance Officer was crossing the middle

school students. They heard the description of the wanted vehicle on his radio. While waiting for the light they observed the vehicle on Westchester and notified the officer. That information was broadcast and responding officers observed the car and made the arrest. The three students were presented with Citizen Awards by Mayor Heenan at a Council meeting with their families present.

We also know that if we are to be successful we can not work alone. Interaction with other departments is critical today in fighting crime. Recent changes in the Department have moved us closer and closer to that goal.

Our Detective Bureau continues to be the leader in area wide crime fighting initiatives. Recently, under the direction of D/Lt. James Smith, the bureau instituted a new e-mail group of area Detective Bureaus. This message format sends daily bulletins to area agencies linked together. Through this system several robberies have been solved. None more serious than an incident that occurred at Jefferson and Three Mile when a landscape crew working was suddenly confronted by armed subjects who demanded their truck and trailer loaded with equipment. They escaped into Detroit. A passing scout car, again being in the right place at the right time, was able to obtain a description before the victims could even call the police. Responding units spotted the truck and a chase ensued. The vehicle was involved in an accident and the occupants fled on foot. Officers searched the area and located one subject and arrested him.

When this information was disseminated through the e-mail system other agencies reported similar incidents and the Detectives were able to establish names of the four other subjects responsible. The tremendous cooperative effort of the various Departments resulted in numerous arrests and the removal of very serious felons from the streets that were responsible for a number of these crimes.

Another example of co-operative work was last March when a Grosse Pointe Park traffic unit monitored a radio broadcast from Grosse Pointe Farms of a vehicle wanted for carjacking at Lakeshore and Moross with shots fired. Our officers positioned themselves at

Jefferson and Cadieux and observed the wanted vehicle. After a brief chase the car was involved in an accident at Devonshire and Kercheval. The officers immediately gained control of the situation and three arrests were made and two guns recovered.

This past year we also installed MDC's (mobile data computers) in some of the scout cars. This is directly linked to the CLEMIS system (Courts and Law Enforcement Management Information System) which is a multi jurisdictional system that allows officers many different and immediate information options right in their scout cars. This system has also replaced CPLIMS as our dispatch and records system. This system also allows for a crime mapping tool that allows us to locate incidents on a map by date range and incident type. Officers can also obtain information immediately that in the past required them to drive back to the station. We hope to complete the project in the spring of 2007 with the installation of units in the remaining patrol vehicles.

We did see a slight increase in the area of accidents this year compared to last year. Part of this is attributed to a different reporting system with the Michigan State Police. Traffic enforcement however was targeted this past year by the uniform division. Selected officers on each of the shifts are now routinely assigned to the traffic units. As a result we saw hazardous traffic violations issued increase 46% last year over 2005. We issued 4,489 hazardous violations compared to 3,067 last year.

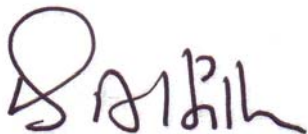

We responded to 111 fire runs of various natures last year. One of the most serious was a multiple dwelling unit fire on Wayburn that was discovered at 6:50 AM. The first units there determined that there were still residents in some of the units even though the upper two flats were on fire. Officers rescued a 75 year old male resident and a 70 year old female resident. The officers fighting the fire, which went to two alarms, did an outstanding job and contained the fire to the two upper units.

Our medical service to the community was also busy last year with 533 medic runs. One of the runs was on May 18<sup>th</sup> when a crew digging a new sewer line on Three Mile had one of the employees trapped in a mud slide. The patient was buried up to his chest in heavy clay and responding officers immediately jumped in the hole to begin digging him out. All

available officers and fire apparatus responded and, utilizing the aerial tower as a crane, the patient was finally able to be removed from the hole. The patient was taken to St. John Hospital in serious condition but was alive due to the team work of all involved.

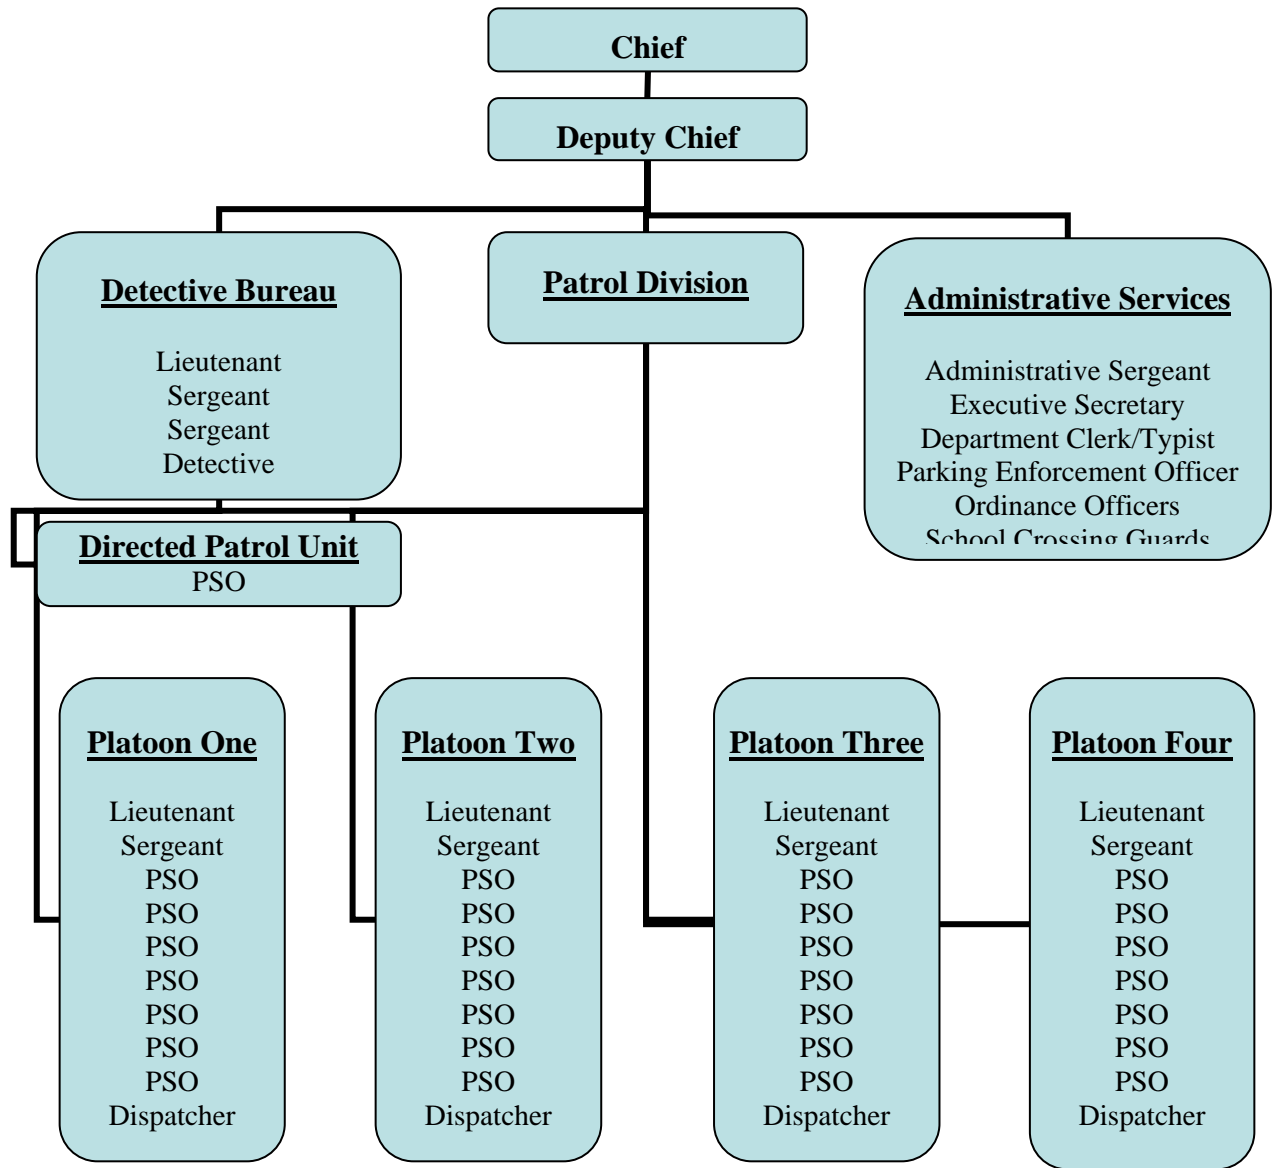

Last year I proudly notified you of the accomplishments of the Department's Youth Service unit in the area of forensic interviewing through *KIDS TALK*. I also noted that D/Lt. James Smith was instrumental in producing a video on this subject to bring awareness to this important program. The video was recognized a *Telly Award* which is similar to an Oscar. I am extremely proud to report that this year the Association of Fundraising Professionals awarded Jim with a Distinguished Volunteer Award for his dedication and commitment to the program. This is a great honor not only to Jim and his family but to the Grosse Pointe Park Department of Public Safety. This is just another example of the professional manner in which D/Lt. Smith approaches every one of his assignments. No matter how trivial or insignificant the task may be, I can be assured that it will be completely and thoroughly investigated and resolved. That type of leadership and dedication is reserved for very few officers. As a result I am deeply honored to award to D/Lt. James Smith a Grosse Pointe Park **Department of Public Safety Directors Award**.

In closing I want to again thank you, Mayor Heenan and the members of the Council for your continued support. We could not be as effective as we are if we did not have your continued backing. Likewise I want to thank the members of my Department. We consider ourselves truly professional. I am able to say that only because of the dedication and commitment of the sworn officers, dispatchers and civilian employees who make up this great department. We stand committed to the protection and well being of the citizens of this community.

David A. Hiller  
Chief of Police  
Director of Public Safety

# AWARDS

---

*Each year members representing every level of the Department meet in January to form the Honors Board which reviews all recommendations for awards submitted for the previous calendar year. The Public Safety Department's awards for 2006 are:*

*Det./Lieutenant James M. Smith*

*Public Safety Officer Daniel Kolar*

*Lieutenant John C. Kretzschmar  
Public Safety Officer Keith L. Andersen  
Public Safety Officer Ryan S. Milroth*

*Lieutenant James D. Chopp  
Sergeant James M. Vogler (2)  
Public Safety Officer Joseph P. Poirier (2)  
Public Safety Officer Erik A. Davis*

*Public Safety Officer Michael A. Narduzzi  
Public Safety Officer Keith L. Andersen  
Public Safety Officer Thomas Taylor (2)  
Public Safety Officer James A. Bostock*

## CLEARANCE RATE FOR INDEX OFFENSES

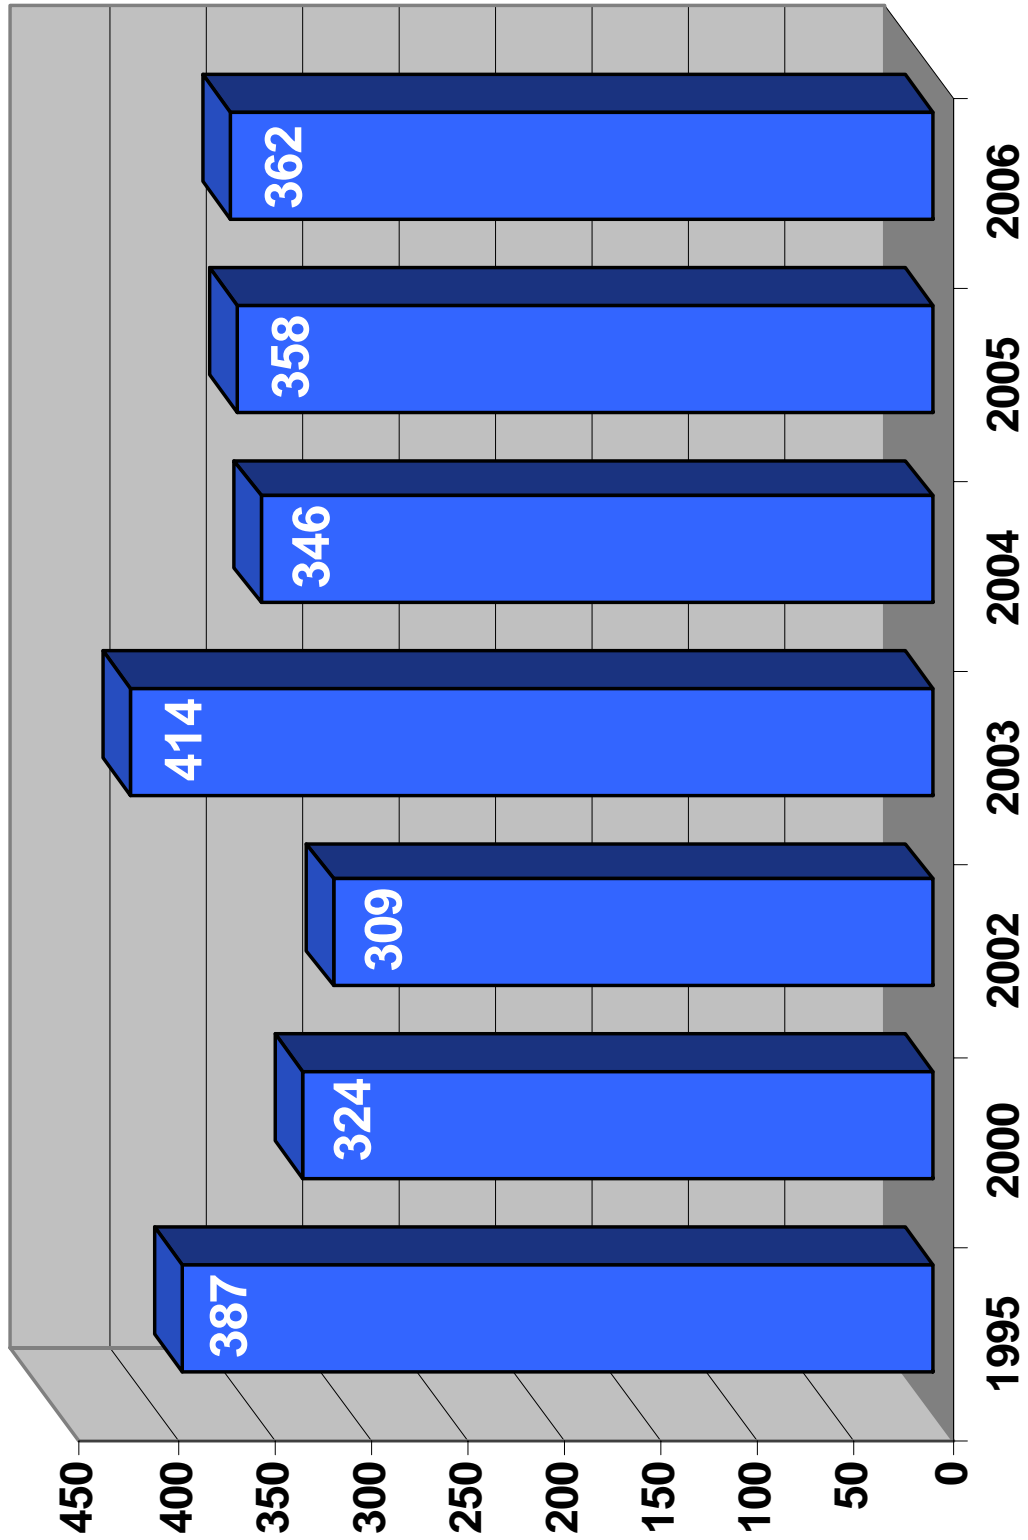

INDEX OFFENSES, formerly known as Part I Offenses, are traditionally used for comparison purposes. These crimes are the ones reported on both a Federal and State level. Over the years this Department has prided itself on an exceptionally high clearance rate for index offenses. This clearance rate is a result of dedicated work by the officers assigned to both the Uniform and the Detective Divisions of the Department. The clearance rate for the last four years is detailed below.

<i>CRIME</i>	<i>STATE*</i>	<i>GROSSE POINTE PARK</i>			
		<b>2006</b>	<b>2005</b>	<b>2004</b>	<b>2003</b>
Murder	40%	-----	-----	-----	-----
C.S.C.	19.8%	-----	100%	100%	-----
Robbery Armed/ Not Armed	19.4%	58%	50%	63%	50%
Aggravated Assault	31.9%	100%	83%	100%	100%
Burglary	10.6%	61%	48%	52%	31%
Larceny	14.9%	17%	20%	16%	27%
Motor Vehicle Theft	9.5%	17%	16%	16%	15%
Arson	11.7%	0%	-----	0%	100%

# TRAFFIC ENFORCEMENT

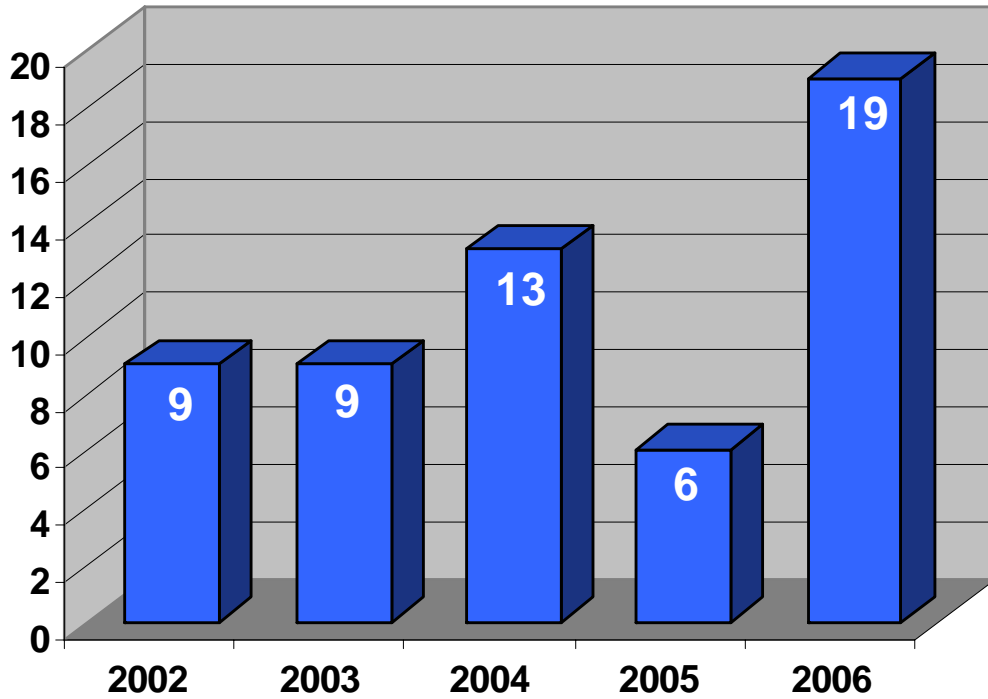

The enforcement of the *Michigan Uniform Traffic Code* is the responsibility of the Uniform Division of the Public Safety Department. By enforcing the Traffic Code it is the goal of the Department to reduce personal injury accidents, property damage accidents and pedestrian accidents. Grosse Pointe Park has the remarkable record of not having a pedestrian fatality for 30 years. This year officers initiated **7087** vehicle stops.

The department assigns a semi-marked radar equipped patrol unit on a daily basis. The violations issued by the officers are broken into three basic groups: hazardous, non-hazardous, and parking. The primary violations issued are for speeding. Hazardous violations are issued for such things as, operating under the influence of liquor, signal lights, stop signs and other moving violations. Non-hazardous violations include violations such as operating with a suspended operator's license, no proof of insurance and improper license plates.

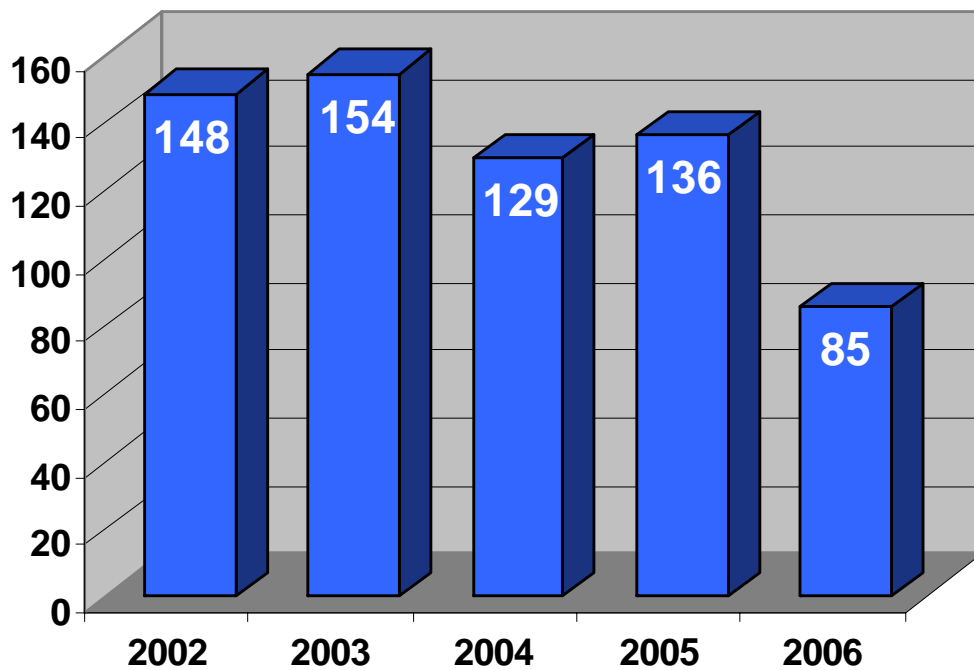

# MOTOR VEHICLE ACCIDENTS –FIVE YEAR PERIOD

## *INJURY ACCIDENTS*

## PROPERTY DAMAGE ACCIDENTS

## *PATROL DIVISION ACTIVITIES*

The Patrol Division of the Grosse Pointe Park Department of Public Safety, consisting of four platoons with nine officers assigned to each, is responsible for the continuous protection of the community. The Patrol Division responds to a variety of requests for services on a daily basis. The officers also conduct traffic stops and field investigations while on routine patrol. The chart below is a two year breakdown of the calls for service recorded by the Department that are not captured under another category.

CLASSIFICATION OF POLICE RESPONSE	2006	2005
Alarms	621	648

# FIRE ACTIVITIES

The FIRE ACTIVITIES listed below reflects the number of fire responses by the Public Safety Department in 2006 compared to the last three years. The Department prides itself on its quick response to any reported fire emergency. By training and equipping officers on the road to immediately assess and evaluate situations upon their arrival, we are able to keep the vast majority of our fires to a minimum.

CLASSIFICATION OF FIRE RESPONSE	2006	2005	2004	2003

# ADMINISTRATIVE SERVICES

*The Administrative Service Section of the Grosse Pointe Park Department of Public Safety consists of the Chief, Deputy Chief, Administrative Sergeant, Executive Secretary, Department Clerk, Parking Enforcement Officer, and the Ordinance Officer. It is the responsibility of the Administrative Service Section to see that the Department operates in a professional manner at all times.*

***Administrative Sergeant*** The Administrative Sergeant for the Department has numerous duties. He is responsible, among others, for the training and re-certification of the Department EMT's, programming and maintaining the Department computers, hiring and training school crossing guards, and the Fire Prevention Bureau. In this capacity he is responsible for inspecting all commercial buildings and multiple-family dwellings in the city. While the main purpose of an inspection is to locate fire code violations, the desired goal is to correct them.

<u>2006</u>	
<b>INSPECTIONS</b>	<b>30</b>
<b>VIOLATIONS</b>	<b>49</b>
<b>CORRECTIONS</b>	<b>15</b>

This results in having a safe environment to both live and work.

***Executive Secretary/  
Department Clerk***

The Executive Secretary and the Department Clerk conduct the daily business of the Department. The payroll, vouchers, purchase orders, Department records, personnel files, new employment applications, and all *Freedom of Information Act (FOIA)* requests received by the Department and the City Attorney are just some of the duties of the Executive Secretary. The Department Clerk is responsible for the daily computer entry of all Computer Aided Dispatch (CAD) reports, all traffic violations and arrest records. The Clerk also provides clerical support to the Detective Bureau.

***Parking Enforcement  
Ordinance Officers***

The Parking Enforcement Officer assists the Uniform Division with various parking restrictions throughout the city other duties as needed throughout the day. The Ordinance Officers, a part-time position with the Department, are assigned numerous duties, primarily those pertaining to animal complaints. Last year the Parking Enforcement Officer and Ordinance Officers issued 2,477 parking violations. The Ordinance Officers also handled 558 animal complaints.

## DETECTIVE BUREAU

The Grosse Pointe Park Department of Public Safety Detective Bureau consisting of a Lieutenant, two Sergeants, one Detective and the Directed Patrol Unit, is the investigative division of the Department. As such, its members perform various duties on a daily basis. The following list is just a part of the many duties performed by the Bureau:

**Investigation of criminal acts such as:**

- Crime scenes, Evidence, Arrest, Interviews, and Interrogations
- Suspected or Actual cases of Child Abuse
- Suspected or Actual Exploitation of the Elderly
- Cause and Origin Investigation of Fires
- Michigan Incident Crime Reporting System (MICR)
- Narcotic Related Investigations
- Liquor Licensing and Enforcement
- Handgun Licensing and Registration
- Keeper of the Records

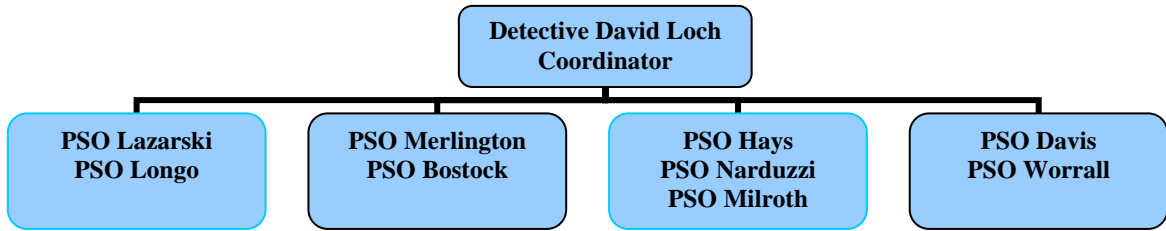

When the Detective Bureau successfully completes the investigation of a criminal matter, whether by arrests or other clearance measures, the case is considered closed or cleared. The **Clearance Rate** is based on the closure of these cases. In 2006 (latest data available) the average clearance rate for Michigan law enforcement agencies was 33.7% overall. Below is the four-year **Clearance Rate** percentage for all crimes as reported by the Michigan State Police for Grosse Pointe Park Department of Public Safety.

<b>OVERALL CRIME CLEARANCE RATE</b>				
<b>STATE</b>	<b>GROSSE POINTE PARK</b>			
	<b>2006</b>	<b>2005</b>	<b>2004</b>	<b>2003</b>
*33.7%	56%	60%	61%	58%

The Detective Bureau continues to coordinate the Wayne County Forensic Child Interview Program (Kids-TALK) for eastern Wayne County agencies. The Kids-TALK program provides a child friendly interview environment for children who have reported child sexual abuse.

\*2006 Michigan statewide clearance rate average

# YOUTH SERVICE UNIT

*The unit provides a great service to the Department by having a youth Officer on duty 24 hours a day seven days a week. As Situations arise involving our young people, a Youth Officer is immediately available to begin accessing and directing a proper response.*

<b>Juvenile Cases Investigated</b>	
	<b>34 Felony contacts</b>
	<b>84 Misdemeanors Contacts</b>
	<b>5 Protective Custody Cases</b>
<b>Total:</b>	<b>123</b>

The following is sample of the types of cases that the Y.S.U. officers handled last year.

- 25 involved with stolen motor vehicles
- 3 for criminal sexual conduct
- 2 for Home Invasion
- 21 for stolen property and bicycles
- 19 for curfew violations
- 14 for Alcohol / Drug violations

The Y.S.U. is invaluable when investigating cases of juveniles stealing (or) possessing stolen motor vehicles. Many of the 19 juveniles detained for curfew were investigated during early morning hours and they are suspected in motor vehicle thefts. The on duty Y.S.U. officer(s) prepare the proper documents to allow for the immediate admission of the offender into the Wayne County Detention Facility.

During 2006 Y.S.U. officers also investigated cases involving the Internet threats - stalking, trespassing, child neglect, weapons, truancy, and other crimes.

## EDUCATION/TRAINING COURSES/SEMINARS

*Whenever feasible, personnel are assigned to attend classes that meet the Department's needs.*

There is an enormous wealth of educational and training courses available through professional organizations, specialized training consultants, and local colleges and universities. There are also several employees who are certified in different skills and they participate in regular updates to maintain certification. The following is a list of the courses and seminars attended as well as the number trained and total hours involved:
