March 1, 2010

Mr. Dale Krajniak
City Manager
Grosse Pointe Park, MI. 48230

Dear Mr. Krajniak;

I present to you and the members of the council the Annual Report for the year 2009. This report describes the events and activities of the Department for the year. The report also reflects the activities, dedication and commitment displayed by all members of the Department, of whom I am extremely proud.

Last year I was able to report to you a 16% decrease in Part One Crimes, with 323 reported. This year I am pleased to report that we have again reduced our Part One crimes with 302 reported. **That reflects at 6.5% decrease.** This number, as you will see later in graph form, is the lowest we have seen in over 15 years. Part One or index crimes are considered the most serious of crimes reported each year.

In addition to a reduction in Part One Crimes, we also had a large reduction in Non-Index crimes with 273 reported as compared to 355 in 2008. Combined with Index Crimes this reflects a 15% reduction in overall crime. Two crimes that affect our everyday lives, burglary and auto theft, showed substantial reductions last year. With 42 cars reported stolen, a 36% reduction from the previous year, we have the lowest numbers in over ten years.

This is an outstanding accomplishment given that in the year 2003 there were 127 vehicles stolen. With 20 reported cases in the category of burglary, the graphs will show it is also the lowest since 1995. One of the reasons we have reductions in criminal activity is directly related to the priorities we have implemented.

As previously reported to you the **ACTION** (Arrest Car Thieves In Our Neighborhood) Team has had a tremendous impact. The team, which was awarded a second grant in October from the Automobile Theft Prevention Authority (ATPA), has been in operation for three years. Traditionally it was staffed by members from Grosse Pointe Park, Harper Woods and the Wayne County Sheriff's Department. Unfortunately in July the Sheriff removed his members due to budgetary constraints. We were able to place an additional officer from our Department and the Detroit Police Department provided two officers late this year. The Team continues to concentrate their efforts on the east side of Wayne County, recovering stolen cars and making numerous arrests. In addition they conduct various under cover operations that develop into larger scale criminal cases. One of these investigations dealt with two vehicles and subjects that were responsible for a series of armed robberies and car jackings.

On April 1, 2009 the Team located one of the vehicles wanted and established a surveillance. A short time later two subjects were observed leaving the area in the stolen vehicle. The members of the Team blocked the vehicle in an attempt to make the arrests. One of the subjects fled on foot however the second subject, who was the driver, elected to try and escape by ramming the under cover vehicles and attempted to strike the officers. Fearing for the safety of others as well as their own, members of the Team were required to discharge their weapons. The assailant was struck and no officers were injured. This felon was armed with a 40 caliber semi-automatic hand gun. The use of fatal force is always considered a last resort, but we realize it is part of the job. In this case two dangerous felons were removed from the street.

I want to also acknowledge the dedicated work done everyday by the uniform officers of this Department. Our officers on routine patrol continue to make traffic stops,

investigate suspicious vehicles and subjects. Those activities can also turn extremely dangerous at any given time. In February officers attempted to stop a vehicle and when it fled a pursuit developed. Officers followed the vehicle and a short time later it was involved in an accident. The owner of the parked car struck by the stolen automobile fired two shots at the occupants, thus escalating the situation even more. Our officers were able to control the situation and make the necessary arrests.

Not all pursuits involve stolen automobiles but rather they are based on decisions made by the officer and the supervisors. In June, in two separate incidents, we had reports of a subject and vehicle wanted for breaking into garages. A patrol car spotted the wanted pick-up truck and attempted to make a stop. The truck refused to stop and was pursued by responding officers. At St. Jean and Warren the truck ran a red signal and struck another car. The driver of the wanted vehicle was seriously injured and later died from his injuries. It was determined he was responsible for a number of crimes in our community.

In the area of home invasions we are at an all time low. We have always encouraged our residents to call us when they observe suspicious activity and we believe that has helped reduce these crimes. Another reason is the quick response and attention to detail that the officers on patrol exercise on a daily basis. For example, on July 10th officers responded to a residential alarm. We respond to several of these every day and it would be very easy to treat them as routine. In this case responding officers observed a broken window and immediately established a perimeter. Additional units were requested and a short distance away a subject was observed, investigated and subsequently arrested. A follow up investigation by the Detective Bureau resulted in the clearance of three home invasions.

The Detective bureau also plays a critical role in our overall success. They not only investigate reported crimes but they also develop and work with other agencies in solving crimes and making arrests. We realize that narcotics are a great concern to our community and we take these investigations very seriously. When we developed two

addresses in Detroit near our city boundary that were selling narcotics to our youths, the Detectives worked with the Wayne County Narcotic Team to develop a plan to close them. On January 22nd a “PUSH-OFF” plan was implemented which resulted in 40 people cited, 18 vehicles seized, two guns, a considerable amount of marijuana and U.S. currency.

Another example of interaction between agencies involved a case in May. A residence on Lakeview Ct was burglarized. A suspect, a vehicle and license plate was developed. One of our Dispatchers, monitoring the LEIN system, realized that another Department had recently checked that plate. Detroit Narcotics was the agency involved and with their assistance the vehicle was located in Detroit. Further, a known narcotic house was identified. When officers entered the house the wanted subject was located attempting to jump from a second floor window. Within four hours of the initial report the suspect was in custody and the property recovered.

The involvement of juveniles in crimes continues to be a concern for our officers. We see younger and younger juveniles getting involved in serious crimes. I want to compliment our Youth Services Unit for the great job they do in the investigation and follow-up on these types of incidents. Likewise we investigate crimes in which our youth are the victims. The interviewing process for these victims is something that requires special training and skills. This involves a process which we refer to as *Kids-Talk*. One of the initial developers of the program in the Pointes is D/Lt. James Smith. We were honored this year when Lt. Smith was recognized by the Wayne County Prosecutors Office and the Wayne County Council Against Family Violence when they presented him with the Spirit of Detroit Award for his work with the youth and the program.

Certainly we are not exempt from violent crimes but they are the exception rather than the norm. On November 27 in the early evening on the 1300 block of Grayton a couple was confronted by two subjects. It appears their intention was to steal items from the house. One of the victims was assaulted in the back yard, the other in the house. This serious crime however was interrupted by an alert neighbor who heard the cries for help

and immediately went to assist. He struggled with the perpetrators and eventually scared them off. Responding officers, utilizing a tracking dog, lost the subjects a few blocks away. Items with potential evidentiary value have been located and are currently being analyzed.

We arrested 431 adults and 58 juveniles last year. This is down slightly from years past but given the reduction in part one and part two crimes it is not surprising. We maintain a strong presence on the road and our officers investigate suspicious persons on a regular basis. In the area of juvenile arrests it was noted that we had only three juveniles arrested last year for motor vehicle theft. This again is a number that we have not seen in years. While we can't say for sure, we are confident that constant contacts with the ACTION Team and our road patrol have had a major impact. We also monitor criminal activities in other communities through a computer network. We are seeing juveniles that we have had previous contacts with now committing crimes in other cities. In fact, other jurisdictions are coming to us to gather intelligence information.

We saw a decrease in fire activities last year. We responded to 131 calls for service, down from 188 the year before. Fortunately the vast majority were found to be false alarms. We did respond to 12 dwelling type fires. One of the fires we responded to was on December 13th as a mutual aid fire in Grosse Pointe City. The fire was in the basement and officers worked quickly to contain it. Our mutual aid system is well defined and provides additional manpower when needed.

Although our overall medic runs were down, 527 in 2008 compared to 414 in 2009, the number of medic runs in our City increased almost 15%. The main reason for the decline was due to Grosse Pointe City electing not to use our service any longer and instead utilizing Beaumont Hospital medical transport services. With 414 patients seen by our medics there were a great variety of injuries or illness. One interesting case occurred in the early morning on June 24th. Officers responded to reports of a man calling for help from Lake St Clair. Officers located the man and his dog near the break wall on Windmill Pointe Drive. Officers were able to remove him and his dog from the water

and treated him for hypothermia. It was discovered his boat had capsized near nine mile road and he drifted along until we located him. Neither he nor the dog suffered any serious injury.

We continue to enforce traffic violations in our community with the ultimate goal of reducing accidents. We experience relatively low numbers each year and in 2009 we reduced injury accidents to a total of 11 and property damage accidents to 77 which are both extremely low numbers. Because of our contacts with the public, mainly through traffic stops, we are constantly monitoring the professionalism displayed by the officers. We believe that a professional approach reduces citizen complaints and provides a more efficient service to the citizens we encounter. During the year 2009 we received a total of five citizen complaints. Three were thoroughly investigated and quickly resolved as unfounded with the use of the audio/visual scout car cameras. The other two were also resolved and found to be unwarranted through other sources of information. It continues to be our policy that all contacts with citizens are recorded with both visual and audio whenever possible. This has proven to be a tremendous tool for reducing potential liability to the Department.

The information I have provided reflects just a small portion of the total number of calls for service we handle each and every year. In addition to the numbers given so far, we also responded to over 6881 other calls for service. While certainly not of an emergency nature, they were requests for service from our citizens and I am proud to say they were handled in the same professional manner as the more serious ones.

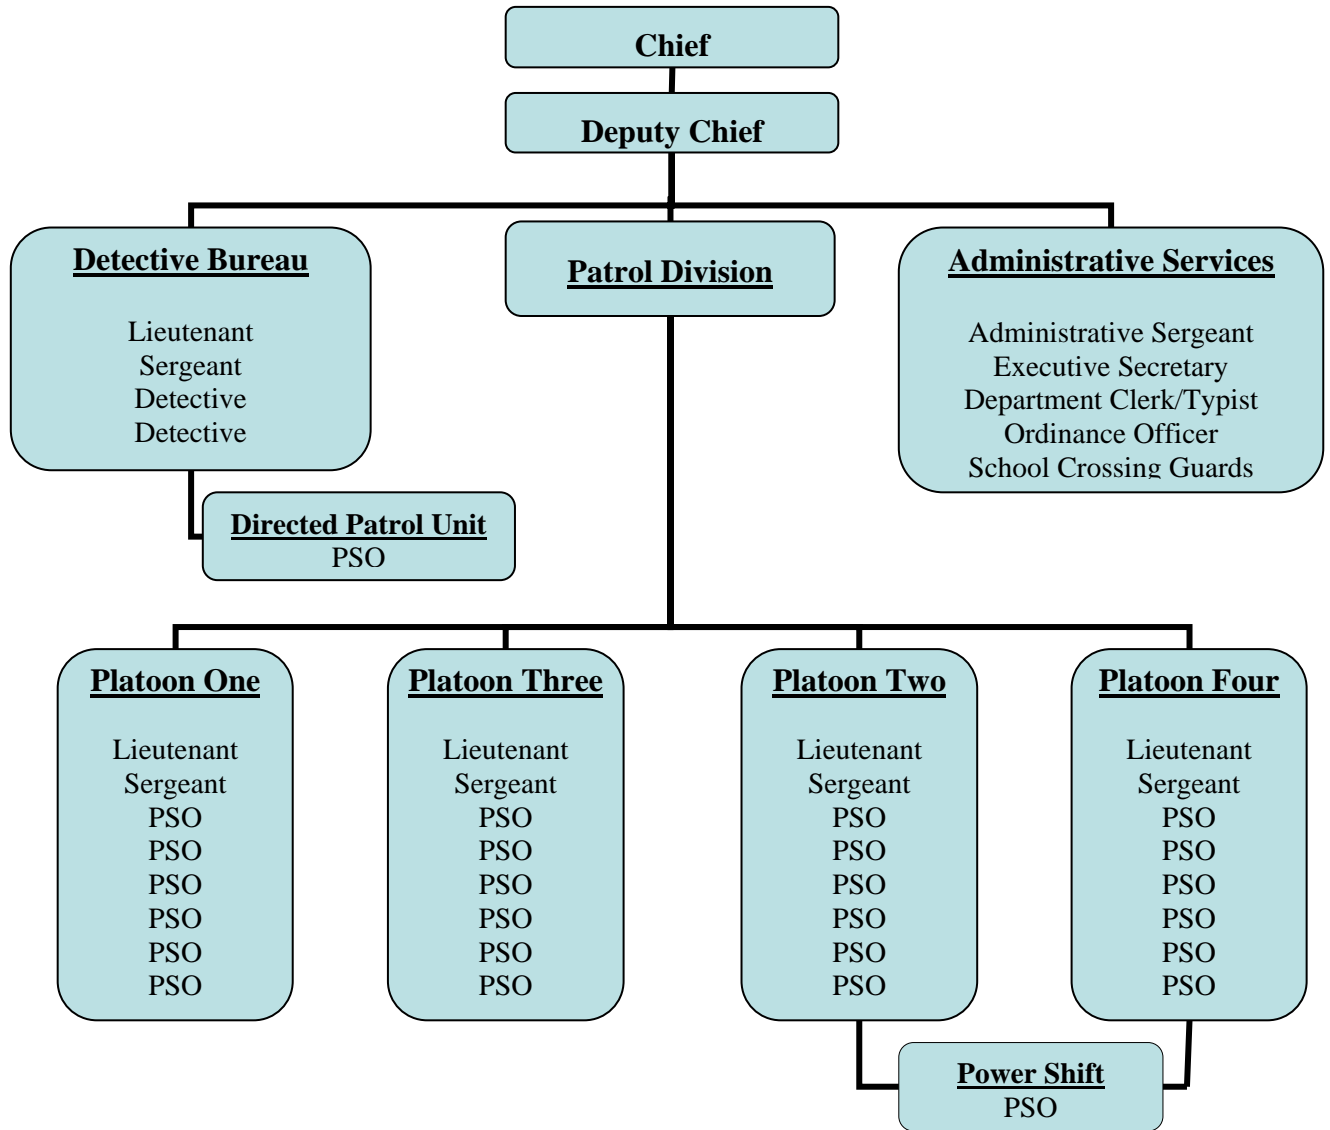

In closing I again want to thank you, Mayor Heenan and the members of the Council for your continued support. I have been a member of this Department now for over thirty-eight years and I am proud to say we continue to be one of the most professional and dedicated police agencies in the area. While I am grateful for your support, I want to take a moment also to compliment the men and women who work for this Department for the professional manner in which they conduct business. I am extremely fortunate to

work with the officers, dispatchers and civilian employees who consistently display that professional attitude. Together we stand ready to proudly serve our residents.

Respectfully Submitted;

David A. Hiller
Chief of Police

CLEARANCE RATE FOR INDEX OFFENSES

INDEX OFFENSES, formerly known as Part I Offenses, are traditionally used for comparison purposes. These crimes are the ones reported on both a Federal and State level. Over the years this Department has prided itself on an exceptionally high clearance rate for index offenses. This clearance rate is a result of dedicated work by the officers assigned to both the Uniform and the Detective Divisions of the Department. The clearance rate for the last four years is detailed below.

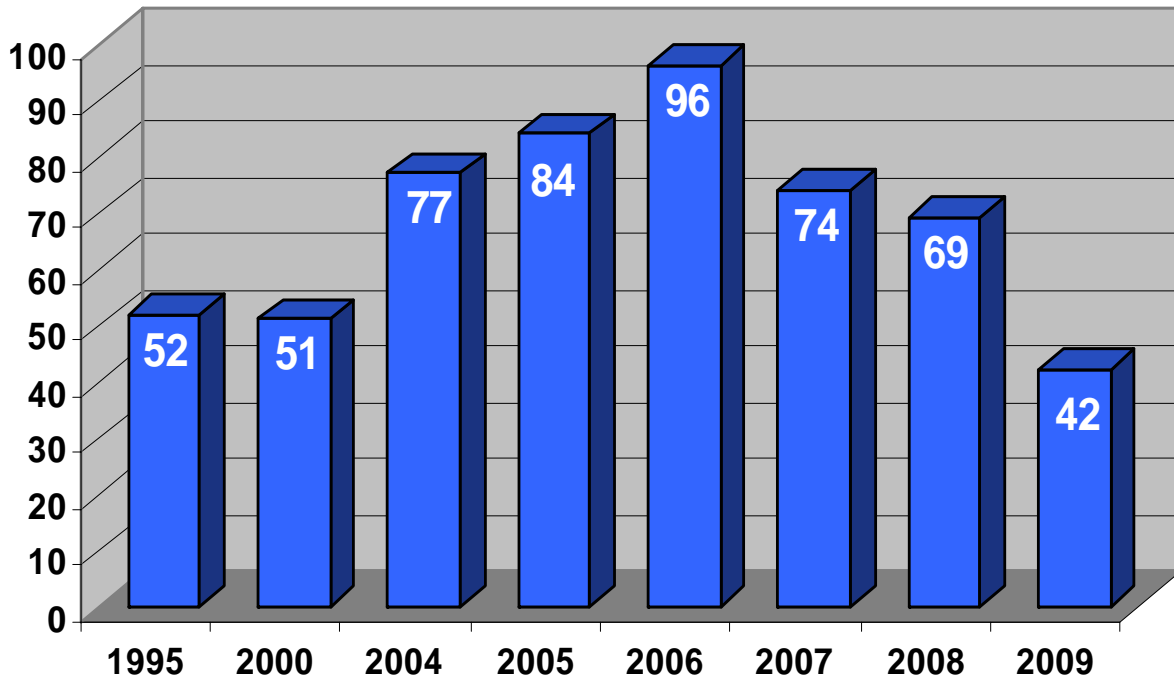

<i>CRIME</i>	<i>STATE*</i>	<i>GROSSE POINTE PARK</i>			
		2009	2008	2007	2006
Murder	28%	----	----	-----	-----
C.S.C.	24%	100%	100%	0%	-----
Robbery Armed/ Not Armed	15%	33%	57%	68%	58%
Aggravated Assault	36%	57%	71%	100%	100%
Burglary	8%	70%	34%	56%	61%
Larceny	7%	19%	15%	16%	17%
Motor Vehicle Theft	8%	24%	17%	20%	17%
Arson	10%	----	----	-----	0%

TRAFFIC ENFORCEMENT

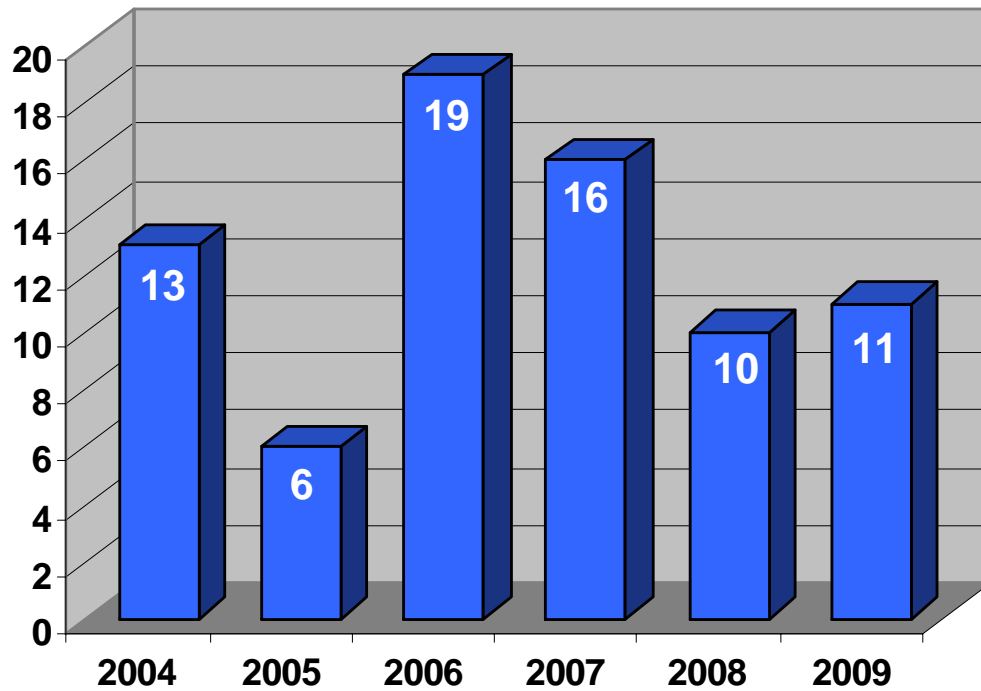

The enforcement of the *Michigan Uniform Traffic Code* is the responsibility of the Uniform Division of the Public Safety Department. By enforcing the Traffic Code it is the goal of the Department to reduce personal injury accidents, property damage accidents and pedestrian accidents. Grosse Pointe Park has the remarkable record of not having a pedestrian fatality for 38 years. This year officers initiated 5074 vehicle stops.

The department assigns a semi-marked radar equipped patrol unit on a daily basis. The violations issued by the officers are broken into three basic groups: hazardous, non-hazardous, and parking. The primary violations issued are for speeding. Hazardous violations are issued for such things as, operating while intoxicated, signal lights, stop signs and other moving violations. Non-hazardous violations include violations such as operating with a suspended operator's license, no proof of insurance and improper license plates.

PATROL DIVISION ACTIVITIES

The Patrol Division of the Grosse Pointe Park Department of Public Safety, consisting of four platoons with eight officers assigned to each, is responsible for the continuous protection of the community. The Patrol Division responds to a variety of requests for services on a daily basis. The officers also conduct traffic stops and field investigations while on routine patrol. The chart below is a three year breakdown of the calls for service recorded by the Department that are not captured under another category or did not lead to a criminal complaint.

CLASSIFICATION OF POLICE RESPONSE	2009	2008	2007
Alarms	760	780	632
Animal Complaints	678	717	659
Assistance to Citizens	616	621	608

Field Investigations	235	274	263
Trouble With Person	254	257	228
Traffic/Parking Complaints	445	404	532
Miscellaneous	1853	1713	2169
TOTALS	6881	6728	7098

FIRE ACTIVITIES

The FIRE ACTIVITIES listed below reflects the number of fire responses by the Public Safety Department in 2009 compared to the last three years. The Department prides itself on its quick response to any reported fire emergency. By training and equipping officers on the road to immediately assess and evaluate situations upon their arrival, we are able to keep the vast majority of our fires to a minimum.

CLASSIFICATION OF FIRE RESPONSE	2009	2008	2007	2006
Dwelling - Single.	8	15	11	7
Dwelling - Multi Unit.	4	5	7	4
Commercial.	0	0	0	0
Church, School.	0	0	0	0
Other Misc. Buildings.	1	2	1	1
Motor Vehicles.	1	0	2	0
Trash, Leaf.	0	5	2	2
Hazardous Materials Incidents.	0	1	0	1
Rescues.	0	1	0	1
Other Outdoor.	2	7	3	7
False Alarms.	77	107	92	50
Smoke Investigations	36	42	45	37
Mutual Aid.	2	3	0	1
TOTALS	131	188	163	111

EMERGENCY MEDICAL SERVICES

The Department has two basic EMS units to provide primary ambulance response to Grosse Pointe Park. In March of this year the City of Grosse Pointe ended their contract with the Department to provide primary service ambulance service, but we continue to provide mutual aid assistance to them and other surrounding communities. Thirty of our forty-one sworn officers are also licensed as EMTs. In 2009 the department responded to 414 ambulance runs. The total number of patients seen was 412.

CITY		HOSPITAL

ADMINISTRATIVE SERVICES

The Administrative Service Section of the Grosse Pointe Park Department of Public Safety consists of the Chief, Deputy Chief, Administrative Sergeant, Executive Secretary, Department Clerk, Parking Enforcement Officer, and the Ordinance Officer. It is the responsibility of the Administrative Service Section to see that the Department operates in a professional manner at all times.

Administrative Sergeant

The Administrative Sergeant for the Department has numerous duties. He is responsible, among others, for the training and re-certification of the Department EMT's, programming and maintaining the Department computers, hiring and training school crossing guards, and the Fire Prevention Bureau. In this capacity he is responsible for inspecting commercial buildings in the city. While the main purpose of an inspection is to locate fire code violations, the desired goal is to correct them. This results in having a safe environment to both live and work.

INSPECTIONS	58
VIOLATIONS	32
CORRECTIONS	31

Executive Secretary/ Department Clerk

The Executive Secretary and the Department Clerk conduct the daily business of the Department. The payroll, vouchers, purchase orders, Department records, personnel files, new employment applications, and all *Freedom of Information Act (FOIA)* requests received by the Department and the City Attorney are just some of the duties of the Executive Secretary. The Department Clerk is responsible for the daily computer entry of all Computer Aided Dispatch (CAD) reports, all traffic violations and arrest records. The Clerk also provides clerical support to the Detective Bureau.

Ordinance Officers

The Ordinance Officers, a part-time position with the Department, are assigned numerous duties pertaining to animal complaints. They also assist the Uniform Division with enforcing various parking restrictions throughout the city, and perform other duties as needed throughout the day. The Ordinance Officers handled 213 of the 13,138 Calls for Service the Department handled in 2009.

CALLS FOR SERVICE	213
PARKING VIOLATIONS	871

DETECTIVE BUREAU

The Grosse Pointe Park Department of Public Safety Detective Bureau consisting of one Lieutenant, one Sergeant, two Detectives and the Directed Patrol Unit, is the investigative division of the Department. As such, its members perform various duties on a daily basis. The following list is just a part of the many duties performed by the Bureau:

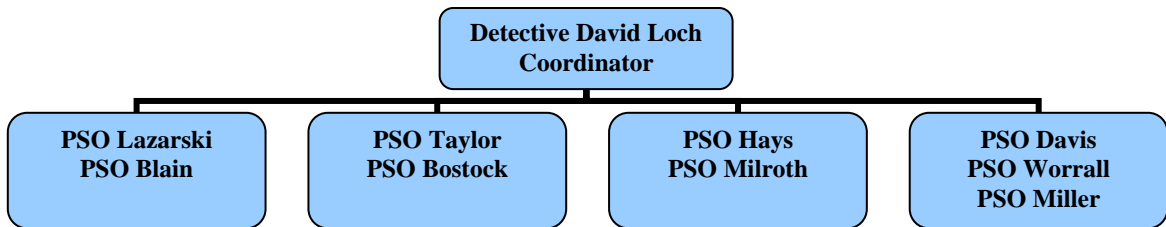

Investigation of criminal acts such as:	<ul style="list-style-type: none"> Crime scenes, Evidence, Arrest, Interviews, and Interrogations Suspected or Actual cases of Child Abuse Suspected or Actual Exploitation of the Elderly Cause and Origin Investigation of Fires Michigan Incident Crime Reporting System (MICR) Narcotic Related Investigations Liquor Licensing and Enforcement Handgun Licensing and Registration Keeper of the Records
--	---

When the Detective Bureau successfully completes the investigation of a criminal matter, whether by arrests or other clearance measures, the case is considered closed or cleared. The **Clearance Rate** is based on the closure of these cases. In 2008 (latest data available) the average clearance rate for Michigan law enforcement agencies was 31.6% overall. Below is the four-year **Clearance Rate** percentage for all crimes as reported by the Michigan State Police for Grosse Pointe Park Department of Public Safety.

OVERALL CRIME CLEARANCE RATE				
STATE	GROSSE POINTE PARK			
<u>2008</u>	<u>2009</u>	<u>2008</u>	<u>2007</u>	<u>2006</u>
31.6%	51%	52%	52%	56%

The Detective Bureau continues to coordinate the Wayne County Forensic Child Interview Program (Kids-TALK) for eastern Wayne County agencies. The Kids-TALK program provides a child friendly interview environment for children who have reported child sexual abuse.

YOUTH SERVICE UNIT

The unit provides a great service to the Department by having a youth Officer on duty 24 hours a day seven days a week. As situations arise involving our young people, a Youth Officer is immediately available to begin accessing and directing a proper response.

<p style="text-align: center;">Juvenile Cases Investigated</p> <p style="text-align: center;">16 Felony contacts</p> <p style="text-align: center;">40 Misdemeanors Contacts</p> <p style="text-align: center;">6 Protective Custody Cases</p> <p style="text-align: center;">62 Total</p>

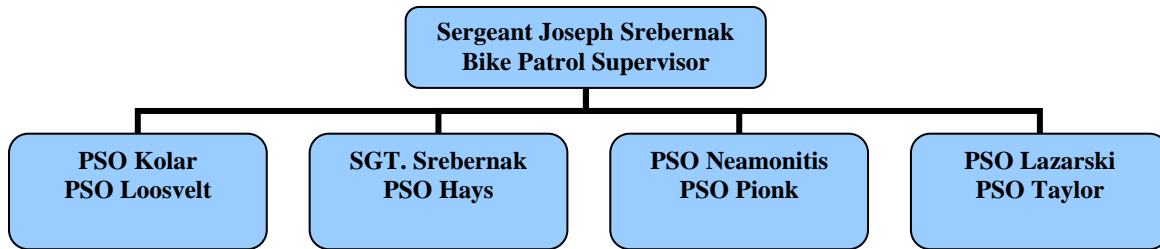

The following is sample of the types of cases that the Y.S.U. officers handled last year.

- 3 involved with stolen motor vehicles
- 2 for Robbery Armed
- 7 for stolen property and bicycles
- 8 for curfew violations
- 18 for Alcohol / Drug violations

The Y.S.U. continues to be a great resource to our community and the Grosse Pointe School District. Officers gave instructions to our school children on topics such as fire safety, bike safety and stranger awareness. Y.S.U. also hosts the Safety Patrol Officers for lunch, and a tour of the Public Safety building.

During 2009 Y.S.U. officers also investigated cases involving trespassing, child neglect, weapons, domestic violence, assault, and other crimes.

BIKE PATROL

*The Grosse Pointe Park Bike Patrol was formed in 2002 and serves the Department 24 hours a day with a consistent presence to support the objectives of the uniform division. Utilizing the **community policing** concept, these officers take great pride in their ability to serve the merchants, the residents and the youth of our community.*

Throughout 2009, officers assigned to the bike patrol averaged approximately 20 miles per day or 4220 total miles for the year. Bike officers with their increased visibility and approachability are reminiscent of the foot beat officers of days gone by.

Bike patrol officers made hundreds of contacts with the merchants, citizens and the youth in our Community to promote a positive, friendly and professional image of our Department.

EDUCATION/TRAINING COURSES/SEMINARS

Whenever feasible, personnel are assigned to attend classes that meet the Department's needs.

There is an enormous wealth of educational and training courses available through professional organizations, specialized training consultants, and local colleges and universities. There are also several employees who are certified in different skills and they participate in regular updates to maintain certification. The following is a list of the courses and seminars attended during 2009 as well as the number of officers trained and total hours involved:

MONTH	TRAINING/ UNIT	OFFICERS TRAINED	TOTAL HOURS
JANUARY	Special Response Team (SRT): Building Entries	2	16
	Legal Update U.S. vs. Davis	40	40
	During 2009 Grosse Pointe Park Emergency Medical Technicians participated in 360 Hours of Training. The Courses included: Airway Management, Ventilation, Cardiovascular, Clinical Operations, Medical Emergencies, Patient Assessment, Pediatrics, Initial Patient Surveys and Trauma.	30	360
