March 10, 2008

Mr. Dale Krajniak  
City Manager  
Grosse Pointe Park, MI. 48230

Dear Mr. Krajniak;

I present to you and the members of the council the Annual Report for the year 2007. This report describes the events and activities of the Department for the year. The report reflects the activities, dedication and commitment displayed by all of the members of the Department of whom I am extremely proud.

As you will see, the report indicates index crimes, considered the most serious, rose slightly. We had 385 reported this year as opposed to 362 in 2006. What should be noted however is that the increase basically is in the area of larceny. Larceny is the most reported crime in any community and one that we constantly work to reduce. We had 246 total larceny type complaints reported last year as compared to 216 in 2006. Without that increase we would in fact have reduced index crimes last year.

What is very important to note however is the substantial reduction in the far more serious crimes; specifically robbery, home invasion or burglary and motor vehicle theft. With a 75%, 11% and 23% reduction respectively in each category, we had an outstanding year.

As is the case in years past, reported numbers often reflect unusual circumstances. For instance, over a 7-8 day period in late October we experienced eight home invasions in the north end of the city. These crimes were somewhat unusual due to the time of day

committed as well as the reported loss. Uniform and plain cloths officers increased their patrol in the area in an attempt to identify and arrest those responsible.

On November 8<sup>th</sup>, a resident, again one of our best sources of information, reported two suspicious persons in the area of the 1300 block of Buckingham. While not always considered a priority run, the quick response this time by uniform officers resulted in the two suspects being spotted who then fled the area on foot. After a short foot chase they were arrested. A follow up investigation showed these two subjects, both juveniles, responsible for the eight home invasions. These juvenile lived on the far west side of the City of Detroit. They would take the Mack Ave bus to Grosse Pointe Park where they would then enter the homes close to Mack.

I also believe that the reduction in street crimes, specifically robbery, is attributed to a constant visual presence of officers. Likewise, the officers pride themselves on a quick response to serious crimes. This certainly was the case on November 17<sup>th</sup> when a citizen was robbed at gun point on Mack. Officers obtained a description, contacted our Dispatcher who contacted neighboring agencies. Detroit Police and Harper Woods Police responded indicating that the vehicle and subjects were also responsible for a number of serious crimes in their communities. Officers continued to flood the area and the vehicle was spotted and pursued. The vehicle lost control and struck a number of parked cars. Officers were able to capture those responsible which included one adult and two juveniles. The weapons used and the stolen property was also recovered.

What I have noticed this past year was an increase in juvenile activity in serious crimes. In home invasions, as previously noted, and in auto theft we have seen increased numbers.

One of those instances occurred when officers investigated two home invasions on Wayburn and Maryland. During the investigation Youth Service Officers developed a suspect who lived on Alter Rd. They went to his house and gained entry. They were able to recover stolen property as well as arrest the 16 year old responsible for the crimes.

I am extremely proud to report that in 2007 we reported 74 stolen cars. That number, 23% less than 2006, is also the lowest we have had in five years. That reduction can be attributed to a number of factors, but the most significant is the Departments commitment to the ***Arrest Car Thieves In Our Neighborhood, (ACTION)***, task force. This unit, which has officers from Harper Woods, Grosse Pointe Park and the Wayne County Sheriffs office assigned to it, was formed with the goal of reducing car thefts on the East Side. Over the last year they have been responsible for recovering over 400 stolen cars and over 200 arrests. This also includes more than 75 juveniles. The unit has been recognized as being extremely efficient and has already received awards and recognition. I also am proud to announce that we have received a state grant from the Automobile Theft Prevention Authority (ATPA) for the year 2008. This grant will help offset salary and vehicle costs associated to this type of activity.

An example of the efficiency of the unit was in July. The Chrysler Corporation reported to the unit that they were experiencing the loss of 5-6 cars a week from their east side storage lot. The ACTION crew developed and worked with a suspect to identify and arrest those responsible. On July 16<sup>th</sup>, officers watched as nine subjects entered the storage lot and attempted to steal six cars. With the assistance of uniform officers and units from our Department all nine were arrested and the cars recovered.

Our Uniform division also can take pride in their attempts to reduce the loss of cars. A constant presence during the late evening and early morning hours has resulted in many arrests and recoveries. One of note was on August 3<sup>rd</sup> when at 4:30 AM an officer in the area of Berkshire and St. Paul observed a car driving suspiciously. A check of the vehicle showed it to be stolen. When the officer attempted to stop the car it fled. A pursuit developed and during the pursuit the first stolen car met up with another stolen car and officers actually observed them communicating with each other by cell phone. When officers were able to stop the first stolen car, the occupants jumped into the second car and fled but only after ramming an officer's car once and dragging another officer for a short distance. When the vehicle was finally stopped four suspects were taken into custody. Two adults, one of which was wearing a tether issued by the Wayne County

Circuit Court, and two juveniles each of which were escapees from the youth home. This was extremely upsetting to us in that the subjects were all previously convicted or awaiting trial on additional auto theft cases. I had a meeting with the Wayne County Sheriff as well as the Chief Judge of the Circuit Court to express our displeasure and to see what could be done. Hopefully in the future we will see results of that meeting.

I should also point out that, while we had a slight increase in index crimes, our overall crime statistics were reduced 8% in 2007. We also continued to have a great clearance rate in our reported crimes. With a clearance rate of almost 53% it reflects directly on the outstanding work of both the Uniform division as well as the Detective Bureau. The Uniform Division is mainly responsible for arrests on the street for various crimes. Last year we arrested 475 adults. That number is down somewhat mainly due to what we call Obstructing Justice arrests. When officers stop an individual for various reasons they check that subjects status on the Law Enforcement Information Network (LEIN). What we are finding is we have subjects that the Detroit Police Department has issued warrants for but they refuse to pick them up. All we can do is advise them of the warrant and release them.

We do however continue to have an outstanding working relationship with other jurisdictions. We have come to realize that in today's law enforcement environment we need to work together. We rely heavily on inter-departmental notifications and communications in reporting events and suspects.

In October Grosse Pointe Shores broadcast a vehicle and suspects wanted for larceny in their community. Our officers set up in the area of Cadieux and Jefferson and shortly after observed the car. They attempted to stop the car but it refused and a short chase ensued. The occupants abandoned the car and fled on foot in the area of Three Mile and Jefferson. Responding officers established a perimeter and started a yard to yard search. They were successful and located the two subjects, again both juveniles, hiding in a yard.

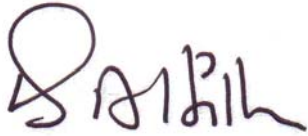

Another case involved Grosse Pointe Woods when in April they broadcast a vehicle wanted for armed robbery. Again patrol officers set up, this time on Mack, and spotted the car. The car refused to stop and the officers pursued it into Detroit where they were ultimately able to stop the car and arrest the occupants.

We saw an increase in fire activities last year. We responded to 164 calls for service, up from 111 the year before. Fortunately the vast majority were found to be false alarms. On April 16<sup>th</sup> however that was not the case. In the early afternoon, officers responded to a reported roof fire at 1482 Wayburn. The resident had noticed the Edison lines were banging against the house all day and when he reported it to them they indicated they would check it out. Unfortunately they waited too long and upon arrival the firefighters found the roof of the dwelling free burning. To complicate matters, the weather that day included 40mph winds which obviously created serious tactical problems for the firefighters. The fire went to three alarms which brought in officers from Grosse Pointe City and the Farms. Although the house was a total loss, the officers were able to prevent damage to the house next door.

Our Emergency Medical Units responded to 510 calls last year which includes 176 runs to Grosse Pointe City who we provide service to. The EMT's serviced 513 patients on those runs and utilized the new Beaumont Hospital and St. John's as our primary facilities for treatment. We constantly receive notes and thank you cards from patients and families of those we serve. They thank us not only for the service we provide but for the quick response and personal touch our Medics give to those they treat.

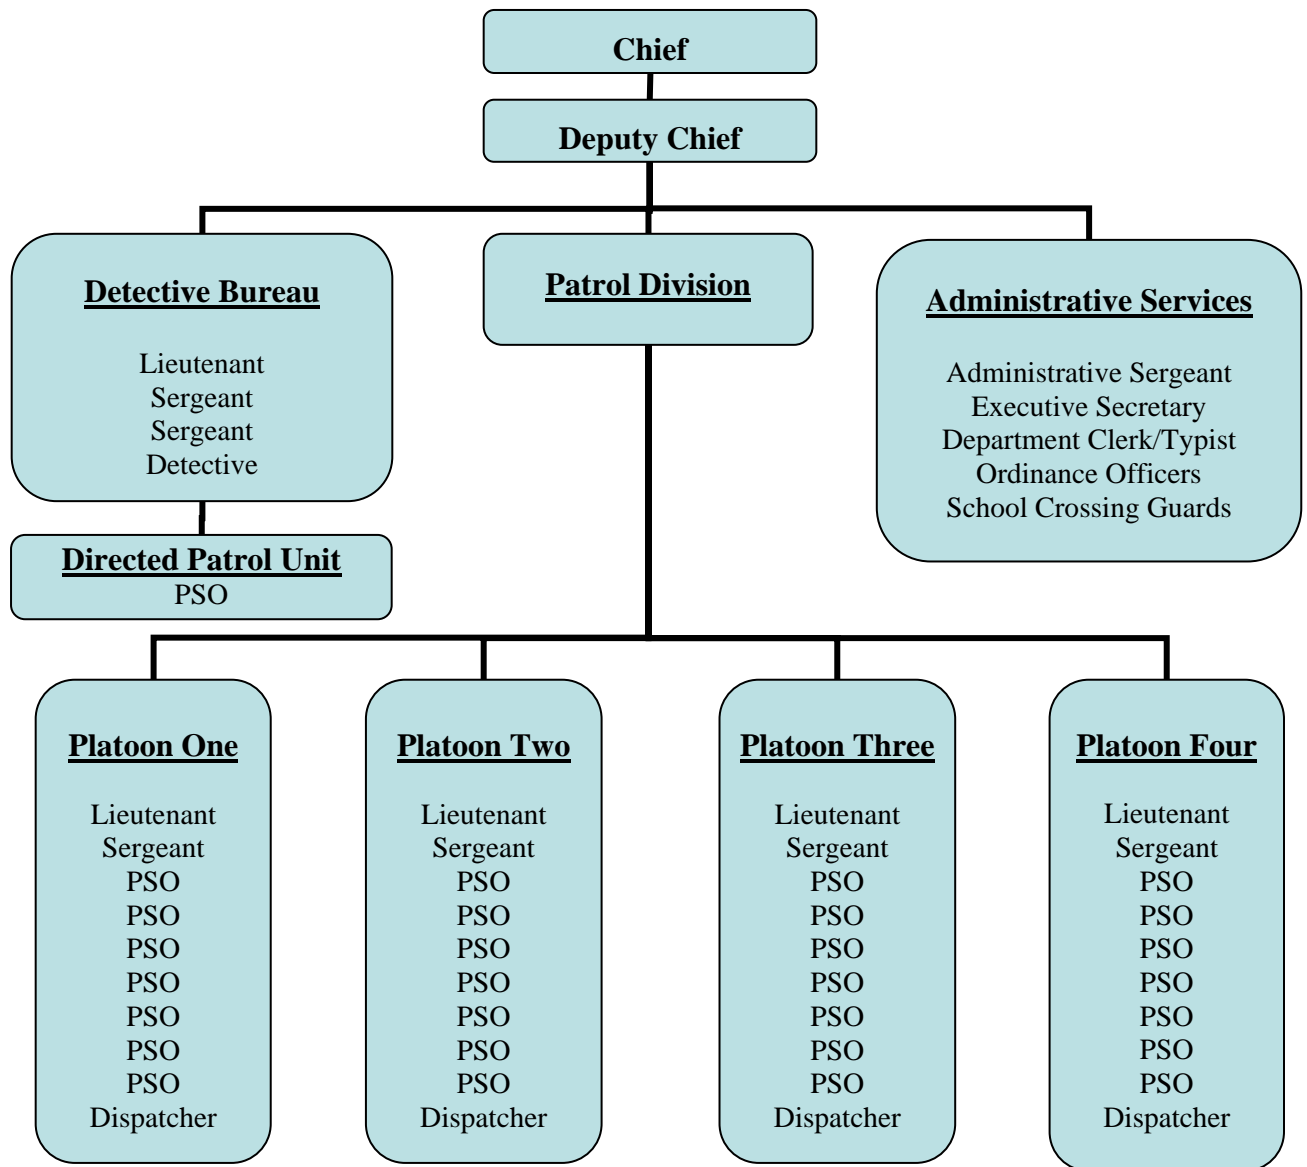

We continue to enforce traffic violations in the community with the ultimate goal of reducing accidents. We experience relatively low numbers each year and in 2007 we reduced injury accidents to a total of 16 and property damage accidents to a low of 63, the lowest we have seen in well over five years.

In closing I again want to thank you, Mayor Heenan and the members of the Council for your continued support. I have been a member of this Department now for over thirty-six years and I am proud to say we continue to be one of the most professional and dedicated police agencies in the area. While I am thankful for your support, I am extremely fortunate to work with the officers, dispatchers and civilian employees who consistently display that professional attitude. Together we stand ready to proudly serve the resident we work for.

A handwritten signature in dark ink, appearing to read "D. Hiller". The signature is stylized with a large, looped initial "D" and a cursive "Hiller".

David A. Hiller  
Chief of Police  
Director of Public Safety

# AWARDS

*Each year members representing every level of the Department meet in January to form the Honors Board which reviews all recommendations for awards submitted for the previous calendar year. The Public Safety Department's awards for 2007 are:*

*Lieutenant John Kretzschmar  
Public Safety Officer Thomas Lazarski  
Public Safety Officer Michael Miller*

*Public Safety Officer Keith Andersen  
Public Safety Officer Paul Pionk*

*Deputy Chief John Schulte  
Sergeant James Vogler (2)  
Sergeant Edward Arnold  
Dispatcher Robin Fiset (3)  
Dispatcher Jodi Kurko (2)  
Dispatcher Jill Mazzara  
Dispatcher Josie Hendrix  
Public Safety Officer Keith Andersen (3)  
Public Safety Officer Michael Narduzzi (2)  
Public Safety Officer Michael Miller (2)  
Public Safety Officer Thomas Taylor (2)*

*Public Safety Officer Stephen Thiel (2)  
Public Safety Officer James Bostock (2)  
Public Safety Officer Jeffrey Longo  
Public Safety Officer Robert Krompatic  
Public Safety Officer Thomas Lazarski  
Public Safety Officer Erik Davis  
Public Safety Officer Terry Hays  
Public Safety Officer Anthony Blain  
Public Safety Officer Colin Connaire  
Public Safety Officer Paul Pionk*

## CLEARANCE RATE FOR INDEX OFFENSES

INDEX OFFENSES, formerly known as Part I Offenses, are traditionally used for comparison purposes. These crimes are the ones reported on both a Federal and State level. Over the years this Department has prided itself on an exceptionally high clearance rate for index offenses. This clearance rate is a result of dedicated work by the officers assigned to both the Uniform and the Detective Divisions of the Department. The clearance rate for the last four years is detailed below.

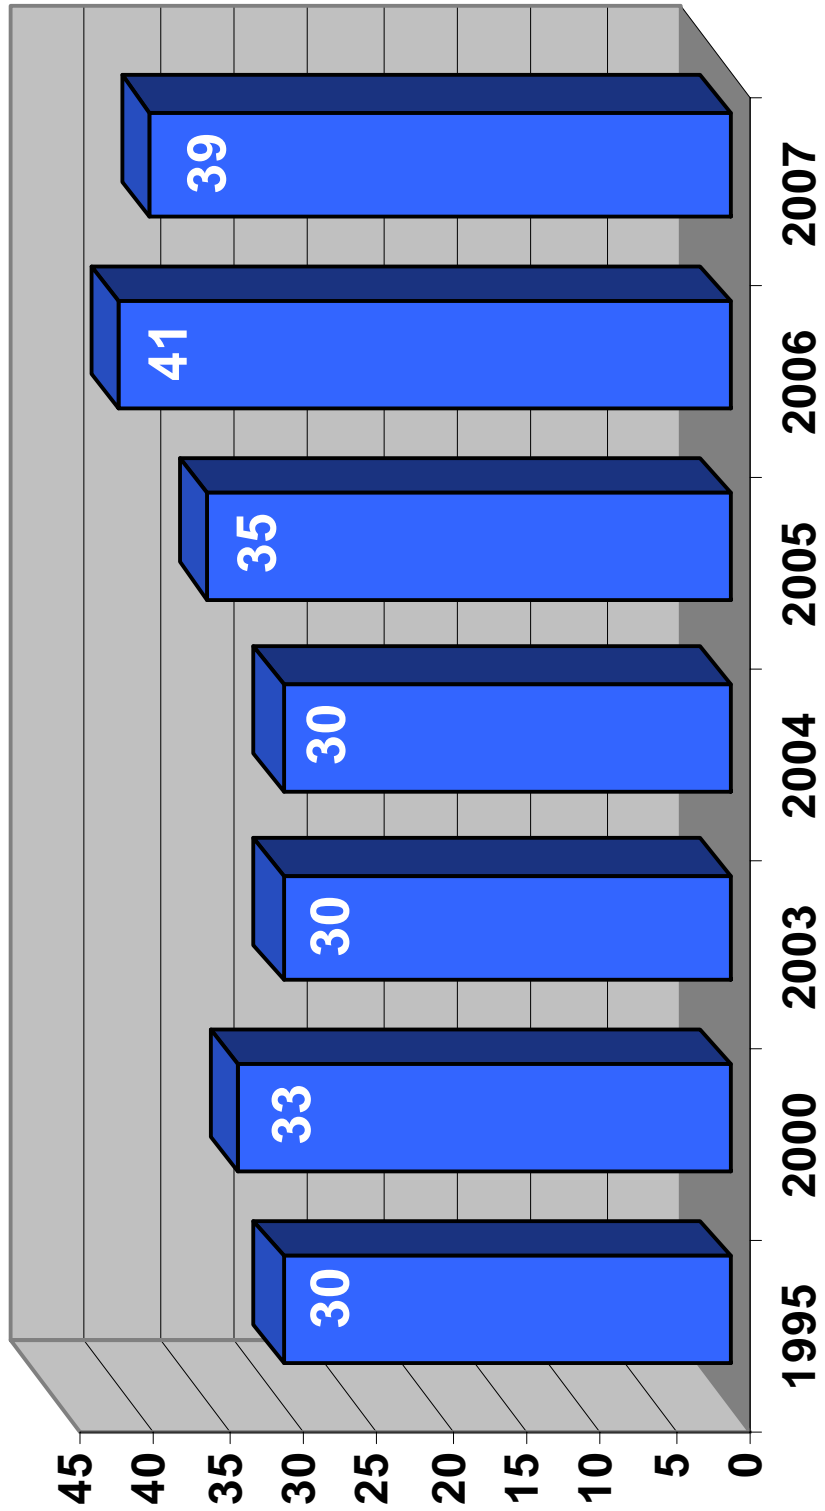

<i><b>CRIME</b></i>	<i><b>STATE*</b></i>	<i><b>GROSSE POINTE PARK</b></i>			
		<b>2007</b>	<b>2006</b>	<b>2005</b>	<b>2004</b>

**CRIME TRENDS – MOTOR VEHICLE THEFT**

# TRAFFIC ENFORCEMENT

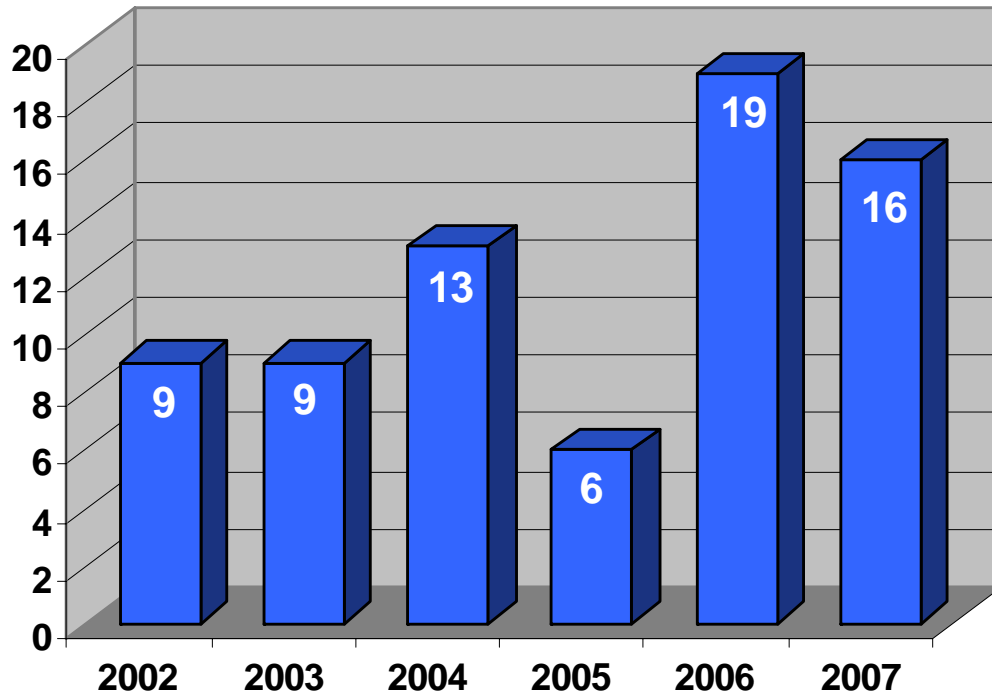

The enforcement of the *Michigan Uniform Traffic Code* is the responsibility of the Uniform Division of the Public Safety Department. By enforcing the Traffic Code it is the goal of the Department to reduce personal injury accidents, property damage accidents and pedestrian accidents. Grosse Pointe Park has the remarkable record of not having a pedestrian fatality for 30 years. This year officers initiated 5761 vehicle stops.

The department assigns a semi-marked radar equipped patrol unit on a daily basis. The violations issued by the officers are broken into three basic groups: hazardous, non-hazardous, and parking. The primary violations issued are for speeding. Hazardous violations are issued for such things as, operating under the influence of liquor, signal lights, stop signs and other moving violations. Non-hazardous violations include violations such as operating with a suspended operator's license, no proof of insurance and improper license plates.

## PATROL DIVISION ACTIVITIES

The Patrol Division of the Grosse Pointe Park Department of Public Safety, consisting of four platoons with nine officers assigned to each, is responsible for the continuous protection of the community. The Patrol Division responds to a variety of requests for services on a daily basis. The officers also conduct traffic stops and field investigations while on routine patrol. The chart below is a two year breakdown of the calls for service recorded by the Department that are not captured under another category.

CLASSIFICATION OF POLICE RESPONSE	2007	2006
Alarms	632	621
Animal Complaints	659	677
Assistance to Citizens	608	617
Disturbance/Noise	310	303
Mental Persons	30	33

Trouble With Person	228	300
Traffic/Parking Complaints	532	457
Miscellaneous	2169	1970
<b>TOTALS</b>	<b>7098</b>	<b>6969</b>

# FIRE ACTIVITIES

The FIRE ACTIVITIES listed below reflects the number of fire responses by the Public Safety Department in 2006 compared to the last three years. The Department prides itself on its quick response to any reported fire emergency. By training and equipping officers on the road to immediately assess and evaluate situations upon their arrival, we are able to keep the vast majority of our fires to a minimum.

CLASSIFICATION OF FIRE RESPONSE	2007	2006	2005	2004
Dwelling - Single.	11	7	16	11
Dwelling - Multi Unit.	7	4	2	4

# ADMINISTRATIVE SERVICES

*The Administrative Service Section of the Grosse Pointe Park Department of Public Safety consists of the Chief, Deputy Chief, Administrative Sergeant, Executive Secretary, Department Clerk, Parking Enforcement Officer, and the Ordinance Officer. It is the responsibility of the Administrative Service Section to see that the Department operates in a professional manner at all times.*

**Administrative Sergeant** The Administrative Sergeant for the Department has numerous duties. He is responsible, among others, for the training and re-certification of the Department EMT's, programming and maintaining the Department computers, hiring and training school crossing guards, and the Fire Prevention Bureau. In this capacity he is responsible for inspecting all commercial buildings and multiple-family dwellings in the city. While the main purpose of an inspection is to locate fire code violations, the desired goal is to correct them.

<u>2007</u>	
<b>INSPECTIONS</b>	<b>40</b>
<b>VIOLATIONS</b>	<b>57</b>
<b>CORRECTIONS</b>	<b>29</b>

This results in having a safe environment to both live and work.

**Executive Secretary/  
Department Clerk**

The Executive Secretary and the Department Clerk conduct the daily business of the Department. The payroll, vouchers, purchase orders, Department records, personnel files, new employment applications, and all *Freedom of Information Act (FOIA)* requests received by the Department and the City Attorney are just some of the duties of the Executive Secretary. The Department Clerk is responsible for the daily computer entry of all Computer Aided Dispatch (CAD) reports, all traffic violations and arrest records. The Clerk also provides clerical support to the Detective Bureau.

**Parking Enforcement  
Ordinance Officers**

The Parking Enforcement Officer assists the Uniform Division with various parking restrictions throughout the city other duties as needed throughout the day. The Ordinance Officers, a part-time position with the Department, are assigned numerous duties, primarily those pertaining to animal complaints. Last year the Parking Enforcement Officer and Ordinance Officers issued **3,356** parking violations. The Ordinance Officers also handled **119** animal complaints.

## DETECTIVE BUREAU

*The Grosse Pointe Park Department of Public Safety Detective Bureau consisting of a Lieutenant, two Sergeants, one Detective and the Directed Patrol Unit, is the investigative division of the Department. As such, its members perform various duties on a daily basis. The following list is just a part of the many duties performed by the Bureau:*

***Investigation of criminal acts such as:***

- Crime scenes, Evidence, Arrest, Interviews, and Interrogations
- Suspected or Actual cases of Child Abuse
- Suspected or Actual Exploitation of the Elderly
- Cause and Origin Investigation of Fires
- Michigan Incident Crime Reporting System (MICR)
- Narcotic Related Investigations
- Liquor Licensing and Enforcement
- Handgun Licensing and Registration
- Keeper of the Records

When the Detective Bureau successfully completes the investigation of a criminal matter, whether by arrests or other clearance measures, the case is considered closed or cleared. The ***Clearance Rate*** is based on the closure of these cases. In 2006 (latest data available) the average clearance rate for Michigan law enforcement agencies was 33.7% overall. Below is the four-year ***Clearance Rate*** percentage for all crimes as reported by the Michigan State Police for Grosse Pointe Park Department of Public Safety.

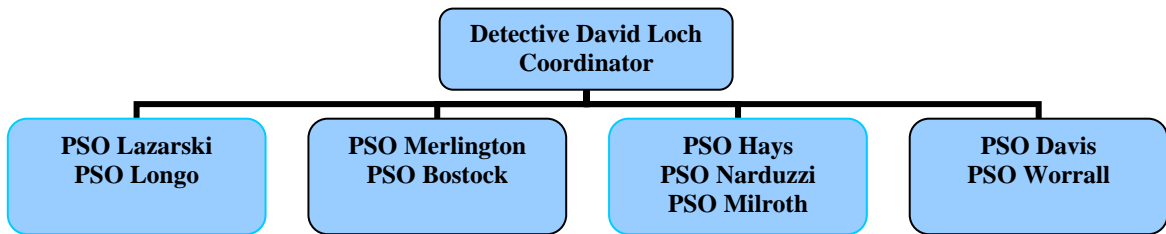

<b>OVERALL CRIME CLEARANCE RATE</b>				
<b>STATE</b>	<b>GROSSE POINTE PARK</b>			
	<b>2007</b>	<b>2006</b>	<b>2005</b>	<b>2004</b>
*33.7%	52%	56%	60%	61%

The Detective Bureau continues to coordinate the Wayne County Forensic Child Interview Program (Kids-TALK) for eastern Wayne County agencies. The Kids-TALK program provides a child friendly interview environment for children who have reported child sexual abuse.

\*2006 Michigan statewide clearance rate average

# YOUTH SERVICE UNIT

---

*The unit provides a great service to the Department by having a youth Officer on duty 24 hours a day seven days a week. As Situations arise involving our young people, a Youth Officer is immediately available to begin accessing and directing a proper response.*

<p style="text-align: center;"><b>Juvenile Cases Investigated</b></p> <p style="text-align: center;"><b>49 Felony contacts</b> <b>73 Misdemeanors Contacts</b> <b>9 Protective Custody Cases</b></p> <p style="text-align: center;"><b>131 Total</b></p>
--

The following is sample of the types of cases that the Y.S.U. officers handled last year.

- 37 involved with stolen motor vehicles
- 3 for criminal sexual conduct
- 10 for Home Invasion
- 24 for stolen property and bicycles
- 15 for curfew violations
- 22 for Alcohol / Drug violations

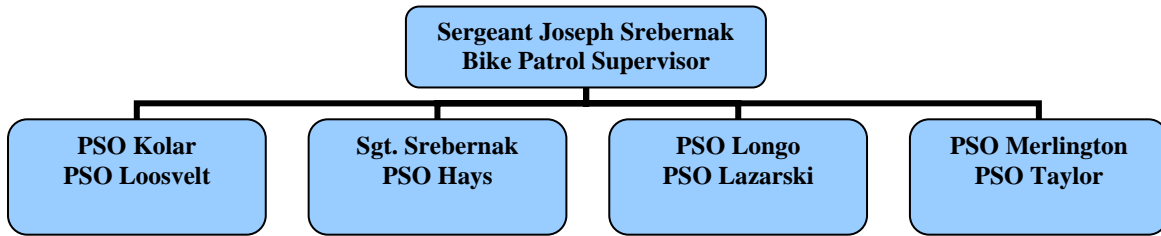

The Y.S.U. is invaluable when investigating cases of juveniles stealing (or) possessing stolen motor vehicles. Many of the 15 juveniles detained for curfew were investigated during early morning hours and they are suspected in motor vehicle thefts. The on duty Y.S.U. officer(s) prepare the proper documents to allow for the immediate admission of the offender into the Wayne County Detention Facility.

During 2007 Y.S.U. officers also investigated cases involving the Internet threats - stalking, trespassing, child neglect, weapons, truancy, and other crimes.

# BIKE PATROL

---

*The Grosse Pointe Park Bike Patrol was formed in 2002 and serves the Department 24 hours a day with a consistent presence to support the objectives of the uniform division. Utilizing the **community policing** concept, these officers take great pride in their ability to serve the merchants, the residents and the youth of our community.*

Bike officers have provided patrol coverage for activities such as the Little League, Thanksgiving and Christmas day parades, Park Market weekends, the Grosse Pointe Woods fireworks and Grosse Pointe Park's 100<sup>th</sup> birthday party.

Throughout 2007, officers assigned to the bike patrol averaged 20 miles per day or 6000 total miles for the year. Bike officers' increased visibility and approachability is reminiscent of the foot beat officers of days gone by. Bike patrol officers made hundreds of citizen contacts and have proven very effective during night patrols in locating and enforcing public nuisance and noise ordinances.

## EDUCATION/TRAINING COURSES/SEMINARS

*Whenever feasible, personnel are assigned to attend classes that meet the Department's needs.*

There is an enormous wealth of educational and training courses available through professional organizations, specialized training consultants, and local colleges and universities. There are also several employees who are certified in different skills and they participate in regular updates to maintain certification. The following is a list of the courses and seminars attended as well as the number trained and total hours involved:

MONTH	TRAINING/ UNIT	OFFICERS TRAINED	TOTAL HOURS
