---

February 14, 2011

Mr. Dale Krajniak  
City Manager  
Grosse Pointe Park, MI. 48230

Dear Mr. Krajniak;

I present to you, Mayor Heenan, and the members of the Council, the Annual Report for the year 2010. This report describes the events and activities of the Department for the year. The report also reflects the activities, dedication and commitment displayed by all members of the Department, of whom I am extremely proud.

Before I detail the actual numbers for 2010 I want to explain the different format that you will see compared to years past. A number of years ago, when we went to CLEMIS, we changed our reporting structure. This system is connected directly to the dispatch and our in-car systems. It also automatically reports our incidents to the State. The charts and graphs for the years shown in this report have been formatted to reflect the tracking of the new structure.

In the 2009 Annual Report I was extremely proud to announce that our Index Crimes, those that are considered the most serious as outlined on the clearance rate page, had been reduced to a new fifteen year low with 300 being reported. This year that number is even lower. **In 2010 we had 248 Index Crimes reported or a 17% decrease.** I went back in previous Annual Reports and I believe this is the first time we have ever reported fewer than 300 Index Crimes. In reviewing the individual Index Crimes I noted a few items that I want to highlight.

One area that showed a tremendous reduction was the crime of larceny. Larceny is considered the number one crime in any community because it is a crime of opportunity. We usually create the opportunity. Leave the bike out all night or unlocked at school, forget to put the snow blower away or leave the garage open all night. Situations like these create the opportunities. We have worked very hard to educate and assist our residents on ways to prevent larcenies. I believe it may be working. Last year we realized a 24% reduction in overall larceny reports. I would be totally remiss if I did not give a lot of that credit to the uniform division of the Department. While

on patrol they constantly watch for these types of opportunities. When located they try and correct the problem and leave a reminder to the resident.

No better example can be given than what occurred on November 29, 2010 at approximately 3:30 AM. Officer Krompatic was on patrol and observed a garage door standing open. He closed it and left a reminder to the resident. A short time later he observed a second door open. Realizing this was more than coincidental he alerted other officers and exited his patrol car to investigate. Within a few minutes a subject was observed coming down a driveway and fled upon seeing the officers. A yard to yard search was conducted and two subjects were taken into custody. It was determined that they were responsible for three larcenies in Grosse Pointe Park and additional ones in neighboring communities.

We did have a slight increase in burglary last year. In 2009 we had an unheard of low number with 18. As the graph shows this compares to normal numbers in the thirties. In 2010 we had 26 reported, still well below the last fifteen year totals. What is unusual in this category is that thirteen, or one half of the reported incidents, were the direct result of the actions of three separate individual groups. In each case we made arrests and charges were brought forth. In fact, we have a clearance rate of 77% in this category compared to a State average of 8%.

Two brothers, one an adult and the other a juvenile, were responsible for three daytime home invasions on Barrington. With the assistance of an alert neighbor who observed suspicious activity and called us, officers made the arrest at a Detroit house within an hour and recovered the stolen property. Another group of siblings, three young men ages nine to fourteen were responsible for four separate incidents. They broke into Defer school twice and two area businesses.

We also experienced a number of incidents on the east end of the city. Late one evening a resident assisted us again when she reported suspicious activity. Responding officers located a car and occupants and made an arrest. An intense follow-up by the Detective Bureau resulted in three people being identified and subsequently charged with numerous felonies. Six separate incidents have been linked to this group alone. Again, without the help of our residents, the rapid response of the Department Uniform division and the intense follow-up from the Detective Bureau these crimes may have gone unsolved.

Robberies both armed and unarmed, reached an all time low with a total of two for the year. While I can't pick a specific reason for this reduction, I certainly have to believe the visible

presence of uniform officers and cars on the street have a great impact. Our officers take great pride in the work that they do and regularly investigate suspicious people and activity.

One incident of particular interest occurred at 9:30 PM on September 9<sup>th</sup>. A resident on Three Mile and his companion came home to find an occupied vehicle in his driveway. When he confronted the four occupants it was obvious that they had no business being there. When the occupants realized the situation was escalating, they assaulted one of the residents, backed out of the driveway and in the course of doing so struck the residents car and fled the area. Responding officers flooded the immediate area. One unit observed the wanted car in Detroit and, with the assistance of other units, stopped the car and arrested the occupants. Located in the car was a pump shotgun. We were extremely fortunate that there were no serious injuries to our residents and with the quick response of the Department four dangerous felons were taken off the street.

In addition to a reduction in Index Crimes, we also had a large reduction in Part A and Part B crimes with 263 reported. This reflects a 10% reduction in this category. Combined with our reduction in Index Crimes we have an **overall reduction in crime of over 13%**.

In last years Annual Report we reported 42 cars reported stolen which reflected the lowest number in over ten years. While that was an outstanding accomplishment, this year we did even better. We had 37 cars reported stolen in 2010. I can easily think back a number of years ago when we had as many as 127 cars stolen. Aggressive patrol certainly plays a big part but the main influence I believe continues to be the **ACTION** (Arrest Car Thieves In Our Neighborhood) Team.

In October, for the third year, the team was awarded a grant from the Automobile Theft Prevention Authority (ATPA) in Lansing. The team is staffed by members from Grosse Pointe Park, Harper Woods, the Detroit Police Department and an investigator from National Insurance Crime Bureau. The Team continues to concentrate their efforts on the east side of Wayne County, recovering stolen cars and has made numerous arrests. In addition they conduct various under cover operations that develop into larger scale operations.

The Detective bureau also plays a critical role in our overall success. With over 360 adult and juvenile arrests there are a considerable amount of follow-up investigations and court proceedings that need to be done each year. What is impressive is that with the follow-ups and the investigations we are able to clear a number of our criminal cases. In 2010 the Detective Bureau had a clearance rate of 53% which far exceeds the State average of 31%.

One case of particular importance was reported to you last year. It involved the assault of two residents in the 1300 block of Grayton. With very little to go on, the investigation was stalled for months. Detectives had submitted items for possible DNA testing but the MSP Lab estimated at least 8 months to develop. Based on that delay the DB went outside the state and involved a private lab. During the summer of 2010 a possible name was developed and the search for the suspect began. At least six potential locations in Detroit were investigated and found to be either burned out or abandoned. Staying with good old fashioned street police work, a family connection was located. Through interviews a location of the wanted subject was identified. A team of officers made the location and found the subject hiding in the attic. A follow-up investigation resulted in numerous felony charges being authorized against the subject and a violent criminal being sent to prison. It is believed that the second subject involved was killed in a home invasion in Detroit during the year.

The involvement of juveniles in crimes continues to be a concern for our officers. We see younger and younger juveniles getting involved in serious crimes. I want to compliment our Youth Services Unit for the great job they do in the investigation and follow-up on these types of incidents. Likewise we investigate crimes in which our youth are the victims. The interviewing process for these victims is something that requires special training and skills. This involves a process which we refer to as *Kids-Talk*. Grosse Pointe Park continues to be the eastern location in Wayne County for these types of interviews. We are constantly complimented on the professional manner in which we handle this most delicate and sensitive situation.

We saw an increase in fire activities last year. We responded to 143 calls for service, up from 131 the year before. Fortunately the vast majority were found to be false alarms. We did respond to 19 dwelling fires. One of the fires we responded to was on December 20<sup>th</sup> in the 1200 block of Beaconsfield. A resident had left food on the stove which ultimately started the kitchen on fire. By the time he realized it, the entire rear of the house was involved. Responding units began an aggressive interior attack but had to revert to a defensive attack when the roof began to collapse. The fire went to three alarms. While the house was a total loss, the two houses on either side only sustained heat damage.

Since we no longer provide a medic service to Grosse Pointe City we have seen a drop in total runs. Last year we had 359 medic runs in our City. This service is a critical one that this Department provides and our EMT's do a great job. To have at least two medics respond to a call, with a response time of minutes, means a great deal to our residents.

We continue to enforce traffic violations in our community with the ultimate goal of reducing accidents. We experience relatively low numbers each year and in 2010 we had only 14 injury accidents and 68 property damage accidents which are both extremely low numbers. Because of our contacts with the public, mainly through traffic stops, we are constantly monitoring the professionalism displayed by the officers. We believe that a professional approach reduces citizen complaints and provides a more efficient service to the citizens we encounter. It continues to be our policy that all contacts with citizens are recorded with both visual and audio whenever possible. This has proven to be a tremendous tool for reducing potential liability to the Department.

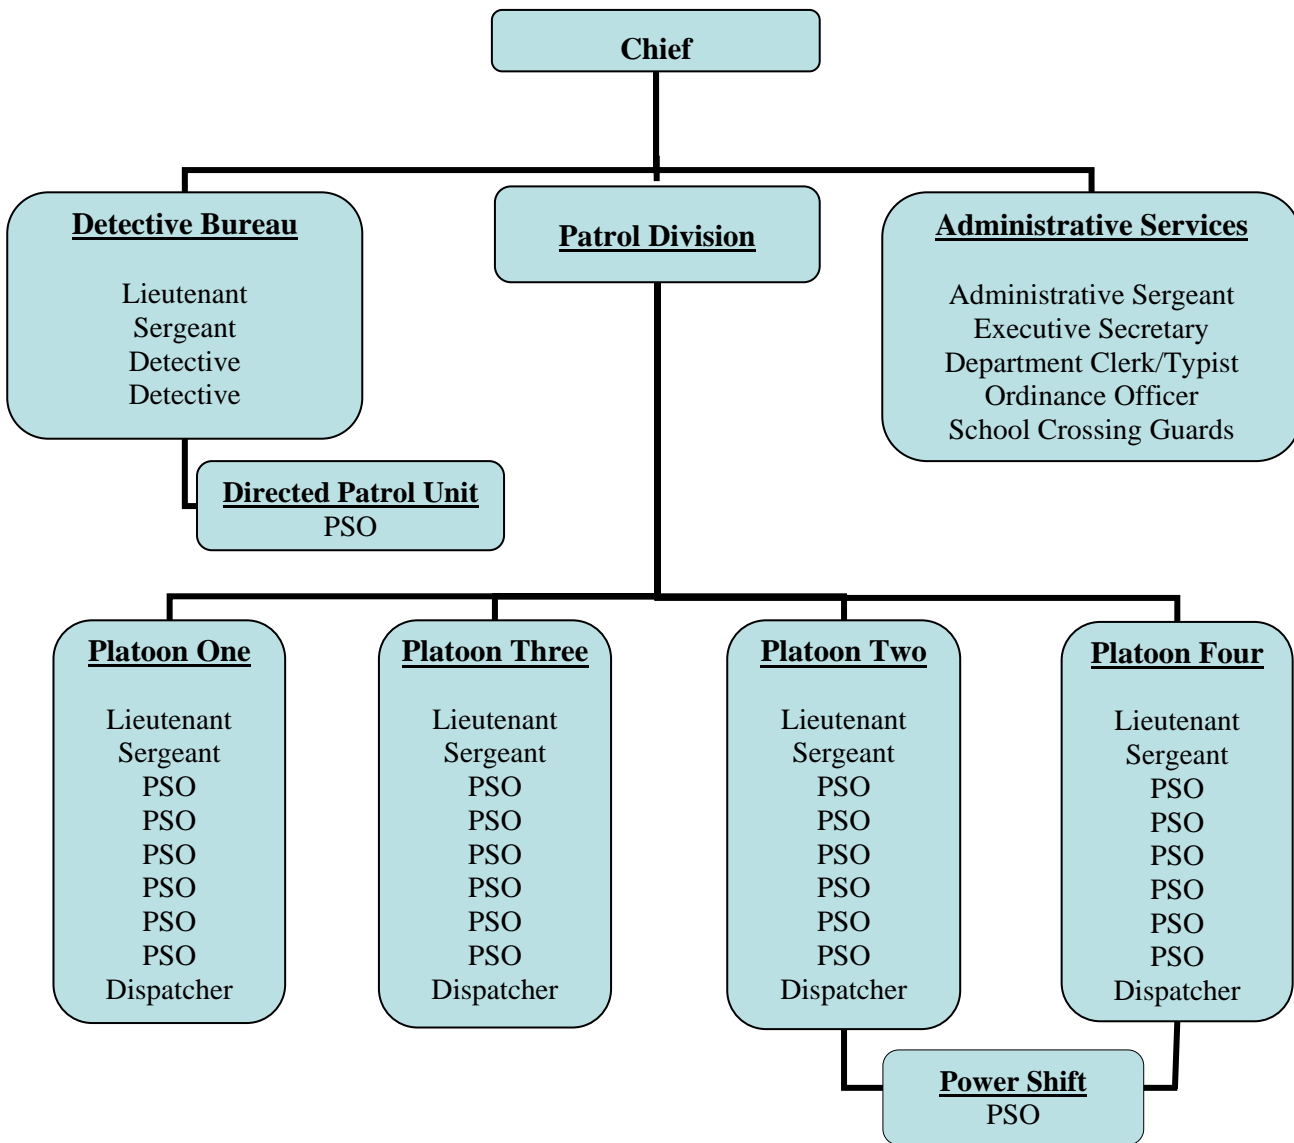

The information I have provided reflects just a small portion of the total number of calls for service we handle each and every year. In addition to the numbers given so far, we also responded to over 6667 other calls for service. While certainly not of an emergency nature, they were requests for service from our citizens. I am proud to say they were handled in the same professional manner as the more serious ones.

In closing I again want to thank you, Mayor Heenan and the members of the Council for your continued support. I have been a member of this Department now for over thirty-nine years and I am proud to say we continue to be one of the most professional and dedicated police agencies in the area. While I am grateful for your support, I want to also take a moment to compliment the men and women who work for this Department for the professional manner in which they conduct business. I am extremely fortunate to work with the officers, dispatchers and civilian employees who consistently display that professional attitude. Together we stand ready to proudly serve our residents.

Respectfully Submitted;

David A. Hiller  
Chief of Police

JOHN SCHULTE	DEPUTY CHIEF	RETIREMENT	04-30-10
SEAN O'SULLIVAN	ORDINANCE OFFICER	RESIGNATION	07-23-10

Each year members representing every level of the Department meet in January to form the Honors Board which reviews all recommendations for awards submitted for the previous calendar year. Recognition given by the department include the following awards:

VALOR

For personal heroism above and beyond the call of duty.

CITATION

For exceptional performance of the highest order.

LIFE SAVING

A form of Citation for performance of an exceptional act to preserve life.

WOUND

Any wound requiring medical treatment suffered by a member of the Department during the course of a public safety action that is the result of a felonious assault.

DIRECTOR'S AWARD

For contributions by an employee who consistently gives outstanding service and contributes time, interest, and effort far beyond that is required.

COMMENDATION

For outstanding performance well above the norm.

DIRECTOR'S LETTER

For performance that requires official recognition.

The Public Safety Department's awards for 2010 are:

~ Commendation ~

*PSO Robert Krompatic*

~ Director's Letters ~

*PSO Nick Neamonitis*

*PSO Joseph Poirier*

# Clearance Rates for Index Crimes

The following information reflects clearance rates for crimes that are categorized as Index or Part 1 Crimes by the FBI's Uniform Crime Report. Index Crimes include the crimes against person of homicide, rape, robbery, aggravated assault, and the crimes against property of burglary, larceny, motor vehicle theft, and arson. Index Offenses, are traditionally used for comparison purposes across the country. Over the years this Department has prided itself on an exceptionally high clearance rate for index offenses. This clearance rate is a result of dedicated work by the officers assigned to both the Uniform and the Detective Divisions of the Department. The clearance rate for the last four years is detailed below.

For each crime, the total numbers of incidents and the clearance rate is listed.

CRIMES	2010	2009	2008	2007	State*
Homicide	0 -	0 -	0 -	0 --	31%
Criminal Sexual Conduct	1 100%	2 100%	1 100%	4 0%	24%
Robbery	2 50%	6 33%	7 57%	3 68%	15%
Aggravated Assault	8 100	7 57%	7 71%	18 100%	36%
Burglary	26 77%	18 70%	32 34%	39 56%	8%
Larceny	173 16%	225 19%	200 15%	242 16%	6%
Motor Vehicle Theft	38 22%	42 24%	69 17%	74 20%	8%
Arson	0 -	0 -	0 -	0 --	10%

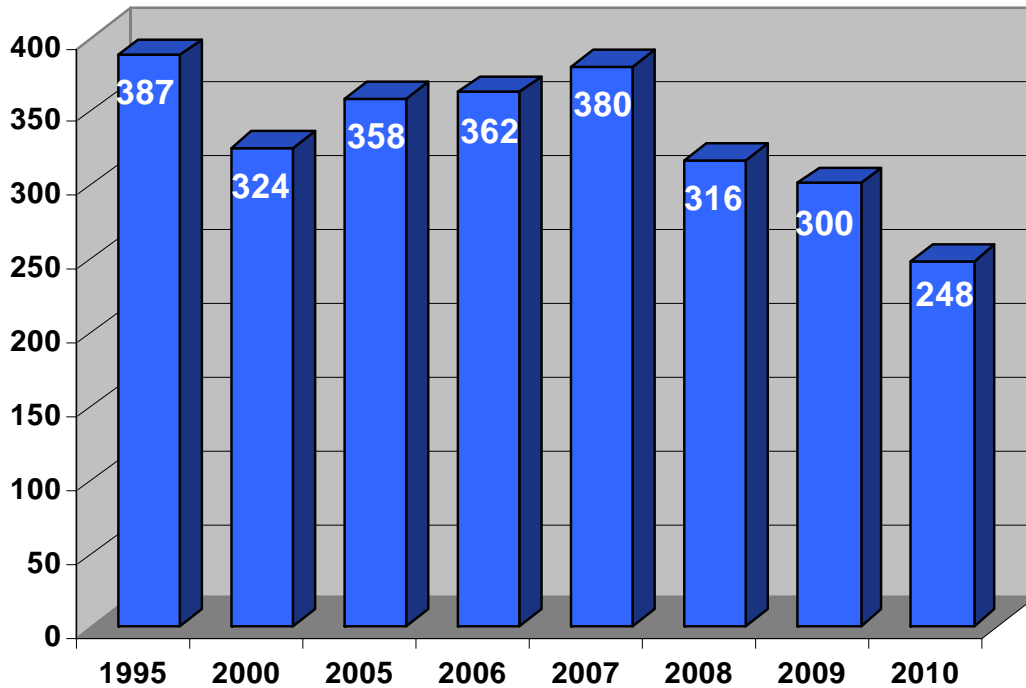

\* Statewide Clearance Rate is from 2009

The file classes listed below are used to count each of the eight crimes counted in Index Offenses

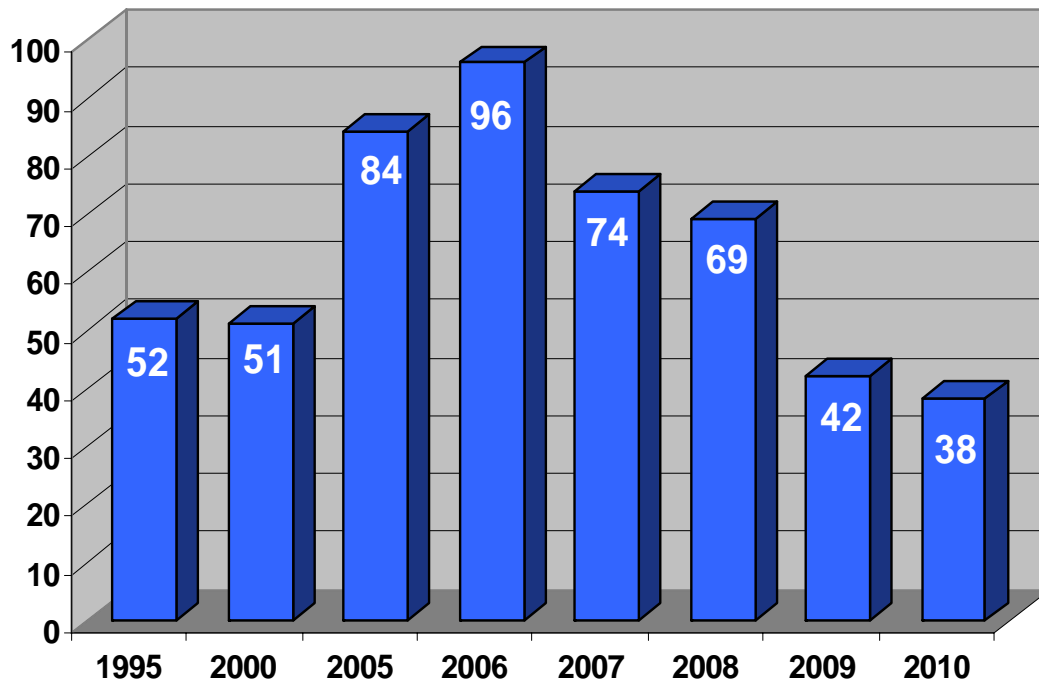

Crimes Against Persons: Homicide – 09001 - 09002, Criminal Sexual Conduct (CSC) – 11001 - 11008,  
Robbery – 12000, Aggravated Assault – 13002

Crimes Against Property: Burglary - 22001-22002, Larceny – 23001-23007,  
Motor Vehicle Theft – 24001, Arson - 20000

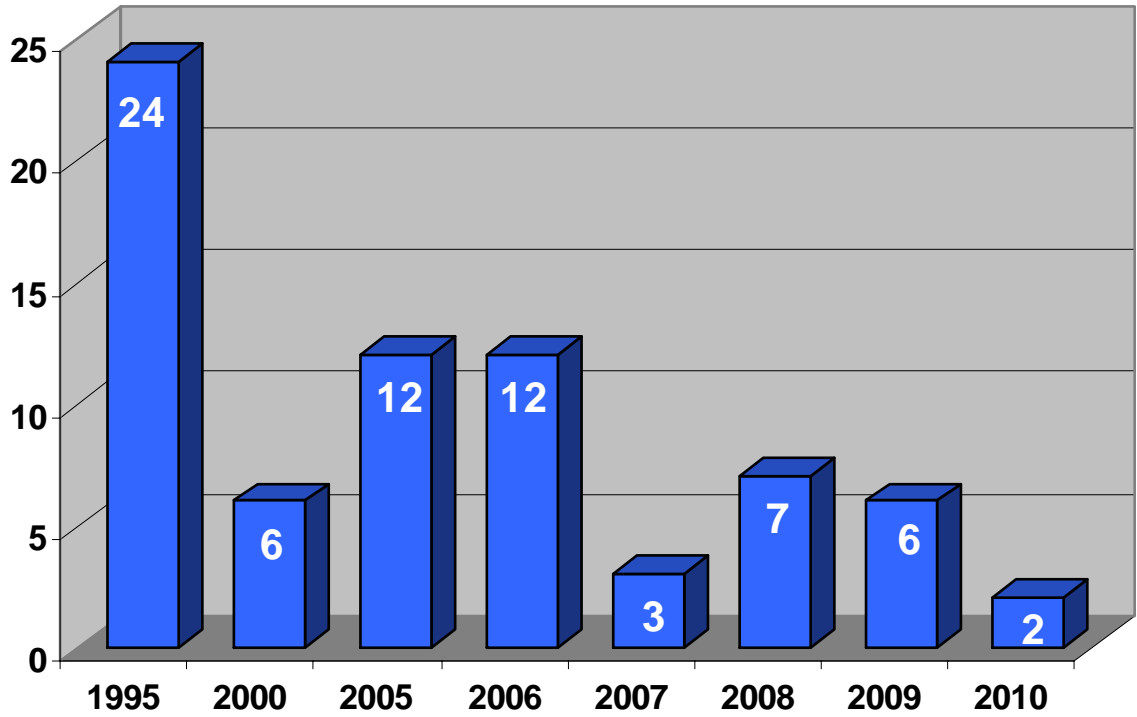

## Total Index Offenses

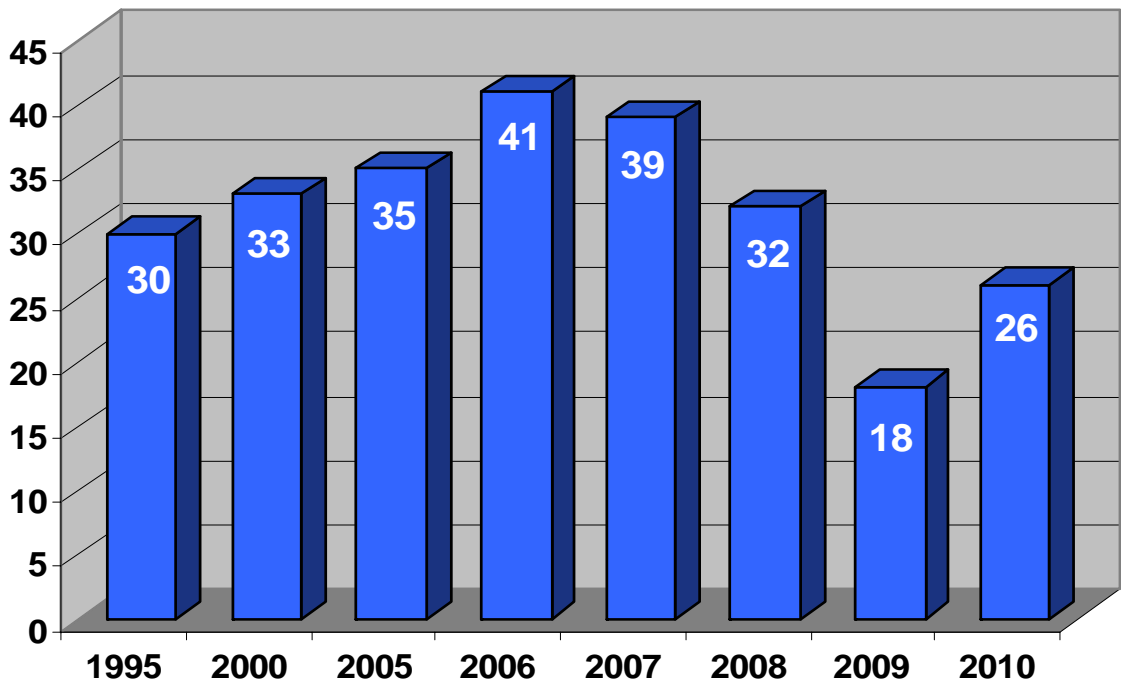

## Motor Vehicle Theft

## Robbery

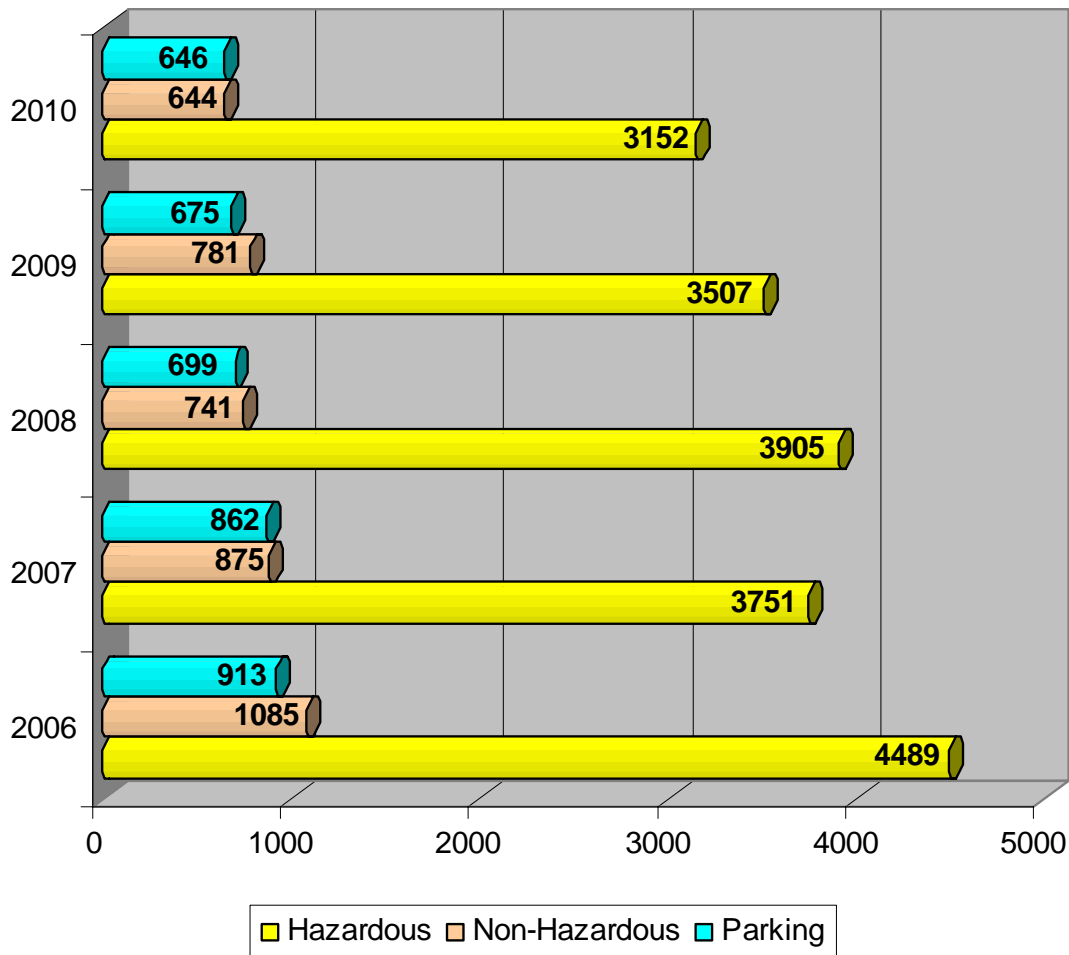

## Burglary

# Traffic Enforcement

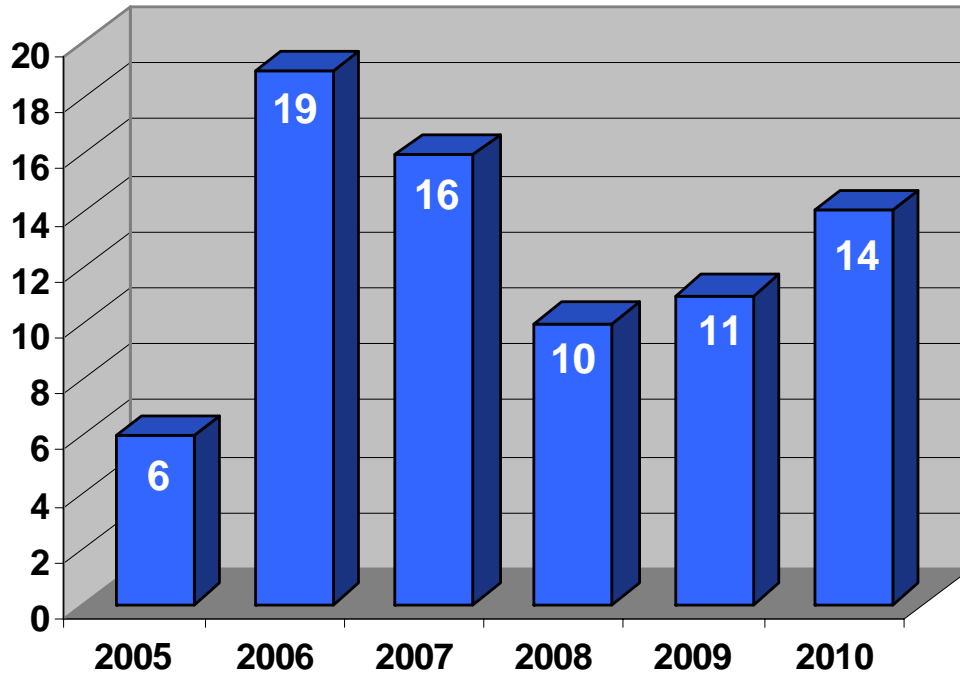

The enforcement of the *Michigan Motor Vehicle Code* and the *Michigan Uniform Traffic Code* is the responsibility of the Patrol Division of the Public Safety Department. By enforcing the traffic codes it is the goal of the Department to reduce personal injury accidents, property damage accidents and pedestrian accidents. Grosse Pointe Park has the remarkable record of not having a pedestrian fatality for 39 years. This year officers initiated 4418 vehicle stops. This number does not include those stops that lead to arrests or other action.

The department assigns semi-marked radar equipped patrol units on a daily basis. The violations issued by the officers are broken into three basic groups: hazardous, non-hazardous, and parking. The primary violations issued are for speeding. Hazardous violations are issued for such things as, operating while intoxicated, signal lights, stop signs and other moving violations. Non-hazardous violations include violations such as operating with a suspended operator's license, no proof of insurance and improper license plates.

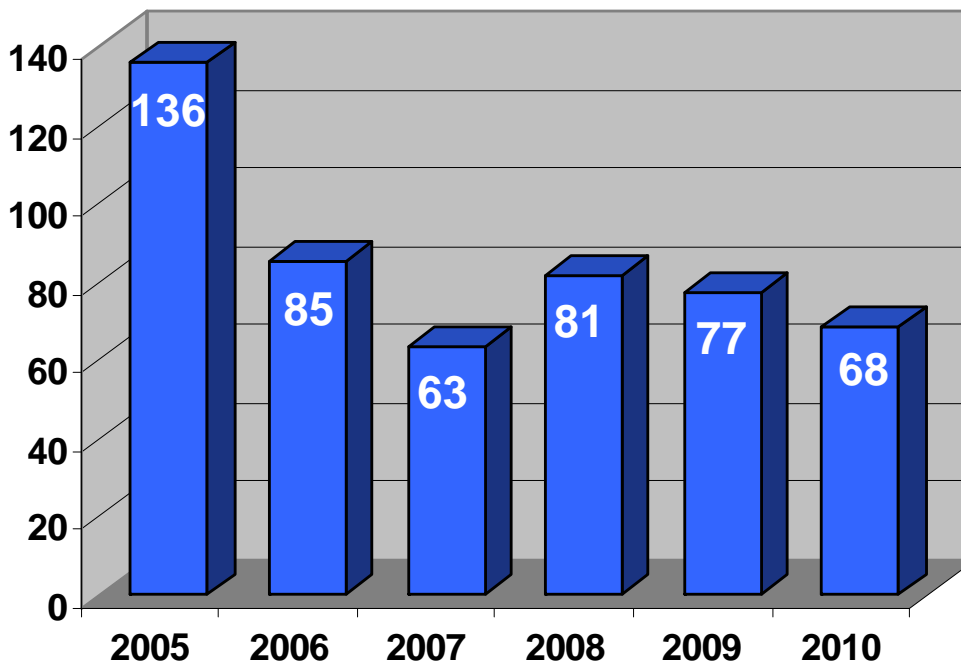

# Motor Vehicle Accidents

## Injury Accidents

## Property Damage Accidents

# Patrol Activities

The Patrol Division of the Grosse Pointe Park Department of Public Safety, consisting of four platoons. Each platoon has one lieutenant, one sergeant, six officers and a civilian dispatcher.

They are responsible for the continuous protection of the community. The Patrol Division responds to a variety of requests for services on a daily basis. The officers also conduct traffic stops and field investigations while on routine patrol. The chart below is a three year breakdown of the calls for service recorded by the Department that are not captured under another category or did not lead to a criminal complaint.

CLASSIFICATION OF POLICE RESPONSE	2010	2009	2008
Alarms	848	760	780
Animal Complaints	711	678	717
Assistance to Citizens	636	616	621

Field Investigations	169	235	274
Trouble With Persons	247	254	257
Traffic/Parking Complaints	491	445	404
Miscellaneous	1473	1853	1713
<b>TOTALS</b>	<b>6667</b>	<b>6881</b>	<b>6728</b>

# Fire Activities

The activities listed below reflect the number of fire responses by the Public Safety Department in 2010 compared to the last three years. The Department prides itself on its quick response to any reported fire emergency. By training and equipping officers on the road to immediately assess and evaluate situations upon their arrival, we are able to keep the vast majority of our fires to a minimum.

CLASSIFICATION OF FIRE RESPONSE	2010	2009	2008	2007
Dwelling - Single.	14	8	15	11
Dwelling - Multi Unit.	5	4	5	7

<b>TOTALS</b>	<b>143</b>	<b>131</b>	<b>188</b>	<b>163</b>

# Emergency Medical Services

The Department has two basic EMS units to provide primary ambulance response to Grosse Pointe Park, and we continue to provide mutual aid assistance to other surrounding communities. Thirty of our forty sworn officers are also licensed as Basic Emergency Medical Technicians. In 2010 the department responded to 359 ambulance runs. The total number of patients seen was 356.

# Administrative Services

The Administrative Service Section of the Grosse Pointe Park Department of Public Safety consists of the Chief, Administrative Sergeant, Executive Secretary, Department Clerk, and the Ordinance Officer. It is the responsibility of the Administrative Service Section to see that the Department operates in a professional manner at all times and to provide support services to the rest of the department.

The Administrative Sergeant for the Department has numerous duties. He is responsible, among others, for oversight of the Emergency Medical Services provided by the Department, as well as, training and re-certification of the Department EMT's; maintenance and oversight of the department's computerized Records Management System (RMS) and Computer Aided Dispatch (CAD) system, as well as computer network in the station and the Mobile Data Computers (MDC) in the Scout Cars; hiring and training of school crossing guards; performing traffic engineering duties within the city; and is responsible for fire inspection and prevention.

The Executive Secretary and the Department Clerk conduct the daily business of the Department. The payroll, vouchers, purchase orders, Department records, personnel files, new employment applications, and all *Freedom of Information Act (FOIA)* requests received by the Department and the City Attorney are just some of the duties of the Executive Secretary. The Department Clerk is responsible for the daily computer entry of incident report information not entered by the Patrol Division, and all traffic violations and arrest records. The Clerk also provides clerical support to the Detective Bureau.

Ordinance Officers, a part-time position with the Department, are assigned numerous duties pertaining to animal complaints, and assist the Uniform Division with enforcing various parking restrictions throughout the city. They also perform other duties as needed throughout the day that are necessary for the efficient operation of the Department. Ordinance Officers handled 246 of the 12,055 Calls for Service the Department handled in 2010 and issued 956 parking violations.

# Detective Bureau

The Grosse Pointe Park Department of Public Safety Detective Bureau, consisting of one Lieutenant, one Sergeant, two Detectives and one Public Safety Officer, is the investigative division of the Department. As such, its members perform various duties on a daily basis. The following list is just a part of the many duties performed by the Bureau

- Investigate Crime scenes,
- Handle Evidence, Arrests, Interviews, and Interrogations
- Investigate Suspected or Actual cases of Child Abuse
- Investigate Suspected or Actual Exploitation of the Elderly
- Investigate Cause and Origin Investigation of Fires
- Oversee the Michigan Incident Crime Reporting System (MICR)
- Handle Narcotic Related Investigations
- Conduct Liquor Licensing Investigations and Enforcement
- Handle Handgun Licensing and Registration
- Act as the Keeper of the Records

When the Detective Bureau successfully completes the investigation of a criminal matter, whether by arrests or other clearance measures, the case is considered closed or cleared. The **Clearance Rate** is based on the closure of these cases. In 2009 (latest data available) the average clearance rate for Michigan law enforcement agencies was 31.6% overall.

Below is the four-year **Clearance Rate** percentage for all crimes as reported to the State of Michigan for the Grosse Pointe Park Department of Public Safety.

## Overall Crime Clearance Rate

State 2009	2010	Grosse Pointe Park 2009	2008	2007
31.6%	53%	51%	52%	52%

The Detective Bureau also continues to coordinate the Wayne County Forensic Child Interview Program (Kids-TALK) for eastern Wayne County agencies. The Kids-TALK program provides a child friendly interview environment for children who have reported alleged child sexual abuse or physical abuse.

# Youth Services and Bike Patrol

## Youth Services Unit

The Youth Services Unit (YSU) continues to be a valuable asset to both our community and the Public Safety Department. The department is staffed by an YSU officer 24 Hrs a day. As situations arise involving our youth, an YSU officer can be assigned to begin accessing the situation and formulating a proper response.

YSU has consistently supported the Grosse Pointe Public School system. Officers continue to provide instruction on topics such as fire safety, bike safety, stranger awareness they also provide valuable instruction at the district sponsored, Safety Town program.

Some of the cases YSU officers investigated this past year involved child neglect, domestic violence, assault and weapon offenses. YSU officers are also charged with the responsibility of preparing case work for Juvenile Court proceedings.

## Bike Patrol

The Grosse Pointe Park Bike Patrol was formed in 2002 and serves the Department 24 hours a day with a consistent presence to support the objectives of the uniform division. Utilizing the community policing concept, these officers take great pride in their ability to serve the merchants, the residents and the youth of our community.

Bike officers, with their increased visibility and approachability, are reminiscent of the foot beat officers of days gone by. Bike patrol officers are assigned to the West Park Farmers Market on Saturdays in the summer and have made hundreds of contacts with the merchants, citizens and the youth in our Community to promote a positive, friendly and professional image of our Department.

# Education/Seminars/Training Courses

There is an enormous wealth of educational and training courses available through professional organizations, specialized training consultants, local colleges and universities, and online training resources. There are also several employees who are certified in different skills and they participate in regular updates to maintain certification. The following is a list of the courses and seminars attended during 2009 as well as the number of officers trained and total hours involved:

Whenever feasible, personnel are assigned to attend classes that meet the Department's needs.
